ERAS AND CYCLES.

The year of the Julian period 6587. •

The year 5635 of the Jewish Era commences on September 12, 1874.

The year 1291 of the Mahomedan Era commences on February 18, 1874, and Ramadan (month of Abstinence observed by the Turks) commences on October, 12, 1874.

The Hindoo year 1281 commences on April 13, 1874.

CHRONOLOGICAL CYCLES.

Golden Number.....	13	Dominical Letter	D
Epoct	12	Roman Indiction	2
Solar Cycle	7	Julian Period.....	6587

The Solar Cycle, or Cycle of the Sun, is a period of 28 years, in which all the varieties of the Dominical Letters will have happened, and they will return in the same order as they did 28 years before. This Cycle commenced nine years before the Birth of Christ.

The Lunar Cycle or Cycle of the Moon, commonly called the Golden Number, and sometimes the Metonic Cycle (from Meton, an Athenian, who invented it about 432 years before the Birth of Christ) is a revolution of 19 years; in which time, the conjunctions, oppositions, and other aspects of the Moon are within an hour and a half of being the same as they were on the same days of the months 19 years before. The prime, or Golden Number, is the number of years elapsed in this Cycle. At the Birth, the Golden Number was 2.

The Roman Indiction is a period of 15 years, used by the Romans for the time of taxing their provinces. Three years of this Cycle had elapsed at the Birth of Christ.

The Julian Period contains 7980 years, and arises by multiplying together 28, 19, and 15, being the Cycles of the Sun, Moon, and Indiction. This was also contrived as a period for Chronological matters, and is assumed as a correct and fixed rule in calculations by all the Astronomers and Chronologers throughout the Christian world. Its beginning is supposed to have commenced 710 years before the usual date of the creation of the world, or 4714 before the commencement of the Christian Era.

ECLIPSES IN 1874.

May 1.—Eclipse of the Moon visible at Calcutta. Eclipse begins at 7-48-1 P. M. and ends at 11-4-26 P. M.

October 10.—Eclipse of the Sun visible at Calcutta. Eclipse begins at 4-29-33 P. M. and ends at 6-38-3 P. M.

Find the Sunday letter of the year in Table I. Look for the same letters in Table II. in the same horizontal line with the name of the given month, and over it are all the Sundays in that month. For Leap Year use the Sunday letter above the blank which precedes the year, for January and February use that which is above the year for the other ten months.

Example.—Find the 24th of October 1836. The Sunday letter in Table I. above the year 1836 is B. Look for B. on the right of October in Table II., and over it are all the Sundays in October, viz., the 2nd, 9th, 16th 23rd, & 30th. The next line is of course all the Mondays in October; so that the 24th is on a Monday. The following line is all the Tuesdays in October, and so on.

This is one of the most delightful months in the year. The days are cool, the mornings and evenings damp.

The thermometer ranges in the shade from 52° in the morning to 65° in the afternoon.

In the market will be found beef, mutton, veal, lamb, pork, kid, poultry, &c., of the best and most superior kind.

Game is to be had in great abundance—snipe, duck, teal, &c.

The fish market is well supplied at this season with beeky (the salmon of the East), moonjee, rowa, cutlah, quoye, sowles, sillihi, bhola, cols, bangpattah, and many of inferior descriptions.

Vegetable of all kinds are in the highest state of perfection; the markets abound with green peas, cauliflower, cabbages, turnips, yams, potatoes, carrots, spinach, greens, cucumbers, radishes, calary, lettuce, young onions, knol kholo, kochoo, French beans, seams, brinjalls, red and white beet, &c., &c.

The fruits in season are Sylhet and China oranges, lequats, plantains, pine apples, sugar caucs, plums, guavas, country almonds, limes, and tippance.

THE beginning of the present month is generally cool and comfortable, particularly if the northerly wind prevail; the weather afterwards becomes less pleasant till a change of season takes place about the end of the month.

The Thermometer in the shade ranges on a medium from 58° in the morning to 75° in the evening.

The measles in children are very prevalent during the whole of this month.

The meat market continues good and abundant.

The fish market has the addition of the small hilsah (Indian mackerel)

The additional vegetables for this month, are asparagus, pumpkins, and young cucumbers; and fruits—custard-apples, mulberries bull and small water-melons.

The weather gets warmer day by day.

The Thermometer ranges in the shade from 68° in the morning to 82° in the afternoon.

Various operations of husbandry generally commence this month as soon as the ground is moistened by rain ; this, however, sometimes happens at the latter end of February, and then it is occasioned by an unusual quantity of rain.

The meat market continues good.

Fish is in abundance, and the market has the addition of the gooteeb, a small and well-flavoured fish.

Green peas and turnips disappear this month ; salad, cabbage, carrots and celery are on the decline, but, asparagus and potatoes continue excellent ; green mangoes and unripe footees are to be had, also amirch, greens, and water-cresses. Fruit is also plentiful—large water-melons appear about the middle of the present month, and continue in perfection till the middle of June.

The north-westerns with thunder, lightning, and rain generally commence about the termination of this month.

The beginning of this month is sometimes pleasant, particularly if the north-western are frequent; but the middle and latter parts are disagreeable in the extreme; it is one of the bad months in the year.

The Thermometer ranges in the shade from 80° in the morning to 90° in the afternoon and when exposed to the sun it rises to 110°.

This is an unfavorable season for meat which begins to be flabby and poor, the fat spongy and yellow. The fish market has the addition of the mango-fish, a sea fish, so called from its annual visit to all the Bengal rivers at this (the mango) season to spawn, it disappears about the middle of July. The carp and mungor can also be had in this month.

Potatoes, asparagus, onions, cucumbers, and few cabbage sprouts are the only vegetables to be procured.

Water-melons and musk melons are in great perfection; there is not much fruit now to be had in the market. Green mangoes for pickling, and carands for tarts are in great abundance.

The present is considered the very worst month in the year, it being parching hot and there being no rain. The thermometer ranges in the shade from 85° in the morning to 95° in the afternoon; if exposed to the full influence of the sun's beams, it will rise to 130° and sometimes higher.

The weather this month is most oppressive, especially the latter half; the wind continues southerly and the heat is scarcely bearable. Of all the months in the year the present is the most trying. The heat in the first half of the month is sometimes relieved by north-westerly winds accompanied by refreshing showers.

The meat market is very inferior to last month.

The fish continues good and abundant, the becky excepted. Mango-fish is in great perfection this month. Asparagus, potatoes and cabbage sprouts with indifferent turnips, sweet potatoes, cucumbers, and onions are nearly all the vegetables now in the market; pumpkins and cucurbitaceous roots are, however, procurable. Grapes of the largest size, peaches, pine-apples, limes, rose-apples, mangoes, Jack, Fiches, jumbies, wampoes, together with water-melons, musk-melons, pomegranates, papas, custard-apples, &c., &c., are in season.

THE South-West monsoons with the periodical rains set in about the middle of this month.

The Thermometer in the first part of this month rises frequently to 99° in the shade at noon; from about the 15th, if the rains commence, the heat subsides.

The weather throughout the whole of this month is pleasant or oppressive, according to the quantity of rain which falls; if the weather be dry, the heat is scarcely bearable; it is generally very close; not a breath of air from any quarter; but if the rains commence, as they are expected to do (in regular seasons) between the 10th and 20th of the month, the air is refreshing, and the weather not uncomfortable.

Went, as must be expected, very indifferent.

The fish market much the same as last month.

Asparagus and potatoes, onions and Indian corn are the principal vegetables that remain.

Mangoes and mango-fish in great abundance and perfection. The Bombay mangoes can be had in the market this month; they come next to the Malda in flavor and quality. Guavas, peaches, liches, &c., disappear this month. Custard-apples, pine-apples, jack and guavas are in great perfection.

This month is attended with much rain, the winds are light and variable; weather frequently gloomy and sometimes stormy with heavy falls of rain; whilst at intervals, it is fair, mild, and the temperature agreeable. The Thermometer ranges in the shade from 80° in the morning to 89° in the afternoon.

Meat continues lean and poor.

The fish market continues good. The moonjce, the rowa, the cutia, the quoye, the sowlee, the mahgoor, chingree, the tangra, and the chuuch are procurable all the year round. The bilas (or sabla) fish makes its appearance this month; this fish is delicious either boiled, baked or roasted, but it is very rich. This fish on being cured with tamarind forms a good substitute for herring; it is then known by the appellation of the "Tamarind" fish.

The vegetable market is very indifferent—asparagus is in season, but potatoes become poor and watery. Young lettuces, cucumbers, and sweet potatoes are now procurable; also cumranga and corunja.

Mangoes and mango-fish both disappear this month.

Fine apples, custard-apples, jacks, and guavas continue in season. The true Malda mangoes may be had this month; they are undoubtedly the best, and are large sized and rare to be had.

14 the present month rain is most copious.

The thermometer ranges in the shade from 80° in the morning to 90° in the afternoon.

Light and variable winds prevail during the month; occasionally thunder and lightning.

The meat and fish market much the same as last month.

The vegetables procurable are salad, asparagus, cucumbers, brinjals, muskum seam (a kind of French beans), radishes, turnips, cabbage sprouts and some indifferent potatoes; Indian corn, cucumbers, spinage and such like are to be had all the year round, but they are tasteless, except at this season when they become firm and palatable.

Pumpkinose (shutok) appears this month; pine apples, custard-apples and guavas continue in perfection; avigato pear is sometimes procurable.

The rains commence to subside during this month.

The wind continues light and variable attended with occasional cloudy weather.

Day and night equal on the 22nd of this month.

The Thermometer ranges from 80° in the morning to 85° in the afternoon.

The meat market much the same as last month.

The fish market experiences but slight improvement, for although there is abundance, yet it is not always firm and good, except the beeky, which becomes larger and better flavored. The following are also in the market:—the bholu, demy tangra, gonteh, bhengris, gongtorah, kowatootee, pyrah-chanda, and shell-fish (bagda chingree).

Vegetables are very indifferent; yams generally come into season about this time.

In the fruit market small oranges make their appearance, but are very acid. Custard-apples, pine-apples, guavas, and pumplineose continue in season.

The first half of this month generally yields a good supply of rain, and the rainy season breaks up generally by the middle of the month.

The Thermometer ranges in the shade from 78° in the morning to 85° in the afternoon.

The winds are in general light and variable during the month, veering from south to N. W., thence to north and N. E.

As soon as the weather sets in fair, it is the proper time to commence gardening.

The meat market begins to revive, and the fish market to improve, the beefy becomes firm and the other fishes proportionably good; snipes make their appearance.

Vegetables and fruit continue much the same as last month till the latter end of the present month, when, if the season is favorable, both experience a considerable improvement.

Oranges become larger and better flavored, and custard-apples continue in great perfection.

Young potatoes sometimes make their appearance this month, but they have very little flavor; they are small and watery. Pomegranates are procurable, also kutball or wood-apples.

The weather is clear and settled, and most delightful. This and the two succeeding months can hardly be equalled in any other country for their mild and genial character.

Light northerly winds prevail this month.

The thermometer ranges from 70° in the morning to 75° in the afternoon.

The seeds committed to the soil during the last and present month start into life with vigour.

The meat market looks wholesome; beef, mutton, veal, pork and poultry become firm and good.

Game comes in also this month in considerable quantities—wild duck, snipes, teal, &c.

Fish is procurable in abundance such as beeky, bangpatta, gongbom, mingul, carp, and manye-fish without roa.

The vegetable market begins afresh this month by the introduction of green peas, new potatoes, lettuce, greens of different kinds, spinach, radishes, and turnips.

In the fruit market may be had oranges, lemons, pummeloose, custard-apples, papias, plantains, coccunut country almonds, pomegranates, cutball, &c.

THE weather continues cool and pleasant throughout the month, with a light northerly wind.

The days and nights are cold and clear.

The Thermometer ranges from 65° in the morning to 70° in the afternoon.

The meat and fish markets are in great perfection, both as to quantity and quality; games of all kinds in abundance.

The vegetable market is excellent, yielding green peas, young potatoes, lettuce, young onions, radishes, small salad, sweet potatoes, French beans, seams, brinjalls, yams, carrots, turnips, greens, young cabbages, and cauliflowers.

The fruit market continues much the same as last month. Brazil currants (tipperae) make their appearance this month, together with bail and other fruits.

The year is also divided into twelve months.

To know how many days are in each month, observe :

Thirty days hath September,
 April, June, and November,
 February has twenty-eight alone,
 And all the rest have thirty-one.
 (Except in Leap-year, at which time,
 February's days are twenty-nine.)

Every fourth year is called Leap year, and consists of 366 days.

MISCELLANEOUS TABLES.

INTEREST TABLES.

FOR CURRENT GOVERNMENT SECURITIES.

Rules observed at the Treasury for the calculation of anticipated interest on New Loans and Interest generally.

1. Interest to be paid by the month : each month to be taken as one-twelfth of a year, and to consist of thirty days or parts.
2. In cases where it may be necessary to calculate interest on the fractional parts of a month of thirty-one days, the extra day is to be struck out.
3. Application of above Rule to a Loan on which the half-yearly interest falls due on the 31st December and 30th June of each year.
4. A person subscribing on the 27th October would be entitled to Anticipation Interest from 27th October to 30th December, for two months and three days, thus :
5. From 27th October to 26th December, for two months or two-twelfths of a year.
6. From 27th to 30th December, three days or three-thirtieths of one-twelfth.
7. A person subscribing to the Loan on the 29th December would be entitled to only one day's Anticipation Interest, on the 30th he would not be entitled to pay.
8. A person subscribing to the three-and-a-half per cent. Loan on any day in that month previous to the 28th February 1854, is entitled to interest from the day of subscription to the 27th February, both days inclusive, and for each day he will receive one-thirtieth of one-twelfth—thus : if he subscribes on the 3rd February, he will receive twenty-five-thirtieths, and if on the 1st February, twenty-seven-thirtieths, of a month's interest.

CON. and Co. MANAG. PART.

NEST ASSAM TEA

The proprietor of the Gooliskee Tea reserved the finest portion of this season's crop for local consumption, it is now for sale by the undersigned at the following rates :—

Finest Pekoe,	Rs. 1-8	per lb.	
Pekoe Souchong	„ 1-4	„	In 2lb. Tins.
Congou	„ 1-0	„	

The greatest care has been used in the manufacture and packing of this tea, so as to secure that delicious aroma for which the Assam varieties are celebrated, and which are generally wanting in the qualities at present offered for retail sale in Calcutta.

GARDENER'S CALENDAR.

VEGETABLES.

From this month forward vegetables of every kind will need to be constantly watered, and if once in a week with liquid manure, at the roots.

Water Cucumbers every day copiously.

Make sowings of Radishes, Mustard, Cress, Spinach, and Lettuce for a succession. In the warmer provinces Peas may also be sown during this month; but not in Bengal. Sowings of Peas may now be made for young plants to preserve through till the following season, if thought worth the while.

Put out young plants of Cabbages and Kohl-Kohl to fill up vacant places in beds. Put out young Celery plants for succession.

Celery will now be in a condition fit for earthing up to blanch.

Keep a few plants of Lettuce, Mustard, and Cress for seed. Reserve one or two of the earliest formed heads of Artichoke for seed in Bengal: it is not necessary to do so in Upper India.

The plants should now be taken up for the manufacture of Tapioca and Arrowroot.

FRUITS.

Strawberries will now be blossoming and fruiting, and will require to be well watered; and nets or other means provided to protect them from birds.

Water Loquats copiously.

Fig-trees, Peaches, Plums, and Grape-vines should now be pruned.

ORNAMENTAL PLANTS.

Commence giving surface-dressings of fresh cow-manure to Roses.

Chrysanthemums will have done flowering, and should be taken out of their pots, pulled to pieces, and put out in a nursery-bed for a supply of new plants.

The following plants will be much benefited by being well pruned in at this season:—

Allamandas.	Ixoras.	Malvaviscus arboreus.
Bignoniæ.	Jasminum.	Mussaenda.
Hamelias.	Jatropha panduræfolia.	Nyctanthus.
Hibiscus mutabilis.	Lagerstrœmia.	Quisqualis.
— — — rosa sinensis.	Lantana.	Tecoma.
— — — Syriacus.		

FEBRUARY.

VEGETABLES.

Little can be done during this month in the cultivation of European vegetables, except copiously watering those that are already in the ground.

Sowings of Lettuce, Mustard, and Cress, may still be made.

To Peas that are reserved for seed, less and less water, if any, should be given as they ripen.

FRUITS.

Water Loquats liberally, as well as Peach, Plum, Lichee and Mango trees, as soon as the fruit is set.

Earth up and water Pine-apples.

Fertilise Vanilla flowers.

Sow seed of Water-melon.

ORNAMENTAL PLANTS.

This is the best season for transferring such Orchids as require it to new pots or baskets.

Hoyas will be starting into growth, and should either have the soil in the old pots partially changed, or be potted anew; they will now bear dividing, so as to make several plants out of one.

Re-pot or re-plant *Caladiums*, *Arum pictum*, *Manettia cordifolia*, *Cyrtopora flava*, *Hibiscus Jerroldianus*, *Gloriosa*, &c. &c. the plants that have been lying dormant during the Cold season, as well as the several species of *Crinum*, *Globba*, *Pancratium*, *Alpinia*, *Begonia*, *Hippastrum*, and *Kandalaria*.

Put in the border *Petunias*, *Phloxes*, &c.

Sow seeds of *Poinciana*, *Tecoma*, &c.

Pot off the choice kinds of *Roses* raised from cuttings laid down in November, and keep them in the shade, well-watered.

Roses now may be layered with success.

MARCH. VEGETABLES.

About the middle of this month remove the soil from the stools of *Asparagus* and cover them over again immediately with fresh soil, well enriched with old manure, and commence watering copiously.

Take up *Carrots* and *Beet*, and store them in pots of dry earth for future use.

Take up and store *Onions*.

At the beginning of this month, in the Upper Provinces, seeds of *American Squash* should be sown.

The stumps of *Cabbages* that have been cut should be allowed to remain, and be watered, as by their sprouts they will afford nice gatherings for the table for some time to come.

Dry the leaves of *English Sage* and *Thyme*, and store in bottles.

Make sowings of *Parsley* in a shady place.

FRUITS.

Lichees will be ripening; cover the trees betimes with nets, to save the fruit from birds.

Well water *Peach*, *Plum*, and *Mango* trees, and *Grape-vines*.

Fertilise *Vanilla* flowers.

Cut back closely all wood, of last year's growth, of *Bæd* trees.

This is the season both in *Bengal* and *Upper India* for sowing the seeds of fine kinds of *Melons*.

Thin out *Plantains*, remove the soil from the roots, fill in with fresh cow-manure and water liberally.

ORNAMENTAL PLANTS.

Withhold water from *Dahlia*s, and when the stems have died down, take up the tubers and store them in pots of earth or sand in a dry godown.

Treat in the same way the several species of *Oxalis*.

Withheld water from *Gloxinia maculata*, *Lilium longifolium*, and *Richardia Ethiopica*, and when the stems and leaves have died down, remove the pots, with the bulbs within them undisturbed, to some dry godown, till the time of re-potting in the following October. Other bulbous and tuberous-rooted plants of a similar description should, of course receive similar treatment.

Cut well back the wood of last season's gr. wth of shrubs, such as *Poinsettia*, *Holmskioldia*, *Hamiltonia*, *Phlogacanthus*, *Aphelandra*, *Buddlea*, *Thumbergia*, and *Cassia alata*, that have lately finished flowering.

Euphorbia jacquiniiflora should be treated in a similar way, and the cuttings inserted in pots of sand kept in a sheltered place and well watered: they will afford a nice stock of new plants.

Take up the choicer kinds of *Verbena* to pot, and keep under shelter during the Rains.

APRIL. VEGETABLES.

Little can be done now in the cultivation of vegetables.

Well water *Asparagus*.

Gather seed of Onion and Salsify.

Put Yams in the ground and construct trellis-work for them to trail upon.

FRUITS.

Water Melons unremittingly.

Keep Strawberry-plants watered while the Hot season lasts.

ORNAMENTAL PLANTS.

The leaves of *Gladiolus* and some other bulbous plants will be dying down. The pots containing them should be removed to some dry place, where they may remain till the time for re-potting comes round again.

Achimenes, which at this time will be starting into growth, should be potted and well watered as soon as they appear above ground.

MAY.

VEGETABLES.

Asparagus will now be in season, and the beds must be kept most plentifully watered.

Lettuce may be raised in a shady place from acclimated seed. Beyond this there is nothing that can be done as regards European vegetables.

At the close of the month is the proper time for sowing most native vegetables; the several kinds of country Beans, Cucumbers and other Gourds; of Maize, Ochro, Brinjals, &c.

This is the period likewise for planting Ginger, Arrowroot, Jerusalem Artichoke, Kuchoo or Ghoyan, Sweet Potatoes, and the Tapioca plant.

FRUITS.

Continue to water Pine-apple.

This is the proper season for inarching and making gootees or layers of all the different kinds of fruit-trees.

ORNAMENTAL PLANTS.

There is little to be done in this department besides watering abundantly young and choice plants.

JUNE.

VEGETABLES.

Maize and the ordinary country vegetables may still be sown. There is nothing that can be done as regards European vegetables.

FRUITS.

Seeds of Mango should now be sown for a supply of stocks for inarching upon.

The operations of gootee, layering, and inarching may still be carried on, and cuttings laid down to strike.

ORNAMENTAL PLANTS.

The slips of *Chrysanthemum* laid down in January will now have become large plants. They should be taken up from the nursery-bed and pulled apart; and each rooted slip be potted in a single pot, and those of the choicer kinds put under shelter before the heavy rains set in.

For potted plants, which are to be left exposed to the weather during the Rains, bricks should be laid whereon the pots may rest, out of access from worms.

At the end of this month cuttings of most tropical plants may be put down for striking.

As soon as the Rains have set in, examination should be made to ascertain where plants are liable to suffer from the lodgment of water around them, and the speediest means that can be devised be taken for draining it off.

JULY.

VEGETABLES.

During this month sowings of most native vegetables, such as Brinjals, Ochro, Pulwals, Cucumbers, and the different kinds of runner Beans and Gourds may be continued.

Arrowroot, Ginger, Turmeric, and Jerusalem Artichokes about this time will require earthing up.

FRUITS.

The crowns of Pine-apples, of a fine kind when wrenched off should not be thrown away, but inserted in pots of sand under shelter. If watered regularly, they will soon form beautiful healthy plants.

This is the best time for budding Peaches, Plums and trees of the Orange and Lemon tribe.

Sow Indian Sorrel and Cape Gooseberry.

ORNAMENTAL PLANTS.

At this season sow seeds of

Amaranthus.	Ipomoea rubro-cerulea.	Quamoclit.
Calonyction.	Martynia diandra.	Sesamum.
Carthamus.	Nicandra physaloides.	Spilanthus oleracea.
Cockscombs.	Nicotiana.	Sunflowers.
Dahlia.	Pentapetes phoenicea.	Zinnia.
Datura.		

On examining Dahlia tubers that have been stored away in pots of earth or sand it will very likely be found that they have begun to make shoots; if so, they should be potted immediately.

Gloxinia maculata will now require to be re-potted.

Now is the most favourable time for budding Roses.

This is the most successful season for striking cuttings of all tropical plants, which can be propagated in that way.

Cuttings also of Rose Edouard, Devoniensis, and the China Roses will strike at this period.

AUGUST.

VEGETABLES.

Sowings of Celery should now be made in pots, under shelter from the Rains. The seed will be slow in germinating; but it is important that plants should be brought as forward as possible for planting out when the Rains are over in October.

At this time also Asparagus-seed should be sown, for a supply of plants to make new beds within October, if needed.

Sow the small kind of Tomato.

FRUITS.

It will be found that Peaches, Plums and the Orange and Lemon tribe, may now be budded successfully.

Cuttings also of the Orange tribe now laid down will strike readily.

The fruit of Guavas, Custard-apples, and Pomegranates should be tied up in fine muslin, to protect them from the attacks of birds and vermin.

Now is the season for planting out suckers or offsets of Pine-apples.

ORNAMENTAL PLANTS.

Roses may be budded successfully during this month.

Stephanotis floribunda and many of the choicest tropical plants may now be propagated by cuttings in sand under glass.

SEPTEMBER.

VEGETABLES.

Make sowings of Patna Pea.

Commence sowings of Cauliflower, Cabbage, Knol-Khol, and Artichoke in pots under shelter, or on a raised piece of ground under a hoogla, in order to have plants well forward for putting out in the open ground as soon as the Rains are over.

FRUITS.

Peach-stones, sown now, will come up in February, and afford stocks for budding upon in August.

Prune away the lowermost leaves of Cocoa-nut-trees.

ORNAMENTAL PLANTS.

Sowings of German Aster, Heartsease, and Cineraria should be made this month, as these plants take a long time to mature for blossoming favourably.

At the beginning of this month sow Balsams.

Richardia Ethiopica and the several species of Oxalis will now be moving. They should be potted and brought to the light immediately they appear above ground.

This is the season for a general pruning of Rose-trees.

OCTOBER.

VEGETABLES.

As soon as the Rains are well over, no time should be lost in preparing the ground and making sowings of Turnips, Carrots, Peas, Beans, French Beans Lettuce, Tomato, Spinach, Endive, Salsify, Mustard, Cress, Radishes, Beet, Onions, and Leeks.

Sow in Bengal English Cucumber-seed and American Squash

Put out in their places in the open ground young plants of Cauliflower, Cabbage, Khol-Kohl, Artichoke, and Asparagus.

FRUITS.

Now is the season for making up Strawberry-beds and putting in the plants.

In the Upper Provinces gather Putwa, before it is injured by the cold.

Sow Seeds of

Almonds.	Guava.	Plums.
Avocado Pear.	Hog-Plum.	Pumelo.
Bencoolen Nut.	Khirmee.	Strawberry.
Cowa mangosteen-	Lichee.	Wampee.
Custard Apple.	Peaches.	

ORNAMENTAL PLANTS.

About the middle of this month is the time for making sowings of all the English Annuals, either in pots or on a raised border under a hooga.

Pots containing bulbs of Lilium longifolium should be well soaked with water; and about twelve hours afterwards, the soil being thus rendered perfectly loose, the bulbs should be carefully taken out and re-potted.

This is the best time for imported bulbs to arrive for potting, such as Hyacinths, Anemone, Ranunculus, and the several kinds of Narcissus, Iris, Ixia, &c.

Re-pot

Aloysia citriodora.	Geraniums.	Lophospermum.
Antirrhinum.	Geum.	Pinks.
Carnations.	Habrothamnus.	Plumbago rosea.
Centradenia.	Heliotrope.	Scabions.
Columbine.	Hydrangea.	Sweetwilliam.
Daisies.	Iris.	Verbenas.
Fransiscea.	Linum.	Violet.

In Upper India repair the paths.

NOVEMBER.

VEGETABLES.

Make succession sowings of Peas, French-Beans, Turnips, Carrots, Radishes, Lettuce, Beet, Mustard, and Cress.

Thin out betimes Turnips, Carrots, and Beet.

Make succession plantings of Cauliflowers, Cabbages, Khol-Kohl, Lettuce, and Celery.

Stick Peas before they begin to fall about.

Earth up Potatoes.

Yams are now fit to be taken up for use.

Plant out Onion-bulbs for obtaining a crop of seed from in April.

Take up Mint and plant it in a fresh soil, well enriched.

FRUITS.

Ry the end of this month it is well to lay open the roots of Mangos, and also of Peaches, plums, and Grape-vines, and to withhold water entirely, in order to accelerate the fall of the leaf and the ripening of the bearing wood.

. ORNAMENTAL PLANTS.

This is the best season for putting down cuttings of all kinds of Roses, and indeed of most exotics natives of a colder climate.

The several species of Canna may now be dug up, parted, and planted in fresh ground.

DECEMBER.

V E G E T A B L E S.

Make sowings of Radishes, Mustard, Cress, Lettuce, Peas, and French-Beans for succession.

Put out fresh plants of Knol-Kohl, Cabbage, Cauliflower, and Celery.

The most advanced crops of Celery will be now in a condition for earthing up to blanch previous to use.

Water well Celery, Squashes, Radishes, and Asparagus seedlings.

Witheld water from old Asparagus plants, that they may die down and go to rest.

FRUITS.

Gather Roselle.

Well water Cape Gooseberries. In the North-West Provinces the Plants should be covered in at night during the cold months, or they will be much injured by the cold, and the fruit will not ripen.

Place seedling Bilimbis in a warm sheltered place during the cold months.

Prune Fig-trees, Peaches, and Grape-vines.

Towards the close of the month cover again the roots of fruit-trees that had been exposed, with fresh well-enriched soil.

ORNAMENTAL PLANTS.

Put down cuttings of Aloysia citriodora, Heliotrope, Geranium, Pinks, Carnations, Habrothamnus, and Verbenas.

Allow to dry down Arum pictum, Gesnera tubiflora, Spreckelia, the varieties of Caladium, and such-like potted bulbous plants.

In the North-West Provinces cover over at night, to protect from frost, young Heliotropes, Tropaeolums, Canary Creeper, and seedling Menhdee plants.

Keep under the shelter of a warm verandah Ixora Javanica, Hoyas, and Vanilla plants, that are in pots.

Make succession sowings of such quick-growing things as Browallia, Linaria, Cuphea Mignonette, French Marigold, and Convolvulus Major.

German Asters, Cinerarias, and Pansies will require repotting in a richer soil.

NOTES ON SOME ORNAMENTAL PLANTS,
SHRUBS AND TREES.

[The preceding Calendar and the following Notes, the Compilers beg to state are extracted from Firminger's *Manual of Gardening for Bengal and Upper India.*]

ANNUALS.

FEW persons perhaps, who in this country care to cultivate a flower-garden at all, would be willing to dispense with Annuals.

PART II.]

Gardener's Calendar.

For those who do not desire to cultivate more than a limited few, I subjoin a list of such as are never likely to cause disappointment in flowering, if only the seed prove good and germinate.

<i>Acerolinum roscum,</i>	<i>Delphinium.</i>	<i>Mimulus.</i>
<i>Ageratum Mexicanum.</i>	<i>Dianthus Chinensis.</i>	<i>Nemophila insignia.</i>
<i>Aster Chinensis.</i>	<i>Didiscus cæruleus.</i>	<i>Petunia.</i>
<i>Brachycome iberidifolia.</i>	<i>Gaura Lindheimeria,</i>	<i>Phlox.</i>
<i>Browallia elata.</i>	<i>Iberis.</i>	<i>Portulaca.</i>
<i>Cacalea coccinea.</i>	<i>Ipomœa limbata.</i>	<i>Reseda odorata.</i>
<i>Calendula pluvialis.</i>	<i>Linaria.</i>	<i>Rhodanthe Mangiesii.</i>
<i>Calliopsis, of sorts.</i>	<i>Linum grandiflorum.</i>	<i>Salpiglossis.</i>
<i>Callirhoe digitata.</i>	<i>Lobelia ramosa.</i>	<i>Tagetes, of sorts.</i>
<i>Centranthus macropsiphon.</i>	<i>Lupinus, of sorts.</i>	<i>Tropæolum, of sorts.</i>
<i>Cuphea purpurea.</i>	<i>Malcomia maritima.</i>	<i>Whitlavia grandiflora.</i>

The following is a list of those the seeds of which should be sown in June and July :—

<i>Amaranthus tricolor.</i>	<i>Desmodium gyrans.</i>	<i>Nicotiana, of sorts.</i>
— --caudatus.	<i>Exacum teragonum.</i>	<i>Nicandra physaloides.</i>
— --hypochondriacus.	<i>Gomphrena Globosa.</i>	<i>Pentapetes phœnicea.</i>
<i>Carthamus tinctorius.</i>	<i>Hibiscus giganteus.</i>	<i>Quamoclit vulgaris.</i>
<i>Celosia cristata, and</i>	<i>Lindleyi.</i>	<i>Sesamum Indicum.</i>
varieties.	<i>Ipomœa rubro-cærulea.</i>	<i>Spilanthes oleracea.</i>
<i>Crotalaria juncea.</i>	<i>Martynia diandra.</i>	<i>Zinnia elegans.</i>
<i>Datura of sorts.</i>		

In the case of most Annuals the time for sowing the seed is when the rains are over, about the middle of October. In the Upper Provinces the sowing should take place as soon as the abatement of the heat will allow, in order that the seedlings may be well advanced before the weather sets in at its coldest, during which period they remain quite stationary, making little or no growth whatever. *Nasturtiums*, for instance, with the pretty *Canary Creeper*, must be sown in time to make a good growth before the frosty nights come, when they have to be carefully protected from the cold. If the sowing be deferred till the Cold season is over, the plants will be killed by the approach of the Hot season before they have put forth a blossom.

In Bengal again there are certain of the Annuals which take the whole of the time that the cold weather lasts to complete their growth, and only come into blossom just at its close. If the seeds of such kinds be not sown very early, it amounts almost to a certainty, that the plants will die without flowering. Among these in particular may be mentioned *Cineraria*, German *Asters*, *Jacobaea* and *Salpiglossis*.

Others on the other hand, blossom within a much shorter period; of such it is advisable always to reserve a portion of the seed for sowing in November. Among these may be mentioned more especially *Nemophila* and *Larkspurs*, the seed of which will not germinate till the weather has become quite cold, and when sown early is liable to be lost before germinating.

Sowing Annuals in pots is, no doubt, the more sure and economical plan; for in that case the seeds are comparatively safe from the ravages of ants, of all things the most to be guarded against.

It is essential that the soil used should be of a loose description, so that there be as little risk as possible of breaking the tender thread-like roots of the seedlings in the process of what is called "pricking out." No better compost can be used than that recommended by Mr. Ross for the purpose, consisting of

Leaf mould	...	8 parts.
Common mould	...	8 parts.
Sand	...	1 part.

The seeds when sown should be covered with nothing more than a mere sprinkling of soil, pressed down upon them gently with the hand.

It is of the utmost importance that the seedlings should from the very first, have during the day, all the light and air that can possibly be given them short of absolute sunshine, and at night, when the weather will admit, be put out in the open air to receive the dew.

The mode of raising Annuals, however, attended with least trouble is to select a small plot of ground just of sufficient size for the purpose; well dig it, and make it very light

and mellow with vegetable mould, and perfectly level. Then divide it off into little compartments, and in each sow a different kind of seed, and affix a label. But a better plan yet, in my opinion, is to draw drills over the plot at the distance of half a foot between each drill, and sow in them the different kinds of seed in succession. It is thus known exactly where to look for the seeds to come up; when up also they are far more easily transplanted from drills than when the seed has been sown broadcast. Still, whichever plan is adopted, the whole plot must be sheltered from the sun during the day, and in bad weather at night, with a covering of hoogla, supported on a bamboo frame about three feet from the ground. About four-and-twenty hours previous the soil should be well drenched, so that at the time of sowing, without being wet and cloggy, it may be found moist and mellow.

"Annuals," says Sir J. Paxton, "with the exception of a few particular sorts, all will derive great benefit from being transplanted. It will check the natural exuberance of their growth, and promote the production of flowers." "I am convinced," says Mr. M'Meckin, head gardener formerly to the Agri-Horticultural Society, "that annuals in this country are improved by transplanting."

As a general rule for guidance in this matter, I have observed, with regard to all herbaceous plants, as well as Annuals, that those which love a rich damp soil, such as Mimulus, Nemophila, German Aster, Cineraria, Balsams, &c., in no way suffer, but are rather benefited by transplanting; while those plants the natural locality of which is a dry, arid soil, such as Lupinus, Portulaca Poppy, Eschscholtzia, Mignonette, &c. suffer severely and often irrecoverably from the process.

Seeds of Annuals, such as it has been stated suffer too great a check from being transplanted, may especially when seed is plentiful, be very advantageously sown at once in the border on the spot where they are to remain.

The seed must not be cast merely on the hard, dry soil of the border, but a little mellow leaf-mould or old well-decayed cow-manure be mixed up with the soil on the spots where the sowings are to be made.

Annuals in the border require daily watering.

FERNS.

In my opinion nothing can surpass in beauty a choice assortment of these plants tastefully arranged and in a healthy condition, and it seems strange that the ornamental glass Fern-cases, now so common in England, have not been introduced generally into the halls and drawing-rooms of Calcutta, to which they would be admirably adapted. "Ferns of many kinds," Mr. John Scott observes, "may be grown in Betle-houses but for a general collection of tropical species glass structures are absolutely necessary, in order that their young and tender fronds may be shielded from the scorching influence of the atmosphere throughout the Hot season." There are notwithstanding several species which will thrive satisfactorily enough under the shade of a verendah among other potted plants, and it is, by the contrast afforded by their foliage there that their beauty and grace can be more specially recognised perhaps than in any other situation. To confine them to Betle-houses, if intended for decoration, is unquestionably to sacrifice in a great measure the object for which they are grown.

The soil in which, according to my experience, Ferns thrive best is a mixture of cocoanut fibre and leaf-mould with sand. Mr. John Scott recommends a compost, one-half pieces of charcoal of about the size of a bean, and equal parts of vegetable mould, sand, and potshreds, and that repotting should be done in the Cold season.

They are usually grown in pots. Place three or four large pieces of brick at the bottom of the pot, so as to fill it more than a third way up. Upon these lay the Cocoanut fibre, scattering it over with leaf mould as the pot is gradually filled to the top. The Fern may then be planted, and a few large pieces of brick should be laid on the surface of the soil to keep it fixed and steady. With few exceptions they may be multiplied easily by division.

Ferns may also be raised from seed. The plan perhaps best to be pursued is to fill a shallow pot with the materials and in the manner just described, finishing with a smooth layer of sandy leaf-mould within an inch of the top. Lower the pot into water to the rim, till the water, rising through the hole at the bottom of the pot, soaks the whole of the contents. Then take it out, scatter the spores lightly over the surface, and cover with a piece of glass. When the soil appears to be getting dry dip the pot again into water as before.

ORCHIDS.

For the successful cultivation of the larger part of this peculiar and delightful race of plants an atmosphere either naturally humid, or rendered so artificially, is absolutely essential. In the arid climate of the Upper Provinces it is hopeless to attempt to grow them, and even in the comparatively damp region of Bengal their culture is attended with no more than what may be called partial success. The Khasia Hills, Nepal, Assam, Java, and the locality of the Straits, are the native districts of large numbers, where the air is almost constantly saturated with moisture, and where they flourish in all their vigour and loveliness. In the locality of Calcutta there are a certain few only that can be cultivated with much satisfaction. Numbers, it is true, have from time to time been introduced and been seen to blossom beautifully; but it would be difficult as well as useless to enumerate them, as they have been here but the one season and gone the next. More especially may this perhaps be said of many of the superb species from tropical America and the Brazils, which have been imported of late years. These for the most part live in a lower temperature than they can obtain in this country; and their cultivation with success is as yet uncertain.

The following directions for propagating them equally applicable here as elsewhere, are given by Mr. B. S. Williams in his work, 'The Orchid Grower's Manual':—

"Some are easily increased by dividing them into pieces, or by cutting the old pseudo-bulbs from the plants after the latter have done flowering. Such plants as *Dendrobium* are increased in this way. The best time for this is just as they begin to grow, or when they are at rest. They should be cut through with a sharp knife between the pseudo-bulbs, being careful not to harm the roots. Each piece should have some roots attached to it. They should be parted and potted, and receive no water till they have begun to grow.

Dendrobium nobile, *D. Pierardii*, &c. are propagated:—

"1. By bending the old pseudo-bulbs round the basket or pot in which they are growing.

"2. By cutting old flowering-bulbs away from the plant; laying them on damp moss, and, when they make roots, potting.

Dendrobium Aggregatum, *D. densiflorum*, and similar, are increased by dividing the roots.

Acrides *Vanda* *Angucum*: *Sarcolabium*: *Reranthera*.

"1. Cut off the top of the plant, just below the first root.

"2. Take young growth, from the bottom of the plant.

Epidendrum *Cymbidium*: *Colonyne*: *Cattleya*: *Bletia*: and many others.

"Divide into pieces with portions of the roots attached, and a young bulb on the pseudo-bulb."

The period of the year when the plants are at rest is the same here as in England that is to say, from the beginning of November to the end of February. The close of this period is considered the fittest time for repotting them,—just as they begin to start into growth. Some, however, consider the month of June or July preferable for the purpose. Previous to potting it is laid down as indispensable that they receive no water for a few days. They should be elevated somewhat above the level of the pot. The principal point to be attended to is that they be provided with thorough drainage; for it is said that "although the plants are fond of moisture they never thrive, except the water has a free passage through the pot." But in connection with this it must also be remembered that here when they are in the condition of most vigorous growth, it is the driest period of the whole year. At this season, therefore, when they are most craving of moisture, frequent waterings must be given them, to counteract the perfect state of dryness to which such thorough drainage would soon reduce them. And herein indeed seems to consist the main difficulty in their cultivation—the making the drainage effectual, and the compensating, by a seasonable fresh supply of water, for that which by evaporation and drainage is so soon withdrawn. The difficulty is removed of itself when the Hot season is over and the Rains have set in: but then a difficulty of just the opposite tendency occurs. The plants now do not dry soon enough: damp stagnates, and mouldiness and rot ensue. The remedy is obvious,—abundance of fresh air, and all the ventilation possible.

For watering Orchids, when the collection is large, a brass syringe, made for the purpose, is all but indispensable. They for the most part rest from growth during the two or three months of the Cold season, previous to which watering should be gradually more and more abstained from.

Different modes of growing them are adopted, suited to the peculiar habit of each. Some thrive best fastened with moss upon the bough of a tree or upon a log some in open work baskets of wire or wood, and some few in pots.

When grown in pots, the system given by Sir J. Paxton, as that adopted by Messrs. Rollinson, is as follows:—

"Take a pot somewhat smaller than the one in which the plant is to be placed. Turn it upside down in the bottom of the said pot. This tends to fill up the pot, and assists the drainage very much—a very important object as these plants will not thrive at all if allowed to become saturated with water. Put large pieces of potshreds into the bottom of the pot, then above these smaller pieces, then a layer of peat, and potshreds in succession till the pot is filled. On these materials the plant is placed.

"It will be loose and ready to tumble over, if of such kinds as Cattleyas or Dendrobiums to prevent which, thrust into the compost some stout sticks; and tie each pseudobulb to each stick firmly. These will secure the plant, and give it a neat, tidy appearance."

When grown in suspended baskets, the materials with which the baskets are filled will be much the same as those employed in the system of potting above given. Peat, however, such as used in England, is not to be obtained in the plains of this country; therefore what comes nearest to it, leaf-mould, with which cocoa-nut fibre is well-intermixed, must be made use of in its place. Mr. John Scott informed me that the material he used was charcoal and cocoa-nut fibre exclusively with no crotks.

For many, lighter kinds of material than the above mentioned should be employed. *Acerides*, *Vanda*, *Saccolabium*, *Vanilla*, *Epidendrum nocturnum*, and *Dendrobium formosum*, thrive better in moss than in soil.

THE ROSE.

Those who are really fond of "the Queen of flowers," and desire to possess a collection of the finest Roses, I most strongly recommend to procure them direct from England. There is no other way of obtaining them so cheaply or so satisfactorily. Most persons here who possess choice Roses seem anxious to keep them as much as possible exclusively to themselves; and the few choice ones which native dealers have at their disposal, including the now not uncommon one *Elise Sauvage*, they sell at as much as four or five rupees a plant—more than twice the cost at which they can be imported.

It is generally supposed that the procuring of Roses from Europe is attended with considerable expense. This is a great mistake. "Dwarfs," by which are meant Roses on their own roots, as those are called that are raised from cuttings or layers, as well as those which are budded on the stock beneath the soil, and "Dwarf Standards," as those are called which are budded on stocks under two feet high, mostly cost a shilling each, and none except the very newest, that is, such as have been produced within the last two years, cost more than eighteen-pence. The cost of conveyance by Peninsular and Oriental Steamer of a package containing about fifty Roses is 2*l.* 14*s.* For case and packing the nurseryman charges 5*s.* There is no duty upon them. From these items, then, it will be seen that for sixty rupees (6*l.*) a package of fifty of the finest Roses grown may be obtained.

The layering of many Roses may be performed at all seasons of the year, but with some few of the choicer kind, such as *Gloire di Dijon*, it will prove most successful in February.

Mr. Errington very kindly communicated to me the following happy method he has adopted for layering Roses. He plunges a pot filled with soil in the ground, at the place where the layer is to be made, and layers the Rose in the usual way. This is done in February, shortly before the hot season. He then places another pot upon the soil of the pot in which the layer has been made; half fills this upper pot with earth, and keeps the remaining half always filled with water. The water slowly trickles down to the layer below and keeps it constantly moist. The layer is ready to be cut by the beginning of the rains.

The best season for laying down cuttings of Roses is undoubtedly in November. By March they become nice little rooted plants, and may then be taken up and potted off. Cuttings of vigorous and healthy growth from the Tea-Roses *Devonensis* and *Elise Sauvage* will, I have found, strike readily if put down in July during the rains.

I am indebted likewise to Mr. Errington, Head Gardener of the Agri-Horticultural Society, for the following particulars respecting his mode of raising Roses from cuttings. To strike them in he uses a mixture of one part of fine charcoal to three of sand. One advantage of this mixture, he says, is that the cuttings, when struck, will continue growing and thriving; but that when struck in sand alone, they must be removed and potted in soil, or they soon die. He always uses slips with heels of the old wood. He takes care to lay the heel of the slip against the side of the pot, but not the whole length of the slip. He says the mixture cannot be pressed too closely round the slips. He covers them with a bell-glass.

During one Cold season I made experiment on striking cuttings of Roses in bottles of

water. The ones I attempted were the delicate Tea-roses *Devoniensis*, *Elise Sauvage*, and *Peel's Rose*, and with each I met with complete success. The following I found the points essential to be attended to :

The water must be perfectly clean and pure, and changed frequently to keep it so. Not more than one or two slips must be put in the same bottle, or the water will become corrupt and the slips rot.

The slips must be of the youngest growth, foot-stems of a flower that has just blossomed and fallen off.

The bottles should be placed on the north side of the house, or behind some screen where they may have plenty of light without sunshine, and be sheltered from wind. An old box, without the lid, laid upon its side, with the outer surface of the bottom facing the sun, serves admirably for putting the bottles in.

Small vials do not contain water enough; ten-ounce confectionery bottles should be used; tumblers will do, but are rather inconvenient.

It is exceedingly interesting to watch the cuttings gradually form their callus, as they will completely do in about three weeks, and then some time after emit one or two white silvery fibrous roots. As soon as they do this they should be potted off at once.

The budding of Roses is performed with the greatest facility and success in the Upper Provinces, and by this method choice Roses may soon be multiplied there to any extent. The kind employed for a stock is the *Rose Edouard*, which grows there with great vigour, the bark yielding most freely to receive the bud. The operation may be performed in March, but much better at any time during the months of July and August.

In Bengal, from the difficulty of finding a stock the bark of which will separate freely, from the wood, budding is seldom or never attempted. I have not the least doubt, however that by a proper way of proceeding, budding may be resorted to there also as one of the most ready and satisfactory means of multiplying choice Roses.

When one has become possessed of buds of any valuable Rose an efficacious way of turning them to account would no doubt be, by sacrificing any common young Rose plant by cutting it completely down, removing the soil, and inserting the buds upon the stump or upon the root, the bark of which will always yield readily.

Grafting, or more properly inarching, is the practice that has been almost uniformly adopted in Bengal for the propagation of the choicer kinds of Roses,—in my opinion a very inferior mode of proceeding. The stocks employed for this purpose in the garden of the Agri-Horticultural Society are of the *Rosa gigantea*, and the China Rose *Duc de Berri*.

Roses, raised either from cuttings or layers, will come into full perfection of bearing by the second season after they have been planted out, particularly if they have received liberal treatment. They do not like a wet, undrained soil, and as little do they like a dry and arid one. It is therefore best to plant them in a gently raised bed, from which the superabundance of wet during the Rains may pass off; but as a situation of this kind subjects them to a greater degree of drought during the hot months, they must, at that season be, from time to time, liberally supplied with water.

General Jenkins, in his MS. notes, gives the following plan :—"To make Roses blow every month : Have the roots taken up with plenty of earth before they are usually pruned and let them stand without water till they lose their leaves. Then give just enough to keep them alive, and when you wish them to blow, plant them in good mould. Pruned and watered a little they will blow in six weeks."

I can to some extent certify from my own experience to the efficacy of this plan. Roses love now and then an entirely new soil, and transplantation every year or two is the very best thing that can be done for them. When not transplanted, they should in October, after the Rains are over, have their roots laid bare by the removal of the earth for two or three weeks, and then covered in with new soil well enriched with old cow-manure.

Surface-dressing during the months of December and January I have found of prodigious benefit, making the plants break forth with wonderful vigour. Drawing the earth away from the stem, so as to form a circular ridge at a foot's distance around it, I throw into the shallow basin thus formed a basket of fresh cow-dung, and from a considerable height pour water upon it. The water thus passes into the soil as a thick liquid manure. A fresh quantity of cow-dung is applied at the interval of about a month.

When well-cultivated, Roses appear to me to thrive and blossom far more satisfactorily in the open ground than they do in pots. A common mode of cultivating Roses, and one of which the natives are very fond, is to grow them in ring-pots. These are earthen cylinders sixteen inches in diameter and two feet long, let into the earth endwise about a foot deep, and filled with soil to within three inches of the rim. The method of the natives is to cut the Roses, planted in these completely down, to within two or three inches of the roots in October; a week or two later to remove the soil from the roots, and having

left them exposed a few days, to fill in with a solution of oil-cake, of the consistency of thick mud, very offensive to the nose at the time. The plants under this treatment it is true blossom very beautifully a month or so afterwards, but it is a mode of cultivation that possibly would not suit every one's taste.

PLANTING, TRANSPLANTING AND CUTTINGS.

PLANTING consists, for the most part, in transferring young shrubs or trees from the pots, in which they have been growing, into the places in the open ground where they are permanently to remain. This, with many plants of a robust nature, may be done almost indifferently at any season. But the two seasons more especially suited for the operation are at the setting in of the Rains, and at the commencement of the Cold season. As a general rule it may be laid down that plants natives of this country are planted out most successfully just previous to their breaking for their summer growth, a little after the commencement of the Rains; while plants natives of a colder climate, and that are in the greatest vigour of growth during the Cold season, as Roses, for instance, should be planted about October. Most plants of the former class may, however, be planted out in February, but in that case those of a less robust habit demand a vast deal of attention, both in sheltering them from the sun, and in keeping them well watered during the hot months.

The usual method with males, if not looked after, when planting out a young shrub or fruit-tree, is to dig a hole in the ground only just large enough to receive the ball of earth in which the roots are contained; whereas the proper plan is to dig the hole as much as two feet in diameter, and a foot and a-half deep, for moderate-sized shrubs, and proportionately larger for those of a larger size and for fruit-trees. The soil that is taken out should be broken up somewhat small, and mixed with old stable refuse, decayed cowdung, and rotten leaves, and then thrown into the hole again. If the ground be then drenched with water for a day or two previous, it will sink to the level at which it will remain, and the plant may be put down at once at its proper height without any fear of its crown becoming buried beneath the soil by subsequent sinking, as might otherwise happen. The plant should be copiously watered at the time, and for some little time afterwards, when the soil becomes dry.

TRANSPLANTING. There are few things in which the malec will manifest this indulgence more than when employed in transplanting. If not keenly watched, he will, to make easy work of it, begin digging round the plant almost close to the stem so that the ball of earth he has to take up be as small as possible, cutting through or tearing away all the large long roots that come in his way, rather than extracting them carefully out.

In lifting a plant great care, and often much patience, are required, so that the roots sustain the least possible injury. It will sometimes, however, unavoidably happen that the roots become so much broken or disturbed in the operation that the plant would suffer severely, if removed at once to the spot intended for it and immediately exposed to the sun and air. In such case it will be found advantageous to put it into as small a pot as will contain it, fill in the pot with soil, and well water it; then convey it to a darkened room, and keep it there during the day, bringing it out in the evening to remain in the open air and receive the benefit of the dew during the night. After a few days it may be the out in some well-shaded spot during the whole day, and in no great length of time, when its wounded roots have become healed, it will bear any amount of exposure. It may then be shifted from its pot and planted in the place where it is intended to remain. The worst it will have suffered will be the temporary shedding of its leaves merely.

CUTTINGS. Some plants may be propagated by cuttings at nearly all times of the year, but the majority most successfully in the Rains. Some of our choicer plants, natives of a cold climate, and that are in vigorous growth only in the Cold season, cannot be multiplied by cuttings successfully except at that season.

Some cuttings strike so readily that it is almost immaterial how they are put into the ground. But most cuttings, it has been ascertained, strike more readily by being inserted slopingwise in the ground, than when they are planted upright. Indeed, it is well to lay them so slopingwise, that their summits go not more than an inch high above the ground, and then earth up, and cover all but the two uppermost buds. The cuttings thus protected are not nearly so liable to become dried up and to perish as when almost their whole length is left exposed to the air.

The end of the cutting which is to be inserted in the soil should be cut across with a clean cut just below a leaf bud. Some gardeners are of opinion that slips strike more readily than cuttings. A slip is a small shoot pulled off a plant at its point of junction with the stem bringing away with it a heel of wood and bark from the stem.

None of the leaves, or as few as possible, should be removed from the upper end of a cutting.

METHODS OF STRIKING AND SOIL. A large number of the plants kept for distribution in the gardens of the Agri-Horticultural Society are raised from cuttings laid down in common garden-soil during the rains in an open situation without shelter either from sun or wet weather. And possibly a situation thus exposed to the full action of the atmosphere is the very best for them; for, of all things, most harmful to cuttings is that tendency in the earth to become sour, which occurs during the rains, in situations at all sheltered and secluded. The native nurserymen I have observed, to strike their cuttings, make use of a mellow soapy description of clay, seemingly the substratum thrown up in the cleaning of tanks. This appears to be singularly tenacious of wet and yet to have no tendency whatever to turn sour.

To propagate the choicer kinds of plants, however, a more careful mode of proceeding must be adopted.

Fill small pots with sand, place the cuttings close around the inside of them, sink the pots to the rim in the bed of sand, and cover them with bell glasses. When the cuttings are struck the pots may be taken out and other pots with fresh cuttings fitted into their places. In this way, when the cuttings are removed, the bed of sand is not disturbed, as it would be were pots not employed. Moreover, it is maintained, cuttings strike far more readily by being laid in contact with the sides of the pots.

The sinking of the pots to the rim I consider of great importance; as one point essential to success in striking cuttings is that the soil in which they are inserted should, if anything, be of a somewhat higher temperature than the surrounding atmosphere. Whereas if the pots be left above ground, the evaporation that takes place through their porous sides must necessarily much reduce the temperature of the soil within them and so be very prejudicial to the cuttings.

Mr. Errington, Head-Gardener of the Agri-Horticultural Society, informed me that of some thousands of cuttings, he put down one year in pure sand, most succeeded; but that on the following year nearly all that he so put down, failed. He therefore had adopted the material employed in the Botanical Gardens, which, he said, uniformly proved efficacious; that is to say, three parts of sands to one of fine charcoal. This then, in all cases will be the material safest to use. Notwithstanding, I fancy in the instance where Mr. Errington failed with sand only, the sand was not pure; as, indeed, it hardly ever can be, when used just in the condition in which it is brought from the bed of the river. And the greater or less degree of impure matter incorporated in the sand may make all the difference in the cuttings, for which it is employed, not succeeding in one case, and succeeding in the other. I have myself on occasions well washed the sand, and it needs only to do so to find out how far from pure it is; but this is a very troublesome operation, which the admixture of a little charcoal renders needless as it is the nature of charcoal to correct all impurity.

1.] *The striking of cutting in water* Dr. Lindley says, is an old practice, and quotes a communication to the 'Gardeners' Chronicle,' to show the manner of it:—

"I tie vial-bottles by the necks and hang them in the windows of our small greenhouse, having filled them with clean soft water. I then put in slips of *Salvia Calceolaria*, *Mimulus*, *Myrtle*, or any thing I wish to propagate of the same description of plants: in about two or three weeks or a month, the little silver-like roots appear, and in a week or ten days I plant them in small pots well watered; they never seem to flag, or mind the change, and I rarely lose a slip."

I have myself practised this method during the cold season with *Verbenas*, *Habrothamnus*, *Salvia splendens* and *Roses*, and found no method more successful or less troublesome. The points to be attended to as most conducive to success I conclude to be the following:—

1. That the cuttings be the summits of the youngest shoots, in a state of vigorous growth at the time.

2. That capacious bottles be used, so that there be less likelihood of the water becoming foul.

3. That the water be changed often, to ensure its being quite pure.

4. That when changed it be tepid, so as to afford, in some degree, the bottom heat, so essential for the speedy formation of a callus.

5. That the cuttings be sheltered from wind and sun, but otherwise have all the light and air possible.

6. That they be removed out of the cold air into the house at night: and, if the bottles be plunged half way up in a tepid bath, probably so much the better.

2.] I subjoin a few remarks by Miss Maling on the *striking of cutting in sand and water*:—"Heliotropes, Verbenas, Lobelias, and Begonias do most beautifully, as do any of the very young soft shoots, when planted in pans of silver-sand, soaked and overflowed with a little sheet of water. Many hard-wooded plants, even hard to strike by other means, will grow in this way well.

"The shoots taken off, as short as possible, and as fresh, and having only the lowest leaves snipped off, if necessary, near the stalk (not close to it) may be stuck in all over, and if put in a warm and sheltered place, as over a greenhouse-stove, will grow most rapidly and make the most charming bunches of little fibry roots. These things will often strike even in small bottles of rain-water, the convenience of which is that they take up so little room. Previously to drawing out the little plants, it is well to soak the sand thoroughly, to avoid tearing the rootlets. The cuttings raised in sand must, as a rule, have their roots filled in with sand, when they are first removed."

3.] The method of *propagating by eyes or buds* is simply to take a plump shoot of the season, on which the leaves are healthy and the buds not yet started. About half an inch or less above and below a bud, cut the shoot slopingwise into the wood, so that the cut each way may meet just about a quarter of an inch behind the bud. The piece of the shoot with the bud upon it, just as it is, is planted firmly in a pan of sand, with the point of the bud just visible above the surface. It is essential that the bud have a leaf attached to it, which should not be taken off. The sand is kept moistened and the pan covered with a pane of glass. This is a practice that has long been employed in England in raising plants of the Orange tribe, and has proved equally successful with Camellias and Roses.

4.] *Propagation by layering*, though, generally speaking, a slower process than by cuttings, is a much surer one, for there are few plants which, when in a thriving condition, cannot be multiplied by this method. It is obvious, moreover, that larger and more advanced plants may be obtained by layers than by cuttings.

The operation is as follows: select a branch of ripened wood of the plant to be layered, that will bear being bent down to the earth without breaking. Cut the branch half through with a sharp knife just under one of the leaf-buds towards its extremity, and then pass the knife upwards, so as to slit the branch about an inch or two up. The slit-piece, with the leaf-bud at its extremity, called the "tongue," should be kept open by inserting a small piece of tile. Remove the earth to the depth of two or three inches from, or place a flowerpot over, the spot just where the tongue falls, on the branch being bent down then carefully bend the tongued part of the branch into the earth, or into the flowerpot; secure it in that position by a peg, and cover it over with earth, which should be pressed down and watered. It is recommended to head down the branch when layered; but this is not always done. If the layer is put down in the month of February or March, it is very essential that the soil be frequently watered, and never allowed to become dry and hard. What Mr. Rivers enjoins with regard to the layering of Roses may, no doubt, be considered applicable to all layered plants: "Have the tongue at the upper part of the shoot, so as not to be in the part which forms the bow, as it is of consequence that it should be within two inches of the surface, so as to feel the effects of the atmospheric heat. Unless this is attended to, the roots will not be emitted quickly."

A modification of the above process, I have found attended with great success in layering some kinds of Roses and other plants, the boughs of which are too rigid to be bent down:—

Procure a flowerpot which has had part of its side broken out, make a tongue in the branch to be layered, as before directed. Raise the flowerpot up so that the branch, passing through the broken side, may have it tongued part just about two inches below the level of the soil, when the pot is filled in. Keep the flowerpot permanently in this position by some support placed beneath it; insert a piece of tile in the pot where the side is broken away, and then fill in with a mellow soil composed of leaf-mould and sand, which must be kept constantly moist.

5.] *The mode of propagation by Gootee* is thus described by Mr. Masters, formerly head-gardener in the Calcutta Botanical Gardens:—

"Select a firm healthy branch, the wood of which is well-ripened; and immediately under a leaf-bud take off a small ring of bark, about one inch wide. Scrape the woody part well, so that no bark remains. Apply a ball of well-tempered clay; bind it on securely with tow or other soft bandage; make it fast to a stake, if necessary; hang a small pot, having a hole in the bottom, just over the Gootee; and supply it with water daily. In a few months you will obtain a fine well-rooted plant.

"As the fibres are emitted from the buds that are above the wound, they will descend into the ball of earth and form roots. As soon as they are seen protruding

themselves through the bandage, the branch may be cut off from the parent-tree, and planted where it is intended that it should remain. This appears to be the most expeditious method of obtaining strong well-rooted plants, and, at the same time, is a sure method of procuring duplicates of any desirable variety. Of sixty-five Gookees, made in June, of the *Jonesia Asoca*, the whole were well-rooted in October; while of forty-five layers made at the same time, and on the same individual tree, none were well rooted and some only just beginning to form. The *Leechee* requires four months to form good, roots."

6.] *The operation of inarching* is commonly called grafting here, and is always substituted for it, being performed with far greater certainty of success; but, except for Mangos, Sapotas, and in Bengal Peach trees, there is not often need to resort to it. Some of the choicer kinds of *Roses*, it is true, are frequently inarched; but with due care, more thriving plants may be procured by means of cuttings or layers, if not by budding. The process is performed thus:—Procure a seedling, of about one or two years old, of the plant to be inarched, or where a seedling is not to be obtained, a rooted cutting of the same age, of the plant that is to supply the stock. Put it in a pot, and when it is well established it will be ready to be operated upon. Slice away from one side of the young stem a piece of bark, with a thin layer of the wood beneath it, about two inches long; do the same to a young stem of the plant to be inarched from, and then bring together the two stems that have thus been operated upon so that the cut parts lie close in contact face to face, and bandage them with cotton twist. In course of time, when the parts have united, head down the stock and dis sever the scion from the parent plant by cutting it through below the bandage. The grafted plant must then be put somewhere in a shaded place and not removed from its pot till it has made a vigorous growth, and stock and scion have become thoroughly incorporated.

IMPERIAL ACTS,—GOVERNMENT OF INDIA.

STAMP ACT NO. XVIII. OF 1869.

This Act may be called "The General Stamp Act, 1869." It extends to the whole of British India: and is in force from the first day of January 1870.

On and after that day, the enactments specified in the third Schedule hereto annexed shall be repealed to the extent specified in the third column of the same schedule.

For every instrument mentioned in the schedule hereto annexed and executed in British India, on or after the first day of January 1870, or executed out of British India on or after that day, but relating to any property within British India, there shall be payable to the Government of India, as stamp duty, the amount indicated in the first or second schedule hereto annexed to be the proper duty for such instrument.

(a)—All instruments chargeable under this Act with the duty of one anna, bills of exchange and promissory notes drawn or made out of British India, and transfers by endorsement of shares of Companies and Associations may (subject to the provisions hereinafter contained) be stamped with adhesive stamps.

(b)—The stamp on every other instrument chargeable under this Act shall either be impressed on the paper whereon the instrument is written, or be otherwise denoted by the Collector or the Superintendent of Stamps, in accordance with such rules as the Governor-General of India in Council may from time to time prescribe in this behalf.

Duties by whom payable.—In the absence of an agreement to the contrary, the expence of providing the proper stamp shall be borne—

1st.—In the case of any instrument mentioned in the first schedule to this Act (other than a policy of insurance, a mortgage-deed, a settlement, a conveyance, a lease, an instrument of exchange or partition-deed where money is paid for equality of exchange or partition, an appraisal or valuation, an award and a copy, duplicate or extract),—by the person drawing, making, or executing such instrument:

2nd,—In the case of a policy of insurance—by the insured:

3rd,—In the case of settlement—by the settler:

4th,—In the case of a conveyance, mortgage-deed, or lease—by the grantee mortgagee or lessee:

5th,—In the case of a counterpart of a lease—by the lessor:

6th,—In the case of a partition-deed—by the parties thereto in proportion to their respective shares in the property comprised therein: and

7th,—In the case of an exchange where money is paid for equality of exchange—by the person paying such money.

Registration or acceptance for deposit at private residence. 31. In ordinary cases the registration or deposit of documents under this Act shall be made only at the office of the officer whose duty it is to register the same.

But such officer may on special cause being shown attend at the residence of any person intending to register any document which would ordinarily be registered at such office, or of any person desiring to deposit a will, and register or accept for registration or deposit such document or will.

33. For the purposes of section thirty-two, the powers of attorney next hereinafter mentioned shall alone be recognized (that is to say),—
Powers of attorney recognizable for purposes of section 33. (a) if the principal at the time of executing the power of attorney resides in any part of British India, in which this Act is for the time being in force a power of attorney executed before and authenticated by the Registrar or Sub-Registrar within whose District or Sub-District the principal resides

(b) If the principal at the time aforesaid resides in any other part of British India, a power of attorney executed before and authenticated by any Magistrate :

(c) If the principal at the time aforesaid does not reside in British India, a power of attorney executed before and authenticated by a Notary Public, or any Court, Judge, Magistrate, British Consul or Vice-Consul, or representative of Her Majesty or of the Government of India :

Provided that the following persons shall not be required to attend at any registration-office or court for the purpose of executing any such power of attorney as is mentioned in clauses (a) and (b), of this section :—persons who by reason of bodily infirmity are unable without risk or serious inconvenience so to attend ; persons who are in jail under civil or criminal process ; and persons exempt by law from personal appearance in Court.

In every such case the Registrar or Sub-Registrar or Judge (as the case may be), if satisfied that the power of attorney has been voluntarily executed by the person purporting to be the principal, may attest the same without requiring his personal attendance at the office or court aforesaid.

To obtain evidence as to the voluntary nature of the execution, the Registrar or Sub-Registrar or Judge may either himself go to the house of the person purporting to be the principal, or to the jail in which he is confined, and examine him, or issue a commission for his examination.

Any power of attorney mentioned in this section may be proved by the production of it without further proof, when it purports on the face of it to have been executed before and authenticated by the person or court hereinbefore mentioned in that behalf.

36. If any person presenting any document for registration, desires the appearance of any person whose presence or testimony is necessary for the registration of such document, the registering officer may, in his discretion, call upon such officer or court as the Local Government from time to time directs in this behalf to issue a summons requiring him to appear at the registration office, either in person or by duly authorised agent, as in the summons may be mentioned and at a time named therein.

38. A person who by reason of bodily infirmity is unable without risk or serious inconvenience to appear at the registration office a person in jail under civil or criminal process, and persons exempt by law from personal appearance in court, and who would but for the provision next hereinafter contained be required to appear in person at the registration office, shall not be required so to appear.

In every such case, the registering officer shall either himself go to the house of such person, or to the jail in which he is confined, and examine him, or issue a commission for his examination.

42. Any testator may either personally or by duly authorized agent deposit with any Registrar the will in a sealed cover superscribed with the name of the depositor and the nature of the document.

44. If the depositor of any such sealed cover wishes to withdraw it, he may apply to the Registrar with whom it has been so deposited for the delivery of the cover ; and the Registrar, if satisfied as to the identity of the depositor with the applicant, shall deliver the cover accordingly.

45. If, on the death of the depositor of a sealed cover under section forty-two, application be made to the Registrar with whom it has been deposited to open the same, the Registrar, if satisfied that the depositor is dead, shall, in the applicant's presence, open the cover, and copy at the applicant's expense, the contents thereof in his Book No. 3.

Re-deposit. When such copy has been made, the Registrar shall re-deposit the original will.

57. Subject to the previous payment of the fees payable in that behalf, the Books Nos. 1 and 2 and the indexes relating to Book No. 1 shall be at all times open to inspection by any person applying to inspect the same; and subject to the provisions of section sixty-two, copies of entries in such books shall be given to all persons applying for such copies.

Registering officers to allow inspection of certain books and indexes, and to give certified copies of entries.

Subject to the same provisions, copies of entries in Books Nos. 3 and 4 and in the indexes relating thereto shall be given to any person executing or claiming under the documents to which such entries respectively refer; but the requisite search for such entries shall be made only by the registering officer.

64. Every Sub-Registrar on registering a document relating to immoveable property not wholly situate in his own Sub-District, shall make a memorandum thereof, and of the endorsement and certificate thereon, and send the same to every other Sub-Registrar subordinate to the same Registrar as himself in whose Sub-District any part of such property is situate, and such Sub-Registrar shall file the memorandum in his Book No. 1.

Procedure on Sub-Registrar's registration of document relating to immoveable property situate in several Sub-Districts.

65. Every Sub-Registrar on registering a document relating to immoveable property, situate in more Districts than one, shall also forward a copy thereof and of the endorsement and certificate thereon, together with a copy of the map or plan (if any) mentioned in section twenty-one, to the Registrar of every District in which any part of such property is situate other than the District in which his own Sub-District is situate.

Procedure on Sub-Registrar's registration of document relating to immoveable property situate in several Districts.

The Registrar on receiving the same shall file in his Book No. 1 the copy of the document and the copy of the map or plan (if any,) and shall forward a memorandum of the document to each of the Sub-Registrars subordinate to him within whose Sub-District any part of such property is situate; and every Sub-Registrar receiving such memorandum shall file it in his Book No. 1.

66. On registering any document not testamentary relating to immoveable property the Registrar shall forward a memorandum of such document to each Sub-Registrar subordinate to himself in whose Sub-District any part of the property is situate.

Procedure on registering documents relating to immoveables.

He shall also forward a copy of such document, together with a copy of the map or plan (if any) mentioned in section twenty-one, to every other Registrar in whose District any part of such property is situate.

71. Every registering officer refusing to register a document, except (1) where the property to which the document relates is not situate within his District or Sub-District, or (2) where the registering officer being a Registrar declines to accept the document on the ground that it ought to be registered in the office of a Sub-Registrar, shall make an order of refusal and record his reasons for such order in his Book No. 2, and endorse the words "registration refused" on the document; and on application made by any person executing or claiming under the document, shall, without unnecessary delay, give him a copy of the reasons so recorded.

Reasons for refusal to register to be recorded by Registrar or Sub-Registrar.

No registering officer shall accept for registration a document so endorsed unless and until, under the provisions hereinafter contained, the document is directed to be registered.

THE ADMINISTRATION

OF THE PROPERTY IN INDIA OF DECEASED PERSONS (NOT NATIVES).

THE CUSTODY AND PRESERVATION OF THE PROPERTY IN INDIA OF DECEASED PERSONS NOT HINDUS, MUHAMMADANS, OR BUDDHISTS.

When any person, not a Hindu, Muhammadan, or Buddhist, or exempted by the Governor-General in Council from the operation of the Indian Succession Act, dies leaving "assets" in India, it is the duty of the "Judge of the District" (Act XXIV. of 1867, § 61) within which the assets are locally situated at the time of the death, to take charge of them, and this is always the case, whether the deceased has left a Will or died intestate.

The District Judge is to report the case to the Administrator-General of the Presidency (Act XXIV. of 1867, § 61).

In case of a death, therefore, persons interested in the preservation of the property of the deceased in India should at once communicate with the Judge of the district in which any of it is situated, and with the Administrator-General of the Presidency.

They should state the full name and occupation of the deceased—his nationality—the date and place of his death—the nature and amount of any property he may have left in the district in question, or in any other part of India: whether there is or is not a Will; if so, where it is; the names and addresses of the witnesses and executors: if there is no Will, they should give the names and addresses of the next-of-kin of the deceased, &c., so far as they are themselves informed on these matters.

It is also very important, with reference to the stamp duty, that the person who is to represent the estate should know, as soon as possible, the value of the assets, moveable and immovable, as accurately as it can be ascertained; for until he has this knowledge he cannot apply for probate or letters of administration. The Court Fees Act imposes a stamp duty of 2 per cent. upon the assets if they exceed 1,000 rupees, and there is no provision in the Act for any adjustment of the stamp duty after the grant has been made. It must be paid in full at once, and no refund can be made under the Act if the assets are overestimated. The Government will however, under a recent order, allow application to be made for a refund in respect of money paid in satisfaction of the debts of the deceased. If the assets do not exceed 1,000 rupees, no stamp is required.

**THE REALIZATION OF PROPERTY OF SMALL VALUE BY A CERTIFICATE
FROM THE ADMINISTRATOR-GENERAL, BY THE POLICE,
AND OF SMALL SUMS IN THE GOVERNMENT SAVINGS' BANK.**

If the whole of the assets do not exceed in value Rs. 1,000, any person entitled as executor, as widow, or to administer in any capacity save as a creditor, may apply at once, in writing, to the Administrator-General of the Presidency for a certificate, and on satisfactory proof of the representative right, a certificate can be granted entitling the claimant to receive the sums or securities for money therein severally mentioned (Act XXIV. of 1867, § 34), or a creditor may obtain a certificate after the lapse of three months, or the Administrator-General may act without probate or letters of administration (§ 35).

But no certificate can be granted when probate or letters of administration have been obtained, or in respect of any sum of money deposited in a Government Savings' Bank (§ 34).

Where persons die intestate in the Presidency Towns, leaving property under 200 rupees in value, the police authorities are empowered to take charge of it and to deliver it over to any person showing a right to it, without letters of administration. (Act XIII. of 1856, § 113, and the Bengal Act IV. of 1866, § 100 ; Madras Act VIII. of 1867).

When a person dies leaving in a Government Savings' Bank a deposit of a sum of money not exceeding 1,000 rupees, and if probate of his Will, or letters of administration to his estate, or a certificate under Act XXVII. of 1860 (this certificate is different from that granted by an Administrator-General, and is granted by a Judge, and is now only given in native cases) is not produced to the Secretary of the Bank within three months of the death of the depositor, the Secretary may pay the money to any person appearing to him to be entitled to receive it, or to administer to the estate of the deceased, and he may take such security from such person as he thinks necessary, and he may also, in order to ascertain the right of the person claiming the money, take evidence on oath or affirmation.

An executor or administrator of a deceased depositor is entitled afterwards to receive any sum in the hands of the person so receiving the deposit from the Secretary of the Bank, deducting such part of it as is lawfully paid away in the due course of administration, and a creditor of the deceased may recover his debt against a person so receiving the deposit, should any part remain in his hands unadministered, in the same manner as if the receiver had obtained letters of administration.

If the amount of deposit in a Government Savings' Bank belonging to the estate of a deceased person does not exceed 1,000 rupees, such amount shall be excluded in computing the fee chargeable under the Court Fees Act of 1870 on the probate or letters of administration or certificate in respect of his other property. But a certificate of the deposit amount signed by the Secretary of the Bank will, in this case, have to be produced before the Court (Act V. of 1873 *The Government Savings' Bank Act*).

The above does not apply to deposits belonging to estates of European officers, soldiers or deserters.

LETTERS OF ADMINISTRATION IN CASE OF INTESTACY.

When the deceased has died intestate, those who are connected with him, either by marriage or consanguinity, are entitled to obtain letters of administration of his estate and effects in the following order (Act X. of 1865, § 200).

If the deceased has left a widow, administration shall be granted to the widow, unless the Court shall see cause to exclude her.

If there be no widow, or if the Court see cause to exclude her, it shall commit the administration to the person or persons who would be beneficially entitled to the estate according to the rules for the distribution of an intestate's estate : provided that when the mother of the deceased be one of the class of persons so entitled, she shall be solely entitled to administration (§ 203).

Those who stand in equal degree of kindred to the deceased are equally entitled to administration (§ 204).

The husband surviving his wife, has the same right with respect to her estate (§ 205).

When there is no person connected with the deceased by marriage or consanguinity who is entitled to letters of administration and willing to act, they may be granted to a creditor (§ 206), but an Administrator-General is entitled to administer in preference to any one but an executor, universal legatee or absolute next of kin (Act XXIV. of 1867, § 15).

The application for letters of administration should be made by petition properly

stamped, and should state the time and place of the death of the deceased : the family or other relatives of the deceased, and their respective residences ; the right in which the petitioner claims ; that the deceased left some property within the jurisdiction of the District Judge to whom the application is made ; and the amount of the assets which are likely to come to the petitioner's hands (§ 246). The petition should be subscribed by the petitioner, and verified thus :—" I, (A. B.), the petitioner in the above petition, declare that what is stated therein is true to the best of my knowledge and belief " (§ 247).

Letters of administration cannot be granted until after the expiration of fourteen clear days from the day of the intestate's death (§ 258). They entitle the administrator to all rights belonging to the intestate as effectually as if the administration had been granted at the moment after his death (§191), but they do not render valid any intermediate acts of the administrator tending to the diminution or damage of the intestate's estate (§ 192).

Every person, except an Administrator-General, to whom any grant of administration is committed, is called upon to enter into a bond, with two sureties, engaging for the due collection and administration of the assets (Act X. of 1865, § 256). This bond is generally in double the amount of the assets likely to come to his hand, and is stamped with a stamp now fixed at 8 rupees (Act VII. of 1870, schedule 2, clause 16).

SUCCESSION TO MOVEABLE PROPERTY OF DECEASED PERSONS REGULATED BY THE LAW OF THEIR PLACE OF DOMICILE.

Should any person die possessed of property in British India, succession to his immoveable property is regulated by the law of British India, wherever he may have had his domicile at the time of his death (Act X. of 1865, § 5). It follows, therefore, that the law of British India must be complied with—first, in determining the validity of a Will, should there be one ; second, in the construction of the Will ; and third, in case of intestacy, in determining the persons among whom the property is to be divided.

But succession to the moveable property of a deceased person is regulated by the law of the country in which he had his domicile at the time of his death (*ibid*). Hence it is necessary in such cases to determine in the first instance what was the domicile of the deceased person.

Under the Indian succession Act § 6 a person can only have one domicile for the purpose of succession to his moveable property. The domicile of origin of every person of legitimate birth is in the country in which, at the time of his birth, his father was domiciled ; or if he was a posthumous child, in the country in which his father was domiciled, at the time of his father's death (§ 7) ; and the domicile of origin of an illegitimate child is in the country in which, at the time of his birth, his mother was domiciled (§ 8). The domicile of origin prevails until a new domicile has been acquired (§ 9).

A man acquires a new domicile by taking up his fixed habitation in a country which is not that of his domicile of origin (§ 10). The points to be determined are therefore—first, whether he actually has taken up his residence in the country ; and second, whether he intends to make it his " fixed " residence for the future. (Explan. and Illustrat. *ibid*).

A person may acquire a domicile in British India either by taking up his fixed habitation in the country as above, or by making and depositing in some office in British India (to be fixed by the local Government) a declaration in writing under his hand, of his desire to acquire such domicile, provided that he shall have been resident in British India for one year immediately preceding the time of his making such declaration (§ 11). A new domicile continues till the former domicile is resumed, or another has been acquired (§ 13).

By marriage a woman acquires the domicile of her husband if she had not the same domicile before (§ 15) ; and the wife's domicile during the marriage follows the domicile of her husband, unless they be separated by the sentence of a competent court, or if the husband is undergoing a sentence of transportation (§ 16).

Succession to moveable property of a person who dies in British India leaving moveable property therein, in the absence of proof of any domicile elsewhere, is regulated by the law of British India (§ 19).

It would be competent to a foreigner dying in, and not domiciled in British India, by a Will properly executed to appoint the Administrator-General or any other person his executor ; and such an appointment would be valid as against the Consul of his nation (§ 179), but the executor would be bound to distribute the estate according to the law of the country of the domicile of the deceased as to his moveable property, whilst his immoveable property, if any, would be subject to the law in force in British India (§ 5).

But should a foreigner having acquired a domicile in British India die either intestate or leaving a Will, the succession to his estate would be regulated by the law in force in British India relating to intestate succession or to Wills as the case might be. That law would apply to all his property whether moveable or immovable in British India; it would all pass to the executor or administrator as the case might be (§ 179); but it would not necessarily pass to the Administrator-General, unless he should administer. This he would do only in the absence or at the request of the next of kin or executor, or of an universal legatee (Act XXIV. of 1867, § 15).

THE ADMINISTRATOR-GENERAL, HIS DUTIES AND POWERS.

There are three Administrators-General in British India, one for each of the Presidencies of Bengal, Madras, and Bombay (Act XXIV. of 1867, § 4). Their offices are at Calcutta, Madras, and Bombay, respectively.

The Presidency of Bengal includes, for this purpose (§ 3), the territories which are or shall for the time being be respectively under the governments of the Lieutenant-Governor of Bengal, the North-Western Provinces, and the Punjab, and under the administrations of the Chief Commissioners of Oudh, the Central Provinces, and British Burmah.

The Presidency of Madras includes the territories which are or shall for the time being be under the government of the Governor of Fort St. George in Council, Coorg, and also, so far as regards British subjects, Mysore, (*ib.*; and Act XIX. of 1869, § 1).

The Presidency of Bombay means the territories which are or shall for the time being be under the government of the Governor of Bombay in Council, and so far as regards British subjects, the Hyderabad Assigned Districts (*ib.*; and Act XIX. of 1869, § 1).

The duties of the Administrator-General, and their powers, will be found set out at length in Act XXIV. of 1867 of the Governor-General of India in Council. But it may here be shortly stated, that under Section 15 of that enactment, the Administrator-General is entitled to letters of administration, unless granted to an universal legatee or to the nearest-of-kin, that is, the nearest-of-kin absolutely, not merely the nearest-of-kin in India, —in the goods of *Smallwood*, per Norman J., July 20th, 1868, where a brother, the nearest-of-kin in India, was held not to be entitled in priority to the Administrator-General, there being a father and mother alive in England.

By Section 16 he is required, within a reasonable time after he shall have had notice of the death, and that the deceased has left assets within the Presidency (as defined above) to take steps to apply to the High Court for letters of administration, and this, whether the deceased has left a Will or not: provided that the assets are of greater value than Rs. 1,000 and that no person shall, within a month after the death, have applied in such Presidency for probate of a Will, or for any letters of administration of the estate; that is to say no person to whom the Court would have given letters of administration which would be effectual as regards the assets for which administration is sought.

But there is nothing to prevent the Administrator-General from applying to the Court for letters of administration in any case within the period of one month from the death of the deceased (Act XXIV. of 1867, § 22).

If the assets do not exceed Rs. 1,000 in value in the whole, the Administrator-General is not bound to act; but he may either grant a certificate to some persons entitled, or take charge of the estate himself without letters of administration, under Act XXIV. of 1867, §§ 34, 35, &c.

Letters of administration or probate granted to an Administrator-General in his official capacity, authorize the person filling the office for the time being to act as administrator or executor of the estate to which such letters of administration or probate shall relate (§§ 28-29); and all estates, &c., vested in the Administrator-General, all his books, &c., become vested in and transferred to his successor in office (§ 31).

Any private executor or administrator may, with the consent of the Administrator-General of the Presidency in which the property comprised in the probate or letters of administration is situate, by an instrument in writing under his hand, bearing a stamp of ten rupees, and notified in the local Gazette, transfer the estates, &c., vested in him by virtue of such probate or letters to the Administrator-General by his name of office; and thereupon the transferor becomes exempt from all future liability. His future rights and responsibilities are transferred to the Administrator-General. But the transferor remains liable for all his acts and omissions in respect of the property prior to the transfer (§30).

As soon as the Administrator-General takes charge of the estate, the fact is advertised in the Gazette and in the public papers, and creditors are called upon to prove their claims. They should state the amounts and other particulars, and support their claims

by such evidence as (under the circumstances of the case) the Administrator-General is reasonably entitled to require. If a claimant fail to do this within one month of the date of the institution of any suit he may bring against the Administrator-General in respect of his claim, he will be liable, in any event, to pay the costs of the suit, and he will not be entitled to have his decrees enforced. If he obtain judgment, he will be entitled only to payment out of the assets rateably with the other creditors (§83).

The Administrator-General, like every other executor or administrator, is bound to keep the assets for a reasonable time, to answer the claims of creditors. This time is fixed by the law generally at one year (Wms. Exors., 6th ed., p. 1286); but where the case permits of it, the account can be closed earlier. Like any other executor or administrator he is bound to pay all creditors rateably or preferentially, according to the law governing the distribution; after the expiration of a year from the date of his administration, no claim can be made upon him in respect of any assets paid or delivered by him to any legatees, or to any person entitled in distribution without notice of the claim (§ 27).

Under the Indian Succession Act, the following payments only may be made in preference, viz :—Funeral expenses, death-bed charges, fees for medical attendance, board and lodging for one month prior to death.

Expenses of obtaining probate or letters of administration, including the costs of any judicial proceedings necessary for administering the estate, rank next, and then wages for services rendered to the deceased within three months next preceding his death, by any laborer, artisan, or domestic servant; all other debts are on an equal footing (Act X. of 1865, §§ 279, 280, 281, and 282). These rules apply in all cases where the assets consist of immoveable property in British India; where they consist of moveable property, the law of the country in which the deceased was domiciled prevails (§ 283); but no creditor who obtains a part payment in preference to others by reason of this rule, can share in the proceeds of any immoveable property of the deceased without bringing such payment into account (§ 286.)

The Administrator-General is bound to keep accounts as prescribed by the Act. These accounts are audited by the Government and his books are open at all times to the Auditor appointed by Government, and to allow persons entitled so to do to inspect them on payment of a reasonable fee fixed by Government (Act XXIV. of 1867, § 41); he is bound to furnish half-yearly schedules of the estates under his charge in forms prescribed by the Act; these schedules are published in the Gazette of the Presidency.

The Administrator-General of Bengal is entitled to a commission of 3 per cent., and the Administrator-General of Bombay or Madras to a commission of 5 per cent. (§ 50), except in the case of the estates of officers and soldiers, when the commission is uniformly 3 per cent. on the assets after payment of the preferential charges (§§ 21 and 51). This commission is to cover the expenses of his establishment; but he is entitled to reimburse himself, in addition for any payments made by him in respect of any estate in his charge, which a private administrator of such estate might have lawfully made (§ 52.) The commission allowed by the Act is the maximum commission. It may be reduced by arrangement in special cases.

All correspondence to the Administrator-General, should be addressed to him by his name of Office.

OFFICIAL TRUSTEE'S OFFICE.

THIS office was created by Act XVII. of 1843, in consequence of the difficulty experienced in India in obtaining private Trustees, and the trouble and expense of appointing new Trustees, on the death or departure from India of those already created. The office is now regulated by Act XVII. of 1864.

The Official Trustee is paid by commission, and may, at his own option, undertake all kinds of Trusts, except Religious Trusts; but must always be appointed sole Trustee, and cannot act jointly with any one else.

There are three classes of cases under the Act in which the services of the Official Trustee will be useful.

(1.) *New Trusts*.—When a person is desirous of making a settlement of property on marriage, or at any other time, for the benefit of his wife or family or of any other person or for a charitable purpose.

(2.) *Existing Trusts*.—When the Trustees are dead, or out of the jurisdiction of the High Court, or unwilling to continue acting.

(3.) *Gifts or Legacies for Infants or Lunatics*.—When the Executor or other person holding such property is anxious to be relieved of the charge.

MODE OF OBTAINING APPOINTMENT OF OFFICIAL TRUSTEE.

In new Trusts he is appointed by the Deed creating the Trust. In other cases a petition to the High Court is necessary, the costs of which are usually ordered to be paid out of the Trust Fund. By means of a like petition the Funds can always be re-transferred to a private Trustee, unless otherwise provided by the Deed or Will creating the Trust.

All property and interests vested in an Official Trustee will, upon his death, resignation or removal from office, vest in his successor in office, without any fresh appointment or charge whatsoever.

It is necessary to employ a Solicitor in preparing Trust Deeds, and in applying to the Court for the appointment of Official Trustee. In most cases, also, it will expedite business if communication respecting Trusts be made through a Solicitor.

COMMISSION.

In new Trusts the rates are agreed upon between the person creating the Trust and the Official Trustee, and will vary according to the nature of the duties to be performed.

In existing Trusts, the rates are fixed by the Act as follows:—

- $\frac{1}{2}$ per cent. on capital monies received.
- $\frac{3}{4}$ per cent. on interest and dividends realized.
- $2\frac{1}{2}$ per cent. on rents collected.

Also $\frac{1}{2}$ per cent. on the investment, when necessary, of any funds received in cash.

INVESTMENTS.

Capital monies and surplus income are invested in Government Securities, except it be otherwise provided by the Deed or Will creating the Trust.

CUSTODY OF SECURITIES.

All Securities are kept in the Office of the Accountant General to the Government of India, and cannot be removed from thence except under an order signed by a Judge of the High Court, specifying the purpose of such removal.

REMITTANCES TO EUROPE.

Remittances to Europe are made through Government to an Official Agent at the India Office, London, for payment to parties entitled at the rate of exchange annually fixed for Government remittances.

AUDIT.

The accounts are audited yearly by Auditors appointed by the Chief Justice.

N. B.—Persons wishing to make a disposition of property by Will, and to appoint an Official Executor, should appoint the *Administrator-General*, and not the Official Trustee, who cannot act in the capacity of Executor. The duties of the two Offices are distinct though they may be and sometimes are held by the same individual.

All correspondence to be addressed to the Official Trustee of Bengal, High Court, Calcutta.

BENGAL COUNCIL ACT.**ACT NO. II. OF 1873.****AN ACT TO AMEND THE DISTRICT MUNICIPAL IMPROVEMENT ACT AND THE DISTRICT TOWNS ACT.**

WHEREAS it is expedient, in modification of the District Municipal Improvement Act, being Bengal Act III. of 1864, and the District Towns Act, being Bengal Act VI. of 1868, to provide for the election and rotation of Municipal Commissioners in places to which the operation of the said District Municipal Improvement Act has been or may be extended; and to provide that such Municipal Commissioners may elect their vice-chairman; and to provide that Municipal bodies constituted under the provisions of the said District Municipal Improvement Act and the said District Towns Act shall be enabled to apply a part of the funds under their charge to the establishment and maintenance of schools, and at the same time to ensure the voluntary application of the fund to such and similar purposes; and, for the sake of convenience in keeping the public accounts, to empower the Government to fix the date of the commencement of the municipal year;

It is hereby enacted as follows :—

1. The Lieutenant-Governor may, at any time, direct that the whole or any number, not less than two-thirds, of the Municipal Commissioners, whom he is empowered to appoint by section 6 of the said District Municipal Improvement Act, shall be elected by the rate-payers, subject to such rules in regard to qualification and election as he may think fit. In any such election every person shall be entitled to vote who has paid the rate upon houses, buildings, and lands, that has become payable by him during the preceding year. All the provisions of the said section shall apply to Commissioners so elected.

The Lieutenant-Governor may, at any time, withdraw such direction for the election of Municipal Commissioners.

2. Save as is hereinafter provided, every Municipal Commissioner shall vacate his office at the end of three years.

When Municipal Commissioners are for the first time appointed or elected in any place to which the said District Municipal Improvement Act shall have been extended, one-third of the whole number (exclusive of the officers declared to be *ex-officio* Commissioners by section 7 of the said Act and section 7 of Bengal Act VII. of 1867) shall retire at the end of one year, and another third at the end of two years, and the rest at the end of three years, to be computed from the first day of the year next following the date of the appointment or election of such Commissioners. In case such whole number is not evenly divisible by three, the one-third shall be ascertained by taking the number next below it, which is evenly divisible by three, as the number to be divided. The Commissioners who shall retire at the end of the first and second years respectively shall be decided by lot.

For the purposes of this section, the present Municipal Commissioners, holding office in any place to which the said Act has already been extended, shall be deemed to have been appointed on the date of the passing of this Act.

When any Commissioners have been elected under the provisions of the last preceding section, the foregoing rule for the rotation of Commissioners shall be applied separately to the Commissioners who have been appointed, and separately to the Commissioners who have been elected.

Any person appointed or elected to any vacancy caused by the resignation, or discharge, or removal, or death of a Commissioner, shall fill such vacancy for the unexpired remainder of the term for which the outgoing member may have been elected or appointed.

Any person who vacates office under the operation of the rule of rotation prescribed in this section may be at any time re-appointed or re-elected.

3. The Lieutenant-Governor may delegate to the Municipal Commissioners appointed under the said District Municipal Improvement Act the power to elect one of themselves to be their vice-chairman, subject to the approval of the Lieutenant-Governor. Provided that the vice-chairman, on the occurrence of a vacancy, shall always be elected by the Commissioners, whenever any number of such Commissioners has been elected under the provisions of section 1. Such vice-chairman shall hold office for one year, and shall be eligible for re-election at the end of each year, and may at any time be removed from office by the Municipal Commissioners by a resolution, in favour of which not less than two-thirds of the Commissioners shall have voted. Provided that it shall be lawful for the Lieutenant-Governor to sanction the election permanently or for a term of years of a salaried vice-chairman if proposed by the Commissioners.

4. In addition to the purposes to which the Municipal fund may be applied under the provisions of section 16 of the said District Municipal Improvement Act, the said fund may be applied by the Municipal Commissioners, subject to the provisions of the said section, and, subject to such conditions as the Commissioners may think fit to impose, to the establishment and maintenance of schools.

5. In addition to the purposes to which the town fund may be applied under the provisions of section 18 of the said District Towns Act, the said fund may be applied, subject to the provisions of the said Act, and subject to such conditions as the Committee may think fit to impose, to the establishment and maintenance of schools.

6. Provided that no portion of the said Municipal fund or of the said Town fund shall be applied, under the provisions of sections 8 and 9 of Bengal Act VII. of 1867, or of section 13 of the said District Towns Act, or of this Act, to the establishment and maintenance of schools, or hospitals, or dispensaries, or to the promotion of vaccination, unless such application be sanctioned by the consent of a majority of the Municipal Commissioners or of the members of the town Committee respectively, at a meeting specially convened for considering the question of such application.

7. For section 20 of the said District Municipal Improvement Act, the following section shall be substituted :—

“ 20. The chairman or vice-chairman shall, for the transaction of the business connected with, or for the purpose of making any order authorized by this Act, exercise all the powers vested by this Act in the Municipal Commissioners. Provided that it shall not be lawful for the chairman or vice-chairman to act in opposition to, or in contravention of, any order of the Commissioners at a meeting, or to exercise any power which it is by this Act expressly declared shall be exercised only by the Commissioners at a meeting.”

8. Notwithstanding anything contained in any of the Acts mentioned in the schedule hereto annexed, the Lieutenant-Governor may, from time to time by a notification in the *Calcutta Gazette*, fix the dates on which account and estimates shall be prepared and furnished by the Commissioners, the Municipal Commissioners, or the town Committee, appointed under the provisions of the said Acts respectively ; and the date of the first day of the year, which shall be used by them for making estimates, regulating taxes, registering carts and other wheeled vehicles without springs, and doing all such things as by law they are required to do.

TELEGRAPH AND POSTAL INFORMATION.

GOVERNMENT TELEGRAPH

RULES AND TARIFF FOR INLAND MESSAGES.

Revised and sanctioned from 1st January 1873.

GENERAL.

1. THE accuracy of messages is not guaranteed, and the Sender and Receiver must accept all risks arising from non-delivery, errors, or delays.

2. Stations of the 1st class are open day and night for the reception and transmission of messages. Stations of the 2nd class from 7 A. M. till 9 P. M. (local time). Stations of the 3rd class from 10 A. M. till 5 P. M. On Sundays and holidays from 7 to 8 A. M. and from 4 to 6 P. M.

3. All offices will be closed to the public between the hours of 8 A. M. and 4 P. M. (local time), on Sunday, Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

4. In cases of life and death, or of extraordinary emergency, a message countersigned by the chief Civil or Military authority at a station, or by any of the authorities empowered to “clear the line” can be sent from any office at any time.

5. Senders of messages are advised to write their messages in an unmistakable and distinct hand, and to use the shortest and most familiar words they can select. The more intelligible the message, the greater is the probability of its being correctly transmitted.

ACCEPTANCE OF MESSAGES FOR TRANSMISSION.

6. No message or messages of more than 200 words can be sent at any one time by any private individual or firm, and no second message by the same individual or firm till after the lapse of three hours, unless the lines be free, and not required.

7. All messages must be legibly written in the Roman character or in Arabic figures; subject to the above limitation, messages may be sent in the vernacular or any foreign language, or in cipher, if written in the Roman character or in Arabic numerals.

At stations other than the Presidency Towns, every assistance possible is afforded to natives in the translation of messages into English or *vice versa*.

8. *Cipher messages* are those which consist wholly or in part of groups of figures or of letters not forming words. The whole of the cipher portion must be composed either *exclusively* of letters of the alphabet or *exclusively* of Arabic figures. The body of the message may consist either wholly of cipher or partly of cipher, and partly of ordinary language. The parts in cipher must be placed between parenthesis, separating them from the rest of the message.

EXAMPLES OF CIPHER MESSAGES WHICH ARE ADMISSIBLE.

"(4597) (63289) (459) (181764)."

"Send sharp (839) (2146). Further shipments (154)."

"(A V K) (B) (C P G) (O K R S N)."

EXAMPLES OF CIPHER MESSAGES WHICH ARE NOT ADMISSIBLE.

"(45 A B C) (234 X Y Z)."

"(1234) {P Q R} (C B G) (789)."

9. The body of the message must be preceded by the *address*. The true signature and address of the Sender must always be written at the foot of the message.

10. The address must contain all the information necessary to insure the delivery of the message at its destination, and the Sender in all cases supports the consequences of insufficiency of address. After the message is once despatched, it can neither be cancelled, completed nor rectified except by the despatch of a fresh paid message.

12. Messages from places where there is no Telegraph Station should be addressed to the nearest Government Telegraph Office by post registered, together with Telegraph or Postal stamps sufficient for their payment. Such messages are charged at the day rate at whatever time they may reach the Telegraph Station, and a receipt for the amount will be posted free to the Sender.

In the case of a *private* message sent by post to a Telegraph Station with an insufficient number of stamps, the message and stamps will be returned "Service Bearing" to the Sender, who should in all cases give his full address.

13. Messages can be addressed to places where there are no Telegraph Stations. In such cases, the Sender must state (free) from what Telegraph Office delivery is to be effected. *Example*—To Hazareebaugh, "post, Burhee."

No charge will be made for ordinary *Inland* postage, which is defrayed by the Telegraph Administration. But if the Sender of a message that has to be delivered by *Inland* post wishes it to be *registered*, he must prepay the postal registration fee of four annas and intimate that this has been done by adding (free) the words "Post registered," instead of "Post," before the name of the Telegraph Station at which the message is to be posted.

Postal registration is compulsory in the case of messages which have to be posted in India to places beyond Indian limits, and in such cases the postage and registration fees must be prepaid.

14. With the following exception, all charges for messages must be prepaid in cash or in stamps:—

Messages are sent "bearing" from sea-ports when received from mail steamers or other vessels for despatch, but no such message "prepaid" or "bearing" will be received for transmission until the name of the vessel has been made known. *Bearing messages will not be delivered to the addressees until after payment has been obtained.*

15. All charges on Telegrams are pre-paid in Telegraph stamps which are procurable at every Treasury and every Government Telegraph Station.

Proper Forms on which to write messages are available *gratis* at all Telegraph Stations, and Senders are requested to use these forms only.

19. Telegraph Masters are required to refuse to transmit a message which may be of decidedly objectionable or alarming character. Should the character of a message be disputed, the matter may be referred to a Secretary to Government, if the dispute occur at the seat of Government, or to the chief Civil or Military Officer if at a provincial station.

CHARGES.

20. *No charge is made for the transmission of the address.*

The address includes names of stations from and to which the message is to be despatched, the *bona fide* names or designations of the Sender and Addressee, and the latter's address. No other words can be transmitted unless paid for as part of the body of the message, and the Officers of the Telegraph Department are authorized to omit from the address any words which are not essential to the correct delivery of the message.

21. The following are the rates of charges for a message in ordinary English language—

a. Between any two stations in India, or between any two stations in the Provinces under the Administration of the Chief Commissioner of British Burmah, *one Rupee for every six words or less, exclusive of the address.*

b. Between any station in India and any station in British Burmah, or between any station in India and any station in Ceylon, *one Rupee eight annas for every six words or less, exclusive of the address.*

c. Between any station in Ceylon and any station in British Burmah, *two Rupees for every six words or less, exclusive of the address.*

22. A double charge will be levied on all messages tendered for transmission between the hours of 6 P. M. and 6 A. M. (local time), also on Sundays and the following holidays:—Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

23. The charge for a message in cipher is double the charge for a message in ordinary English language.

24. A message can be sent from any station of the Government Telegraph Department to any Railway Telegraph Station, or *vice versa*, without additional charge.

APPLICATION OF CHARGES.

26. The maximum length of a word is fixed at six syllables; the excess is counted as a word.

27. Messages must not contain any unusual combinations, abbreviations or constructions. Any word in common use, which, although requiring two words to express it, is generally recognised as one word, is charged as one word when so written, when the two parts are not joined by a hyphen or apostrophe, and when less than seven syllables. "Halfpenny," "Twopenny," "Threepence," &c., up to "Elevenpence," when written as a single word, count as one word only. "F. O. B." and "C. F. I.," when written as separate letters, are each counted as three words, but when written "Fob," "Caf," as one word.

28. Words joined by a hyphen are counted as so many separate words.

29. Words separated by an apostrophe are counted as so many separate words. (*This rule does not apply to nouns in the possessive case, as "General's," "Charles's," "Brother's's".*)

30. Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes, and qualifications are counted for the number of words employed by the Sender to express them.

31. Every isolated character, whether letter or figure, is counted as a word. The same applies to an underline.

32. Signs of punctuation, hyphens, apostrophes, inverted commas, parentheses, fresh paragraphs are not counted in ordinary messages. But decimal points, commas and Bars of division *used with figures* are each counted as a figure.

33. When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word; the same rule applies to groups of letters; letters added to figures to form ordinal numbers are each counted as a figure.

34. In cipher messages, all the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words, the ciphers represent. Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the Sender expressly desires that they be not transmitted.

35. A message addressed to several persons, or to the same person in localities where delivery is to be effected by different offices, is charged for as so many separate messages.

37. A message addressed to several persons in one locality or to the same person at several places of residence in one locality, with or without transmission by post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

COLLATION (OR REPETITION) OF MESSAGES.

38. The Sender of any message can require that it be *collated*. In this case the different stations employed in its transmission collate it as it passes, repeating it to each other integrally.

39. The charge for collating is equal to half the charge for the message. A collated message is indicated by the word "*collationée*," which, to ensure the greatest accuracy, is telegraphed (free) both in the official instructions and as the first word of the text of the message.

ADVICE OF DELIVERY.

40. Any Sender can require that a notice of the time at which his message is delivered be transmitted to him by telegraph. This advice of delivery may be addressed to him at any station he may name.

41. If the message cannot be delivered, the return telegram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the Sender to cause his message to reach its destination. The return message has priority in transmission over other messages of the same class.

42. The charge for an advice of delivery is equal to that for a single message at ordinary or ~~day~~ rate.

PRE-PAYMENT OF REPLY.

43. The Sender of a message can pre-pay a reply not exceeding 200 words. He must add to his message the words "*reply paid*" or "*answer paid*". These must form the concluding words of the message, but will not be charged for. On depositing the corresponding sum, the Sender can add (free) to the words "*reply paid*" or "*answer paid*" the amount

to which he wishes the reply to be limited. When the words "reply paid" alone are given, without any specified amount, it will be understood that the minimum charge only has been prepaid. The Terminal Station pays to the Receiver, in Telegraph stamps, the amount prepaid, leaving it to him to send his answer how and when, and to what address he pleases, or not to send one at all. The reply, if sent, is considered, in every respect as a fresh message. Should it be impossible to effect delivery of a "reply paid" message, the Terminal Station sends a telegram to that effect to the Sender, and this telegram takes the place of the return message for which a reply has been prepaid. The words "reply paid" or "answer paid" entitle the Addressee to receive the equivalent of the minimum charge only; and if he wishes to answer at a time when the double charge is levied, he must pay the additional cost himself. It should be distinctly understood that it is not compulsory on the Addressee to send a reply. The duty of the Telegraph Department consists simply in paying to him in Telegraph stamps the amount prepaid, leaving him at liberty to do what he pleases with it.

DELIVERY.

44. Messages will be delivered free of charge at any place within five miles of a Telegraph Station. Beyond this distance, messages will be sent by Post or by such other means as the Sender may arrange and pay for.

45. Should the Addressee of a message have left the station to which it is addressed, and it be sent on by Telegraph to some other station, it will on re-transmission be considered in every respect as a fresh message, and all bearing charges must be paid by the Addressee before the telegram is delivered to him.

REFUNDS.

47. No refund will be made for a message delivered wholly or partially in an unintelligible state unless the extra charge for collation has been paid by the Sender.

48. If a message be not delivered, or be subjected to serious delay through the fault of the Telegraph Department, the whole charge made for it will be returned to the Sender.

49. Applications for refunds, as also all complaints respecting messages, should be addressed to the *Telegraph Check Office*, Calcutta. Such claims for refund should be made, under penalty of rejection, within two months from the date of the message, but this period is extended to six months in the case of a collated message or of a message for which a Reply, or an Advice of Delivery has been prepaid. (When an overcharge has been made on an Inland message through the neglect of the Telegraph employees, and when there exists no doubt whatever as to the justice of the claim, the amount overcharged will be repaid at once by the Telegraph Master.)

OBLIGATION OF SECRECY.

51. To secure secrecy as much as possible, all persons, (including Officers of the Department) not actually on duty are strictly prohibited from entering the Signal-room. Breach of this regulation renders an Offender liable to a fine of Rs. 100.

COPIES OF MESSAGES.

53. The Sender and Receiver have a right to be furnished with certified true copies of any message sent or received by them; a fixed charge of four annas is made for every copy furnished. As no Telegraph Office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the *Telegraph Check Office*, Calcutta.

Applications for copies must be made within six months of the date of the message. At the expiration of that period all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

PRESS MESSAGES.

54. Under certain conditions, to be ascertained on application to the Director General of Telegraphs, (Traffic Branch), *bond fide* Press messages, i. e., messages in the ordinary English language addressed to, and intended for publication in a newspaper, can be despatched at reduced rates.

ABSTRACT OF RULES AND TARIFF FOR FOREIGN MESSAGES.

FOREIGN messages are accepted subject to all conditions of the International Telegraph Convention for the time being in force.

The accuracy of messages is not guaranteed and the Telegraph Department accepts no responsibility in respect to Foreign Telegrams. Messages may be sent in any of the languages used in the territories of the States which are parties to the International Telegraph Convention, or in Latin.

In cipher messages the address and the signature must be in ordinary language; the text may be entirely in cipher, or partly in cipher and partly in ordinary language, but the ciphers must be between parentheses; in private messages the cipher must be composed either exclusively of letters or exclusively of Arabic figures.

The Sender may prescribe the route he wishes his message to follow by *writing* the same on the message form in the place provided for the purpose. When no route is specified, the message is sent by the least expensive one.

Messages in ordinary language are charged by groups and half groups. A group consists of 20 words and a half group of 10 or fraction of 10 words. The address and name of the Sender are counted but the *Station from* as also the date, time and route of transmission are telegraphed free. In secret messages the address, signature and words in ordinary language are counted as above. But all the other characters, figures, letters or signs are added together, the total is divided by five and the quotient *plus* one for the remainder (if any) gives the number of words to be charged for.

The Sender of a message can *prepay a reply* by writing between the address and the body of the message the notice "*Reply paid*" or "*Réponse payée*" (which words are counted and charged for) and depositing the cost of the reply which is limited to three times the cost of the original message. The Delivering Station pays the amount to the Addressee in money, in Telegraph Stamps or by an order for payment on the Office, leaving it to him to send his reply at any time, by any route, and to any address he chooses. The reply, when sent, is treated as any other message. If the original message cannot be delivered within six weeks, or the Addressee refuse the amount deposited, the Station of Delivery informs the Sender of the fact by a telegram which *takes the place of the reply*.

The Sender of any message can by writing the word "*Collationée*," as the first word of the message, demand that it be collated. In this case the different offices concerned in its transmission collate it integrally by repeating it from office to office, to ensure its correctness, and the Sender can by adding to the address the words "*acknowledgment paid*" or "*Accuser réception*" demand to be informed by telegram of the time of delivery to the Addressee.

Should the message be undeliverable, the fact is by telegram communicated to the Sender and *takes the place of the paid acknowledgment*.

The charge for *collation* is equal to half the charge for the message, any fraction of 2 annas being counted as 2 annas, and the charge for an *acknowledgment* is that of a single message of 20 words by the same route.

Refund of the whole cost of a message is given, if the telegram fails to reach its destination, through the fault of the Telegraph Service, or if the message does not reach its destination sooner than it would have done by post; but no refund is given for *errors* in *uncollated* messages, but the whole cost of a *collated* message is returned to the Sender if in consequence of errors in transmission it has been unable to fulfil its object.

Claim of reimbursement of charges ought to be made to the *Check Office, Government Telegraph Department, Calcutta*, within *six months* of the date of the message, and be supported as follows: in case of *non-delivery* by a written statement from the Terminal Station or Addressee; in case of *mutilation* or *delay* by the copy actually delivered to the Addressee and by a certificate stating that, in consequence of the errors complained of, the message was *unable to fulfil its object*. The *particular errors* which led to this result should be specifically mentioned.

POST OFFICE.

INLAND POSTAGE.

LETTERS.

To any Station, without respect to distance, within the Indian territories.

Not exceeding $\frac{1}{4}$ tolah ... $\frac{1}{4}$ anna | Not exceeding 1 tolah ... 1 anna.

and so on, 1 anna being added for every additional tolah or fractions. *Unpaid* letters are charged double postage. When letters are sent by Sea by merchant vessels, a ship postage of one anna is levied from the Receiver, in addition to the above rates.

Letters *insufficiently* stamped, will be charged double the deficiency.

Any article, not coming under the condition prescribed for registered newspapers, proof sheets, or unregistered newspapers, which does not exceed ten tolahs in weight, and which is not specially superscribed for transmission as a parcel or a packet, is treated as a letter, and any article, not coming under the conditions prescribed for registered newspapers or proof sheets, which exceeds ten tolahs in weight and which is superscribed for transmission by letter post, or is prepaid at the letter post rate, or is judged from outward appearance or other considerations to be intended for transmission by letter post, is also treated as a letter.

REGISTERED NEWSPAPERS.

Periodicals published at intervals not exceeding 81 days and which have been registered for transmission by post at the office of the Post Master General (or officer exercising the powers of Post Master General) of the circle in which they are published are treated as registered newspapers, and each registered newspaper must be prepaid, if

Not exceeding 10 tolahs ... $\frac{1}{4}$ anna.

Do, do 20 " ... 1 anna.

Exceeding 20 and not exceeding 30 tolahs ... $1\frac{1}{4}$ anna.

For every additional 10 tolahs ... $\frac{1}{4}$ anna.

The following conditions must be observed.

(1).—Every registered newspaper shall be without a cover or in a short cover open at the ends.

(2).—There shall be no word printed on such newspaper after its publication, or upon the cover thereof, nor any writing or mark upon it, or upon the cover of it, except the name and address of the person to whom it is sent, and the name and address of the Sender.

(3).—There shall be no paper or thing enclosed in or with any such newspaper.

(4).—The newspaper must bear in print immediately above the address the word "registered" followed by the registration number given by the Post Master General.

N. B.—The word "registered" followed by the number may be printed on the paper itself or on its cover, but must in all cases be *immediately above the address*.

(5).—The newspaper must be posted at the place of publication.

N. B.—It is immaterial whether the paper is posted by the publisher or by any one else, or whether it is posted on the day of publication or on a subsequent date. When a registered newspaper is re-directed, "forward" postage is charged at the lower rate, even though the re-direction may take place at an office other than that of the place of publication. Registered newspapers when re-posted are treated as if posted for the first time, and are entitled to transmission at the lower rate only if the conditions be fulfilled.

PROOF SHEETS.

Proof sheets certified as such on the cover (open at the ends) under the full signature of the Sender will be forwarded by Letter Post at the rates prescribed for registered newspapers.

UNREGISTERED NEWSPAPERS.

Any cover not exceeding 10 *tola*hs and posted with the ends open so as to admit of examination of contents and *prepaid* one anna postage (provided it does not contain any letter or communication of the nature of a letter in writing) is treated as an unregistered newspaper.

REGISTRATION.

Letters and newspapers are registered at any Post Office provided a registration fee of 4 annas on each cover, together with the postage, be fully *prepaid* by stamps.

The hours for registration at all Post Offices every day, Sundays excepted, are from 7 A. M. to 8 A. M., and from noon to 5 P. M. Covers for registration must be presented for that purpose at the window, and a receipt for each cover is given to the Sender. In any case of loss of, or damage to a registered cover the Government does not hold itself responsible, but every endeavour will be made to trace the delinquent. All such covers must be securely enclosed and sealed; sealing wax with a distinct impression, other than that of a current coin, is recommended for such purposes in preference to any other means of fastening.

PARCELS AND PACKETS.

All articles committed to the Post Office superscribed as parcels or packets or which do not fall to be treated as letters, registered newspapers, proof sheets or unregistered newspapers, are transmitted by *Banghy Post*.

The distinction between parcels and packets is (1) that packets must be packed in open covers, while parcels may, at the option of the Sender, be packed in closed covers; (2) that parcels are transmitted under a system of registration, while packets are not; and (3) that for *parcels* *prepayment of postage is optional* while for *packets* *full prepayment is compulsory*. Any article of this class, which is posted fully prepaid at parcel rates, or superscribed by the Sender for transmission as a parcel, or presented at the Post Office for that purpose, or which, owing to deficient prepayment or excess of size, or mode of packing, cannot be forwarded as a packet, is treated as a parcel, and all other articles of this class are treated as packets.

PARCELS' rates are as follows :—

Not exceeding 20 <i>tola</i> hs	4 annas.
" " 30 <i>tola</i> hs	6 "
For every additional 10 <i>tola</i> hs	2 "

PACKETS' rates are as follows :—

Not exceeding 20 <i>tola</i> hs	2 annas.
" " 30 <i>tola</i> hs	3 "
For every additional 10 <i>tola</i> hs	1 "

No parcel exceeding 25 *seers* (2,000 *tola*hs) can be received at any Post Office for despatch.

No packet may exceed 1½ foot in length or 1 foot in width or depth, and if any such packet be posted it will be treated as a parcel and charged accordingly.

Between places connected by Railway the Post Office does not convey parcels.

One written letter may be enclosed in a parcel, but no written communication of the nature of a letter may be enclosed in a packet, nor may a packet contain any thing closed against inspection; with these exceptions and with the exception of dangerous substances, there are no restrictions as to the contents of parcels and packets.

OVERLAND PARCEL POST.

Under arrangements made with the Peninsular and Oriental Steam Navigation Company, parcels are received at any Post Office in India for transmission to the United Kingdom under the following conditions, *viz*:—

(1).—Every parcel should be securely packed in a closed cover, and should bear the name and address of the person in the United Kingdom for whom it is intended

(2).—Every parcel should be accompanied by a separate paper headed with the address of the parcel, and containing a declaration of its contents and value under the signature of the Sender. Below the signature the address of the Sender should be given.

(3).—The parcel so addressed and the separate paper above referred to should then be enclosed in a substantial outer cover. This outer cover should be superscribed and addressed as follows:—

Overland Parcel Post.

To

THE POST MASTER,

BOMBAY.

It must be fully prepaid by means of postage stamps at the rate of 3 annas for every 10 tolahs or fraction of 10 tolahs in weight, care being taken that the stamps adhere firmly to the cover. The parcel so made up must not exceed 25 seers in weight, or two feet in

length by one foot in breadth or depth; it will be received at any Post Office at the hours fixed for the receipt of ordinary banglay parcels, the usual receipt being given to the Sender without reference to the mode of packing prescribed in the case of inland parcels for which receipts are claimed.

(4).—On arrival at Bombay, the Postmaster will take off the outer covering and forward the inside parcel and accompanying declaration through the Bombay Agency of the Peninsular and Oriental Steam Navigation Company.

(5).—The pre-payment above described will carry the parcel to London, any additional charge which may become due on account of British custom duty or carriage beyond London being realised from the addressee by the Peninsular and Oriental Steam Navigation Company or their local Agents.

(6).—No parcel will be forwarded containing opium, jewellery, precious stones, and such like, or liquids, oils, spirits, or any explosive, dangerous or offensive substance, such as gunpowder, matches, percussion caps, assafœtida, &c.

Arrangements having been made for the booking of parcels in the United Kingdom by the Peninsular and Oriental Steam Navigation Company and their Agents for transmission to destination in India, persons in this country desirous of obtaining parcels may advise their friends or agents at home to send them by the "Indian Parcel Post," either prepaid or unpaid.

INDIAN MONEY-ORDER RULES.

The Money-Order system is established for the purpose of affording to the Public the means of safely and economically transmitting small sums of money from station to station.

The amount of each Money-Order is limited to Rs. 150.

The commission on a Money-Order, not exceeding Rs. 10, is two annas; on one, exceeding Rs. 10 and not above Rs. 25, four annas; on one exceeding Rs. 25, and not above Rs. 50, eight annas; on one, exceeding Rs. 50 and not above, Rs. 75, twelve annas; on one, exceeding Rs. 75, and not above Rs. 100, one rupee; on one, exceeding Rs. 100, and not above Rs. 125 one rupee four annas; and on one above that sum, one rupee and eight annas.

No Order is to contain a fractional part of an anna.

Application for a Money-Order should be made in the requisition form to be obtained at the Issuing Office and the Remitter should be careful to give clearly his own full name and address with the full name and address of the Payee.

Prefixes, such as *Mrs.* or *Miss* should be omitted.

For natives, the caste or tribe should also be given.

Money-Orders are not transferable.

Money-Orders must always when presented for payment bear the Payee's signature,

A Payee who is unable to write must present himself before the Treasury Officer who after satisfying himself that the particulars of the Order given by the Payee agree with those given in the Advice, will witness the Payee's mark and order payment of the Order.

Payment of an Order must be obtained before the end of the fourth (English) calendar month, after that in which it was issued; for instance, if issued in January, it must be paid before the end of May, otherwise it must be renewed, for which a second commission will be charged, equal in amount to the first commission already paid on the Order according to the scale given above.

The requisition for renewal of an Order must be filled in, in the prescribed printed form to be had gratis at all Money-Order Offices, and forwarded with the Order and fee (in postage stamps) chargeable, to the Head Office, under registered cover. The address to which such Orders are to be returned must be distinctly written so as to prevent miscarriage.

If the Order be not paid before the end of the twelfth calendar month, after that in which it was issued, for instance, if issued in January and not paid before the end of next January, all claim to the money will be lost. The renewal of an Order at any time within one year gives no claim to exemption from this Rule.

Lapsed Orders cannot be refunded without the sanction of the Comptroller General.

After once paying a Money-Order, by whomsoever presented, Government is not liable to any further claim.

No transfers or alterations of name can be permitted. The original Order must be cancelled and a fresh Order obtained from the Issuing Office. The usual form of application must be filled in by the applicant, and addressed to the Collector. The commission charged in such cases is the same as above.

Repayments may be granted by the Issuing Office on presentation of the original Order provided no duplicate has been issued. The refund must be applied for in the usual form of application which should be accompanied with the fee chargeable at the above rates.

For stopping payment of an Order, no fee is charged.

Duplicate Money-Orders are granted only by the Head Office of each Circle. The Remitter or Payee on his reporting the loss of the original Order and applying for a duplicate through the local Issuing Officer in the printed form to be had at the Treasury, can obtain a duplicate Order, but on no account will an application from a third party be attended to unless the authority of either of the two Principals is produced. The same rate of fee is chargeable for issue of a Duplicate Order as that charged for the first issue of a Money-Order. The fee should always accompany the application.

To save time and prevent errors, the public are advised to ascertain, before quitting the Issuing Office, that the Order applied for corresponds with the particulars given in the application.

Whoever presents a Money-Order for payment whether the rightful owner, or otherwise, must give full information as to the name, surname, and address of the party, who originally obtained it unless such party be a Firm, when the name of the Firm, together with its address and occupation will suffice. *The only exception to this rule is—*When the Order is presented through a Bank of the town upon which it is drawn, in which case it will suffice that the Order being properly signed, be also crossed with the Banker's name.

These regulations have been laid down to secure, as far as practicable, that payment be made to the rightful party, all officers have been instructed to enforce them so far, as a due regard to public convenience will permit.

As however, after once paying a Money-Order, by whomsoever presented, Government will not be liable to any further claim, the public are strictly cautioned,—

1st.—To take all means to prevent the loss of the Money-Order.

2nd.—Never to send the Money-Order in the same letter with the information required on payment thereof.

3rd.—To be careful, on taking out a Money-Order to state correctly the name of the person in whose favor it is to be drawn.

4th.—To see that the name, address and occupation of the person, taking out the Money-Order, are correctly known to the person, in whose favor it is drawn.

Neglect of these instructions will risk the loss of the money, besides leading to delay and trouble in obtaining payment.

Orders are issued and paid at most offices from 10 in the morning till 3 in the evening *Sundays and Holidays* excepted.

OVERLAND MONEY-ORDER RULES.

THE offices established in India for the transaction of Inland Money-Order business will transact also the business of Overland Money-Orders.

Any person desirous of remitting money to the United Kingdom by means of an Overland Money-Order should apply to a Money-Order Office at least one day before the closing of the Overland Mail, by which he desires the Order to be transmitted, furnishing the particulars described below :—

Blank forms of application can be obtained by intending remitters from a Money-Order Office, all necessary instructions respecting the filling up of such forms being printed on the

back. The residence of the person to whom the Order is to be made payable should be carefully given by the remitter, as it is on this information that the London Office determines the particular Money-Order Office in the United Kingdom at which the Order can be most conveniently made payable.

The instructions above mentioned are these :—

The name of the payee or person to whom the Order is to be made payable should include the surname and at least one christian name. If the payee be a Firm or Company the name of the Firm or Company will suffice. If the payee be a female, Mrs. or Miss, should be prefixed to the name.

The address of the payee should be full and precise, as on it depends the determination by the British Office of the particular Money-Order Office at which the Order is made payable.

The address of the remitter should be distinct and full for upon it depends the proper transmission to him of the acknowledgment of the Bombay Post Office. If the remitter be a native, his name, tribe or caste, and father's name should be given.

No Overland Money-Order can exceed £10, or contain the fraction of a penny.

The amount chargeable in India for an Order payable in the United Kingdom can be ascertained from any Money-Order Office. The scale of Indian charges is liable to vary with the rate of exchange.

In addition to an exchange rate varying from 1s. 10d. to 2s. per rupee, the following rates of commission will be chargeable, viz :—

For sums not exceeding £2, £5, £7, £10—Commission rates—8 annas, 1 rupee, 1 rupee 8 annas, 2 rupees.

For each remittance the remitter will, in due course, receive from the Post Master, Bombay, (post-free) an intimation* that the Order has been communicated to the London Post Office, whence there will be transmitted to the person named as payee a British Order for the amount. The remitter must himself write to the payee, informing him of his (the remitter's) name as entered in this receipt. The remitter should retain in his possession both this receipt and the Bombay intimation, in case occasion should arise for making enquiries respecting the Order.

A remitter in India, desirous of having any alteration made in the name of the payee, or of having the amount of the Order repaid to him in India, should address the Post Master, Bombay, by means of a letter (postage prepaid), enclosing the original receipt obtained from the Money-Order Office, or the Bombay intimation, and stating what he desires. If the request be one for the alteration of the name of the payee, his application will be forwarded to the London Office (with the needful indication thereon of the entry in the international lists) for disposal under the regulations of the British Money-Order Department; and if the request be for the repayment of the amount of the Order to himself, it will be similarly forwarded, the reply of the London Office being awaited. If the London Office authorises the repayment of the Order, the amount (converted into Indian Currency at the rate of one rupee per two shillings) will be repaid by means of an Indian Inland Money-Order, the Post Master, Bombay, being entered as the remitter. If the London Office refuses the repayment, the fact will be communicated to the remitter in India.

Orders, for remittances from the United Kingdom, payable in India, will be granted by the Bombay Money-Order Office on the requisition of the Post Master of Bombay, who will forward them free of postage, to the address of the payee in India; and, if there be no Money-Order Office at his address the Post Master of Bombay, before obtaining the Order, will enquire of him as to the office at which payment can most conveniently be taken. These Orders will be in the same form, and subject to the same rules in respect of payment as ordinary Inland Money-Orders, except that the payee will not be required to give information respecting the address of the remitter in Britain, but only in respect of his surname and christian name.

* I have received from the Money-Order Office at _____ the Counterfoil of a receipt for Rs. _____ annas _____ pie — paid by you on account of an Order to be drawn on Britain for £. _____ s. _____ d. _____ in favor of _____ address _____.

Intimation will be sent to the London Post Office by the mail of the _____ in view to the transmission of the required Order to the payee.

The Rifle Corps is composed of effective and Honorary Members.

Effective Members are required to pass between the 1st January and 31st December of each year 9 drills, 6 of which must be drills of the whole Battalion. They must also possess a competent knowledge of Squad and Company drills, including the Manual and Platoon exercises, marching as a Company and the

proliminary Musketry drills. Recruits must pass 30 drills, either Squad, Company, Battalion or Musketry.

Every Volunteer must attend the Annual Inspection of the Corps, unless absent with the sanction of the Commanding Officer.

Honorary Members are not required to undergo any Drill.

Honorary Members may contribute either by subscriptions of two Rupees monthly, or donations, and are allowed the privilege of using the Rifle Range for practice.

A Capitation allowance of Rs. 20 is allowed annually by Government for every Member who has made himself effective by attending the prescribed number of drills. This allowance is devoted to providing uniform for members which is given free of cost, and to certain other specific purposes, laid down by Government for improving the efficiency of the Corps.

The Regimental Rifle Range is situated at Balgurrhah on the Eastern Bengal Railway, 7 miles from Calcutta. It is constructed to admit of firing up to a range of 1,000 yards, and has a raised central roadway, with side platforms at the various distances, so that it can be used without inconvenience during the rainy season. The Range is very favorably situated as regards sun and light, and the roadway maintains a dead level along its entire length, advantages which, it is believed, entitle it to be considered as one of the finest Ranges in the world.

The Regiment is now connected with the National Rifle Association. The silver medal of the Association is competed for annually and awarded to the highest aggregate score in class firing.

The Regiment receives the "Volunteer Service Gazette," the official organ of the Volunteer Force throughout the world. The Gazette is regularly filed in the Orderly Room at Head Quarters for the perusal of Members of the Corps.

The general business of the Corps is managed by a General Committee composed of Members from each Company, elected annually at the commencement of each season.

The days for drills and parades are fixed weekly, and intimation of the arrangements for each week is published in the Daily Papers every Saturday morning.

Gentlemen wishing to join the Corps should apply to Head-Quarters where every information can be obtained.

INDIAN LETTERS PATENT FOR INVENTIONS.

LETTERS Patent having force throughout British India for 14 years may be obtained securing the exclusive privilege of making, using and vending any new manufacture which has not been publicly known or used in India.

The manufacture contemplated by the Indian Act includes "any act, process or manner of producing, preparing, or making an article, and also any article prepared or produced by manufacture."

Every applicant for leave to file a specification must be either the true inventor or his assignee, executor, or administrator. The mere importation into India of an invention is not deemed a new invention, but in the case of the assignment of any Foreign letters patent it is sufficient if only the sole use or benefit in this country of the invention is assigned.

Persons who have obtained Her Majesty's Letters Patent must, in order to secure an exclusive privilege in India, get a Petition in due form presented here within 12 calendar months from the date of the English grant, and the invention, if not publicly known in India at the time of the application, is deemed new.

Leave to file specifications is obtained on a petition and declaration signed by the applicant if resident here and whenever he is absent from India these documents should also be accompanied by a declaration signed by a resident Patent solicitor.

Great care should be observed in giving the invention a correct and undisputable title, and in framing the description of how the invention is to be worked otherwise the patent may be declared void or infringed upon with impunity.

Before granting leave to file specifications the Governor General in Council may, at the applicants cost refer the Petition to any person for enquiry and report, and the order authorising their filing is now invariably granted, subject to the following condition:—

"That the Petitioner shall not on filing a specification of his invention become, or claim to be entitled to, any right or exclusive privilege whatsoever in regard to the making, selling, or using the said Invention in India as against the Secretary of State for India in Council, or the Government of India, or any of the Governments or Subordinate Administrations of British India or their or any of their servants or agents on their behalf," and an address (usually a Solicitor's office) must be named where service of any rule or proceedings for the purpose of cancelling or revoking the exclusive privilege may be made.

Specifications and plans (if any) together with one or more declarations as above-mentioned must be filed within 6 months from the date of this leave. These Specifications must particularly describe and ascertain the nature of the invention and in what manner the same is to be performed, and should set forth the precise invention or improvement for which the patent is sought, distinguishing what is admitted to be old from that which is claimed to be new. They should also refer to drawings (if any) showing Sectional views, &c. N.B.—Five engrossments of the Specification and a like number of all drawings are required, as also a declaration of the inventor.

Advertisements.

On the Specifications being accepted and filed, an intimation is that effect is issued, but no sealed document is granted by the Patent Office save an extract from the Government Registry. The 14 years run from the date of this order.

No grant of exclusive privilege is made in respect of any invention which does not come within the scope of para 2 hereof or which is not considered as new and of public utility, and unless the Specification complies with the above mentioned requirements, and leave will be refused whenever any Petition or Specification contains a wilful or fraudulent misstatement.

The Petition or Specification may be amended after the filing of the latter, but so as not to extend the grant.

Before petitioning for Letters Patent the inventor may for *one year only* by himself his servants or agents, work it or authorise others to do so under a *patent licence* without affecting his rights, and the public use or knowledge of an invention obtained surreptitiously or in fraud of the actual inventor, or communicated to the Indian public in fraud of him or in breach of confidence is not deemed a public use or knowledge, provided that the inventor has not acquiesced and that he applies for Letters Patent within 6 months after the commencement of such public use.

No time is limited within which a Patent must be worked.

To enable Agents to secure an Indian Patent a short authority is requisite authorising them jointly and severally "to apply for and obtain from the Government of India an exclusive privilege for " and to sign (my or our) name to such documents and do such acts as may be necessary or expedient in relation thereto." This power had better be signed before and authenticated by a Notary Public Magistrate or Justice, of the Peace.

The Patentee may assign his exclusive privilege by *Deed* which should be registered in Calcutta, and he may also grant licences to use the invention in any particular place or for a specified time. Assignments when executed abroad should be authenticated by a Notary Public.

Power is vested in the Governor General in Council to extend any Patent for a further term not exceeding 14 years in cases where the inventor petitions more than 6 months and within 1 year from the expiration of the first term of 14 years. This extension will, however, not be granted, unless some good and sufficient grounds are assigned therefor.

The Government fees in connection with an Indian Patent amount to about Rs 105 or £ 10 10, and the agency charges for securing a Patent depend mainly on the intricacy of the invention and on the skill and labor incidental to the preparation of the necessary documents.

Messrs Rogers and Remfry of this city solicitors have kindly furnished us with the above notes on Indian Patent law, and it is hoped that such remarks will throw some light on many of the questions which naturally arise whenever it appears desirable to secure a fitting recompense for ingenuity, but the uninitiated will nevertheless seldom be wise in dispensing with the assistance of those who have given their attention to the subject of Patents.

ECCLESIASTICAL FEES.

The following amended Rules for the levy of Ecclesiastical fees throughout India, which have been framed by His Excellency the Governor-General in Council, are published for general information, in superseasion of the Rules which appeared under Notification No. 548, dated the 18th September, 1868:—

I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

II.—In addition to the fee for the Surrogate's license, a fee of Rs. 10 shall be charged on all marriages by license, except the marriages of officers and others in the Military or Naval Service of Her Majesty.

III.—The fee for the Surrogate's license shall be Rs. 50 both at the Presidency Towns and in the interior. No fee will be charged on marriages by banns.

IV.—When registers are searched and copy of any entry given, a fee of one rupee shall be charged for the first year,* and four annas for every additional year over which the search may extend, as well as a fee of one rupee for the certificate. Soldiers, sailors, and non-commissioned and petty officers are exempted from payment.

V.—A fee of eight annas for every square foot of ground occupied shall be charged for the construction of any masonry grave in a burial ground.

VI.—A further fee of one rupee per square foot shall be levied on the erection of a monument in a burial ground: provided, however, that for a simple headstone or flat slab of the size of an ordinary headstone, an uniform fee of Rs. 15 only shall be charged. A fee of Rs. 75 shall be levied on a faculty for the erection of a monument in a Church.

* First year, taken to mean any one year indicated by the applicant.

VII.—The fees levied on the construction of masonry graves and the erection of monuments, shall form a fund for keeping the burial ground and Church compound in order, except in Calcutta and Bombay, where they will be credited to Government.

VIII.—British soldiers and non-commissioned officers are exempted, with retrospective effect, from the payment of any fee for the construction of masonry graves, or for the erection of monuments in burial grounds to the memory of their comrades, wives, or children. No monument, however, either regimental or private, shall exceed six square feet, and no masonry grave shall occupy more ground than an area of eight feet by four. The simple stone slab or headstone should be generally adopted.

IX.—The Chaplain may at his discretion reduce or altogether remit, in cases of extreme poverty, the fee for searching registers and making copies, as well as the fee leviable on the construction of masonry graves, but not for the erection of monuments.

X.—The fees prescribed in these Rules should be paid to the Chaplain, or, in the absence of the Chaplain, to the officer in charge of the burial ground, and shall be duly accounted for.

DISSENTER'S BURIALS.

The following is an extract from an official communication to the Military Board, dated the 28th September 1848.

It should be distinctly understood, that it is not optional with the Clergyman to give or withhold the key of the Burial Ground; which must be opened whenever it is required for purposes of interment by Europeans or Christians, of whatever sect or denomination.

"The Lord Bishop has also been informed, that in respect to ground which has been consecrated by him, or ground which may be set apart hereafter at a station, for the purpose of burial, it is desirable that a sufficient portion should be reserved for the use of Dissenters."

CALCUTTA CITY MISSION.

Established 4th February, 1853.

Objects.—To extend the knowledge of the Gospel among the nominally Christian inhabitants of Calcutta and its vicinity (especially the poor) without any reference to denominational distinctions or peculiarities of Church Government. Lay Agents are employed to visit from house to house, read the Scriptures, engage in religious conversation, and urge those who are living in the neglect of religion to observe the Sabbath and to attend public worship. The Hospitals, Alms-House, and Leper-Asylum are regularly visited ; and the spiritual welfare of European soldiers and sailors is attended to. Each Agent has his separate sphere of labor, and acts under an Honorary Superintendent, viz :—

<i>District.</i>	<i>Agents.</i>	<i>Superintendents.</i>
Toltollah	... A. Hodgen.	... Rev. J. Richards.
For Bengalee-Speaking Christians ..	J. Mundel	... Rev. J. Robinson.

A Female Agent, Miss Fendall, is employed for visiting the female wards of the Hospitals, &c., and in connection with the Mission there is a Committee of Ladies, who provide proper accommodation and superintendence for the penitent fallen.

CALCUTTA CHURCH MISSIONARY ASSOCIATION.

Established A. D. 1823. Meetings held at the Old Church Parsonage.

Patron.—The Lord Bishop of Calcutta.

President.—The Venerable Archdeacon Baly. *Vice-Presidents.*—The Members of the Calcutta Corresponding Committee of the Church Missionary Society.

Committee.—Rev. E. C. Stuart, B. A.; Rev. C. Bonhwetsch; Rev. S. Dyson; Rev. A. Stern; Rev. J. Welland; Rev. J. Vaughan; Rev. Dr. Baumann; Rev. E. K. Blunhardt; Rev. T. Leupolt; Rev. M. S. Seal; Rev. F. J. D'Rozario; E. T. Hanby; W. H. Ryland, and W. M. Walton.

Secretary.—Rev. J. Vaughan. *Joint-Treasurers.*—Rev. J. Vaughan and J. Wetherill.

The design in the formation of this Association was, "that the friends of the Church Missionary Society might co-operate with the Missionaries of the Church Missionary Society in and about Calcutta, promoting the Propagation of the Gospel," and this it does by maintaining Native Christian Catechists and Teachers, and supporting and superintending Schools for the Natives, both Christian and Heathen. The Christian Instruction Society employs those Native Christian Readers to read and explain the Sacred Scriptures weekly to above 800 servants of nearly 100 Christian families in Calcutta; it is a branch of this Association.

The Association supports an English School for the benefit of Native youth at Calcutta, and another at Bistopore near Itajahaut; it has also in connection seven boys' Vernacular Schools, with about 350 pupils in other villages.

AGURPARAH.

The Mission work here is carried on in all its branches as heretofore. There is a small congregation who assemble for Divine Service in the beautiful Church at the station.

The English School continues in a very efficient state under the management of the Rev. F. J. D'Rozario and Gooroo Churn Bose; the number of pupils is about 300, who are taught by Native Christian Teachers. There is also a Vernacular School connected with the Christian Institution in this branch of the Calcutta Church Mission, with 100 Scholars.

MISSION OF THE LONDON MISSIONARY SOCIETY IN BENGAL.

Its object is to preach the Gospel to the Natives, and to promote the Christian education of Native youth of both sexes, to found and build up Native Christian Churches, and to educate Native Christian children. The principle of the London Missionary Society is to preach and teach the Gospel without reference to Sectarian peculiarities, leaving it to Converts to choose their own form of Church Government. The Society's North Indian Missions are at Calcutta and its suburbs, Berhampore, Benares, Mirzapore, Singrowlee, Almora, and Raneekhet. It has fourteen European Missionaries in Bengal and the Upper-Provinces, six ordained Native Missionaries, eleven Native Churches, six English Churches, five Central Institutions with affiliated Schools for boys, and seventeen Schools for Native Girls.

The Missionaries of the London Society have usually been employed in preaching in the Vernacular to the Natives, and in educating the young, they have also been engaged in translating the Scriptures, and in Christian literary labors.

The local pecuniary affairs of the Mission in Calcutta are managed by the Bengal Auxiliary to the London Missionary Society. This Society was instituted fifty-nine years ago.

Honorary Secretary.—Rev. H. A. Etty, M. A.

Honorary Treasurer.—J. Flemington.

Missionary to Seamen.—Rev. A. W. Rust.

The general object of the Colonial Church and Continental Society is to send out *Seamen, Caterhists and School-Masters* to the Colonies of Great Britain, and to British residents in other parts of the World.

"The Calcutta Seamen's Mission" in connection with it, is designed to supply religious instruction for the large body of Seamen—British and American—estimated at 20,000 annually, who frequent the Port of Calcutta.

The Committee commend the agents of the Mission to the favorable reception of commanders and officers of vessels; and urge upon them the importance of availing themselves of his assistance in holding Divine Service for the benefit of their respective crews.

It is confidently hoped that every facility will be afforded when visiting ships for obtaining general intercourse with the crew.

The "Seamen's Church" at Prinsep's Ghat has been opened since January 1867. Hours of Divine Service as follows—Sunday Morning 11 o'clock; Evening 4 past 6, Wednesday Evenings, 7 o'clock. Holy Communion on one Sunday each month.

THE WOMEN'S WORKSHOP.

81, Bentinck street.

This Institution was established in October 1869. It began with 20 workers, and now numbers 80. All kinds of plain Needlework and Knitting are done. The charges are such as are usually paid to Durzees. Many things are made for sale, which are both good and cheap. Price-lists and samples may be had on application to the Superintendent. A Durzee is kept to cut out the work and care is taken that orders are correctly carried out. The people employed are the poor Christian women of Calcutta, many of whom have no other means of support, and quite one-third are widows. It is a Workshop and not an Alms-house, therefore the women only receive each week what they have actually earned. But the people are so poor that the Committee are obliged to give each a cup of tea and a biscuit daily, as many of them go to the Workshop fasting; often half of the biscuit is carried home for a child or old mother or other helpless relations. In busy times it is only the old and inferior workers who are reduced to such sad straits. The people crowd in daily, and are eager for work. When it is plentiful, the place is a little bee-hive; when there is little work, they go away sad and down-hearted, or sit waiting if, perchance, work may be sent in, and they can earn a few pice before the close of the day. The establishment is kept up by subscriptions and donations. Friends are only asked for a subscription of Re. 1 per month. The money want of the Institution is Rs. 140 per month. But the great want is a good and steady supply of work. The Committee appeal to the ladies and gentlemen of Calcutta.

DEPARTMENT OF PUBLIC INSTRUCTION.

Office, No. 22, Chowringhee road.

Director of Public Instruction.—W. S. Atkinson, M. A.

Inspectors of Schools, Bengal.—Central Division, H. Woodrow M. A. (on leave.) C. B. Clarke, M. A., (officiating.) South-East Division, R. F. Rampini, C. S. (officiating.) South-West Division, H. A. Hopkins B. L., C. S. North-West Division, S. W. Fallon, Ph. D.; North-East Division, C. Martin (officiating.) Buddo Mukhopadhyas, Inspector of Schools, North Central Division.

RULES FOR GRANTS-IN-AID TO COLLEGES AND SCHOOLS.

1. A GRANT from provincial revenues is assigned by Government annually for each district, to be expended in grants-in-aid to schools not under Government, provided they fulfil the conditions prescribed in the following rules. The grant-in-aid allotment to each district for the year 1873-74 is shown in column 6 of the schedule attached to these rules.

2. Subject to approval and confirmation the district grant is distributed by the district Committee of Public Instruction to schools which are certified to be eligible under these rules, reference being had to the requirements of each locality as compared with others, and to the funds disposable.

3. The District Committee will draw up, at some meeting not later than the 15th January in each year, a grant-in-aid budget for the next ensuing financial year, showing—

- (a) The current unexpired grants which will run on throughout the year in gross, the number of and total grants to schools of each class only being shown. If any such grants have been reduced on account of failure to comply with the conditions the fact should be noted.
- (b) The grants to expire during the ensuing year, with detailed statement of renewed grants it is proposed to give, and of reasons for which the Committee propose a renewed grant at the particular rate they may fix.
- (c) New grants which are to be made from the beginning of the ensuing year, or on the expiry of old grants, with full details.

All renewals of grants which will expire during a year must be decided by the Committee before the beginning of each year, and included in the grant-in-aid budget. All grants, whether new or renewed, must, for the future, terminate at the end of the financial year.

Every new grant proposed during the year must be reported specially, with full information as above; such grants can be reported singly or together, if more than one grant is given at a time.

A statement of all proposed grants must be submitted to the Circle Inspector, who may refer back to the Committee any case in which the grant is, in his opinion, given without due regard to the principles laid down by Government and may call for any information he may deem necessary. If the Inspector sees no objection, or if objecting, the Committee on reconsideration adhere to their view, he will refer the grants with his own opinion for the orders of the Commissioner who may disallow any grants or may pass them. The grant statements passed by the Commissioner will be submitted to the Director for the final sanction of Government. It will be open to the Commissioner to permit the Inspector to dispose of ordinary grant-in-aid business and to refer for the orders of the Commissioner only those cases where there may be a difference of opinion between the Committee and the Inspector. The Director will publish annually in the *Gazette* a list of all new and renewed grants made in the annual budgets of each district, and he will publish quarterly statements of grants made during the year.

4. Any school to which aid is given, together with all its accounts, books, and other records, shall be at all times open to inspection and examination by any officer appointed by the Government for the purpose; and to this end the records and accounts shall be placed in such custody that they will be always accessible on the visit of any inspecting officer. Such inspection and examination shall have no reference to religious instruction, but only to secular education.

5. Inspecting officers will interfere as little as possible with the local management of schools, but are employed to see that the instruction is efficient, and that the conditions on which the grants were made are fulfilled; and aid will be withdrawn from any school in which such conditions are not fulfilled.

6. Grants are given on the principle of strict religious neutrality, and no preference will be shown to any school on the ground that any particular religious doctrines are taught or not taught therein.

7. Grants-in-aid will be made to such colleges and schools only (with the exception of normal schools) as require some fee, however small, from their scholars. Special exemption from this rule may be allowed by the District Committee, subject to the orders of the Commissioner of the division, and of Government through the Director of Public Instruction, in the case of a middle, lower, girls' or special school: provided that the education gratuitously given in such a school is confined to the children of the poor, that the endowment to which help is asked from the grant-in-aid fund is assured and permanent, and that proper machinery for managing the school is shown to exist. In the case of higher schools and colleges exception may be made by the authority of Government through the Director of Public Instruction, provided that gratuitous instruction is confined to those who are unable to pay for higher education, and that those scholars only are selected who are qualified to profit by free education, under rules approved by the Director.

8. The promoters or managers of any body by whom application for a grant is made must appoint a Secretary to conduct their correspondence with the District Committee and the Inspector, and they must record the names of the managers.

9. The managers are responsible for the due application of the school funds in accordance with the conditions of the grant.

10. In respect of any school for which application is made, full information must be

supplied on the following points, and must be thrown into the shape given in Form A * appended to these Rules :—

- (a) The pecuniary resources, permanent and temporary, on which the school will depend for support.
- (b) The proposed monthly expenditure in detail.
- (c) The average number of pupils to be instructed.
- (d) The persons who will form the Committee of Management.
- (e) The nature and course of instruction.
- (f) The fees which it is proposed by the managers to levy.
- (g) The number and salaries of the teachers.
- (h) The nature and amount of aid sought
- (i) The treasury at which the grant, if sanctioned, is to be payable.
- (k) The existence of other schools of a similar class within a distance of six miles.

11. Applications for grants-in-aid may be made either to the Inspector of the circle or to the Secretary of the Local Committee. In the latter case the Secretary will register the application for the information of the Members of the Committee, and will see whether it is, so far as he can judge, admissible under the rules. If it is, he will forward it for the opinion of the Inspector. The Inspector will satisfy himself whether the application received by, or forwarded to him is one which is admissible under the rules, and, if so, he will certify that it is so, stating the class of school and the maximum grant to which it is admissible. He will also note his opinion of the merits of the application and he will forward it to the Secretary to the Committee with his certificate endorsed. The Secretary will then register the application as one certified to be admissible, and such register shall be open to the inspection of the Members of the Committee and shall be produced for their consideration on the next occasion on which grants are assigned.

12. Grants shall in no case exceed in amount the sums to be expended from private sources, except in special cases, under special orders of Government. Expenditure from school fees and from municipal contributions will be reckoned as expenditure from private sources.

13. Aided places of instruction are divided into the following classes :—

Colleges—In which students who have passed the University Entrance Examination are educated in the University Course or any part of it.

Higher Schools—In which students are educated up to the standard of the Entrance Examination.

Middle Schools—In which the scholars are educated up to a standard lower than the University Entrance Examination, but above elementary instruction.

Lower Schools—In which the scholars receive elementary instruction only, and in the vernacular language.

Girls' Schools—Including agencies for *zen-na* instruction.

Normal Schools—For the training of masters and mistresses.

Special Schools—For instruction in special subjects.

14. Grants are of two kinds—annual grants and special grants.

ANNUAL GRANTS.

15. For colleges, the grants shall not exceed one-third of the income guaranteed from private sources.

16. For higher schools, the grants shall not exceed one-half of the income guaranteed from private sources,

17. For middle schools, in which the expenditure is more than Rs. 30 a month, the grants shall not exceed two-thirds of the income guaranteed from private sources, except in the districts of—

The Cooch Behar division,
Dinapore,
Rungpore,
Mymensing,
Chittagong,
Tipperah,
Noakhally,

The Patna division,
Purneah,
The Orissa division,
" Chota Nagpore,

the *maximum* grant will not ordinarily be given.

20. Grants will be sanctioned ordinarily for terms of five years, but it will be in the power of the District Committee to make another grant to the same school for a second or third term of years. Ordinarily, renewed grant will be considerably below the maximum allowed under rules 14-18, and the grant to a school should grow smaller and smaller on such renewal. In this way money will from time to time be set free, and the Committee will be able to aid new schools, even though their grant-in-aid allotment remains stationary.

When a grant is submitted for sanction a statement of the proposed establishment of the school will also be submitted for insertion in the Director's authorisation of the grant.

21. The sanction of a grant is conveyed in the following form:—

Office Memorandum of the Director of Public Instruction

(1.) A grant of Rs. _____ a month is sanctioned from the _____ 187 _____
for the _____ school at _____ in zillah _____,
on the following conditions:—

(a).—That Rs. _____ a month at least be regularly contributed from private sources.

(b).—That the following scale of expenditure be maintained:—

	Rs.	As.	P.
Head-Master
2nd "
3rd "

Servants
Contingencies

Unless any alteration be sanctioned by the District Committee—

(2.) The grant is payable every two months, the bills being drawn for the two months ending respectively the 31st May, the 31st July, the 30th September, the 30th November, the 31st January, and the 31st March.

(3.) The two monthly bills (in Form B annexed) must be sent to the Deputy Inspector for countersignature, and must be accompanied by a certified abstract (in Form C annexed) of the receipts and disbursements of the school for the two months preceding those for which the bill is drawn. After countersignature the bill will be paid at the ----- treasury

(4.) The two monthly bills and the certified abstract of the school accounts must be signed by the Secretary of the school.

(5.) The bill is countersigned on the distinct understanding that the salaries and other charges certified by the Secretary to have been paid, have actually been paid.

(6.) Contingent charges are to be accounted for in detail.

(7.) Salaries for service in any month become due on the first day of the following month.

(8.) The grant is liable to be reduced or withdrawn if the payment of any teacher's salary is delayed for more than two months after it has become due.

(9.) The grant is liable to be reduced or withdrawn if the school is unfavorably reported on as regards the attendance or proficiency of the scholars.

(10.) The grant is liable to be reduced or withdrawn if the managers employ ill-qualified masters, or if they keep their accounts in a negligent and untrustworthy manner, or if they send up incorrect accounts, or if they fail to transmit punctually the periodical returns required by the Education Department, or if the school-house is unfit for the purposes of the school, or is untidy or dirty.

(11.) The grant is liable to be reduced or withdrawn if the teachers keep untidy or untrustworthy registers, or if they are frequently absent from duty.

(12.) The Deputy Inspector will transmit to the Inspector, for final check and audit, the two monthly accounts, and an abstract of the bills passed by him: and if the Inspector should find that the conditions of the grant have not been complied with, he will direct the Deputy Inspector to make such retrenchments from subsequent bills as may be necessary to secure the due observance of the rules in force.

(13.) Holidays are not to exceed sixty days in the year, exclusive of Sundays, except under peculiar circumstances, and with the sanction of the District Committee.

(14.) Every new election to the Committee of Management must be notified to the District Committee, under the signatures of the Secretary and of the member or members elected.

(15.) Every change of Secretary must be notified to the District Committee, under the signatures of the new Secretary and the members of the Committee of Management.

SPECIAL GRANTS.

21. Special grants are given towards the cost of furnishing school-houses, and providing maps and other school apparatus, in consideration of expenditure from private sources incurred in the establishment and equipment of schools, and on condition that the managers undertake to refund the amount of any such grant, if the school obtaining it should be abolished within a period to be fixed by the Director of Public Instruction.

22. Special grants are given towards the cost of building school-houses, provided such houses are pucca masonry structures.

23. Grants are not given to pay off debts for building, nor in consideration of former expenditure for building, nor for the maintenance of buildings.

24. Before a building grant is sanctioned, the site, plans, estimates, specifications, title, and trust deed, must be approved by the Commissioner of the Division.

25. The trust deed must declare the building to be granted in trust for school purposes, and for no other purposes whatever. It must also provide for the legal ownership of the premises, for the proper maintenance of the building, and for the inspection and management of the school.

26. The grant is not paid until—

(1.) A report is received from the Executive Engineer, Department of Public Works, certifying that the building has been completed in accordance with the sanctioned plans and specifications; and

(2.) A certificate is received from the managers, setting forth that the funds in their hands will, when added to the grant, be sufficient to meet all claims, and finally close the account.

SPECIAL RULE FOR BACKWARD DISTRICTS.

27. In the districts mentioned in rule 16, the District Committee may, if they cannot usefully spend their grant-in-aid allotment in the manner provided by the foregoing rules, propose through the Commissioner schemes for encouraging aided schools—

(1.) Either by making an allowance to each school according to the requirements of its masters, as for instance—

A yearly grant not exceeding	Rs. 100	for each master who holds the degree of B A ;
"	"	" 75 " " had passed the First Arts Examination ;
"	"	" 40 " " Entrance
		held a certificate as a passed pupil of a Government or aided normal school.

(2.) Or by making an allowance to each school according to the attainments of its pupils, as for instance—

A yearly grant of	Rs. 50	for each boy who passed the Examination ;
"	"	" 15 " " Minor or Vernacular Scholarship test
"	"	" 5 " " Pathshala Scholarship test

(3.) Or by making an allowance of one rupee per annum for each boy who attended school more than 180 days in the year; and an extra rupee per annum for each boy who can pass in reading, writing, and the four rules of arithmetic.

The course of Instruction includes Classics, Mathematics, Surveying, the Native languages, and the usual branches of an English education. There is a lower School for the younger boys who have to be trained in the first elements of knowledge. In the upper School boys are prepared, should they remain long enough, to graduate in the University of Calcutta.

The vacation commences on the 15th December and ends on the 15th of February. The School term, which lasts for ten months, is divided into four quarters; and a report of the conduct and progress of each boy is sent at the end of every quarter. The boys are examined in all their studies twice a year, in July and in December. In the July examination, the Bishop Wilson's Scholarship, worth Rs. 20 per month, and the Arson's Scholarship, worth Rs. 14 per month, are competed for: in the December examination prizes are awarded by the School to the most deserving boys.

TERMS FOR BOARD, TUITION, AND WASHING.

For Pupils remaining during the vacation	Rs.	480 a year.
" " going home " " "	"	440 "
For Day Boarders	"	260 "
" Day Scholars	"	160 "

When two or more brothers are admitted as boarders, Rs. 5 per month will be deducted for every boy after the first.

A reduction in the terms is made when boys are admitted on Archdeacon Pratt's Hill School Nomination Endowment Fund.

The School is under the medical inspection of the Station Surgeon, and Rs. 12 are charged for each boy at the end of each year.

Applications may be addressed to the Head Master, Darjeeling, or to the Secretary in Calcutta.

UPPER ORPHAN SCHOOL.

*Established A. D. 1837. At Kidderpore.**Superintendent.*—Charles J Gray ; *Medical Officer,* Dr W J Palmer ; *Lady Superintendent,* Mrs. C. Grant ; *Matron,* Mrs. P. Empson.

The Upper School of the Military Orphan Society is now a Government Institution, supported chiefly by the contributions of the Officers of the Bengal Army, and restricted to the reception of their orphans.

The Society was projected in 1782 by Major-General Kirkpatrick. A proposal for its establishment was circulated to the Officers of the Army in August 1782, which was cordially agreed to with scarcely a single exception. The first meeting of the Society was held on the 29th of March 1783.

The objects of the Society, as stated in the original proposals, and as ever since acted upon, are to provide fixed funds or resources for the maintenance of the children of deceased Officers ; to relieve Officers from the burden of contributing to private subscriptions

in behalf of individual orphans; and in the hour of sickness and of danger to yield them the consolation that, in the event of their dying poor, a certain provision would be secured to their offspring.

LOWER ORPHAN SCHOOL.

Established A. D. 1783. No. 86, Lower Circular Road, 21-Pergunnahs side.

Superintendent.—Chas J Gray; Medical Officer, Dr W J Palmer.

Head Mistress.—Mrs G E MacLeod; Assistant, Miss Pettit.

The Lower School of the Military Orphan Society is a public Institution, wholly supported and ruled by Government, and solely intended to receive and educate the children of European Non-Commissioned Officers and Soldiers attached to the Bengal Establishment. The Lower School was constituted by Government in May 1783, and sanctioned by the Court of Directors on the 24th of February 1786.

The objects of the School are to encourage the European Soldier to enter in the marriage state; to relieve him from the heavy burden of rearing a large offspring with very scanty means, and by the comfortable maintenance and education of his children to attach him to the service by ties which did not previously exist: to rescue the children themselves from the vices and intemperance of the barracks, and having saved them from profligacy, distress, and premature decay; to render them useful members of the community by rearing them up in the principles of the Christian religion, and by educating and respectably setting them up in life.

The concerns of the Institution are administered by a body of Managers, styled the Standing Committee, and the Controller of Military Accounts.

FREE CHURCH ORPHANAGE.

Medical attendance, washing, lessons in music, drawing and gymnastics are extra charges. Entrance fee 10 Rs. for Boarders; 6 Rs. for Day Boarders; 2 Rs. for Day Scholars. Annual contribution of each pupil belonging to Reading Rooms 3 Rs.

Course of Education.—The object of this Institution is to open to the Catholic youth a full course of liberal education, to train up their hearts to virtue, and to adorn their minds with every useful and becoming branch of knowledge. Nevertheless, pupils of other religious persuasions are also admitted.

As learning without education, properly so called, is far from sufficient to satisfy the wishes of parents for the happiness of their children, unceasing care is taken to form the character of the pupils, to inspire them with a love of religion and morality, to naturalize in them gentlemanly manners, habits of cleanliness and order; in short to fit them for the various duties of after-life. They are always attended by some of their superiors, who associate with them during the hours of recreation.

For Prospectus, with further particulars, apply to the Very Rev. the Rector.

The course of studies embraces all the branches up to the B. A. Degree, viz:—

I.—The English Language, as the most important and primary requisite, with frequent exercises in composition and elocution.

II.—The Latin Classics, as leading either to the University degrees or to a thorough knowledge of English.

III.—Bengali, Urdu, Persian, French, and Sanskrit.

IV.—History, Sacred and Profane; Geography, Physical and Commercial, the Use of the Globes, and the Elements of Astronomy.

V.—Arithmetic, Book-keeping, Algebra, Geometry, and Trigonometry.

VI.—Higher Mathematics, Mechanics, Logic, Natural, Mental and Moral Philosophy, Botany, Chemistry, and Natural History.

A Lower or Infant School is open for younger pupils not sufficiently advanced to enter the First Year's Class.

A Museum or collection of specimens and instruments to illustrate Natural Philosophy, Chemistry, &c., is being gradually established. Donations for its development will be gratefully accepted and preserved with the name of the Donor.

Three times a year parents are informed of the conduct, improvement, diligence, and

health of their children. They may visit them on the days and at the hours fixed by the rules. No other visitors will be introduced to them without the express permission of the parents. Boarders allowed to go out on the appointed monthly holidays, are expected back at 8 o'clock P. M., and whether on going out or returning, they must be accompanied by their parents or some person authorized by them.

Extra charges the same as for boarders.

All payments to be made quarterly in advance.

Music books and materials for Needle-work and Drawing to be provided at the expense of the parents.

The moral conduct of the young ladies is watched over with the strictest attention, and while every effort is made to expand and adorn the mind the heart is trained to virtue. The character of the pupils is carefully studied; they are taught by reasoning to correct their errors, and are gradually formed to habits of regularity and order.

The excellent situation of Loretto House is well known. The utmost attention is paid to the proficiency, health, and comfort of the pupils.

RULES.

1. Catholic pupils only will be required to attend Divine Service.
2. It is contrary to the rules of the establishment to receive visitors on Sundays.
3. Parents or guardians may visit the children on Wednesday from 11 A. M. to 2 P. M.; but they are not expected to visit them oftener than once in the month.
4. Three vacations are given during the year—a week at Easter, a fortnight during the Summer, and about a month at Christmas. Besides the vacation times, boarders, whose conduct has been satisfactory, will be permitted to go home on the last Thursday of every month, their own birthday and that of their parents, and in any case of necessity.
5. No reduction is made on account of absence from school during the fixed vacations.

6. Each month's education being paid for quarterly in advance, no allowance is made for absence when a month is once entered upon.

7. Previously to the removal of a child from school, a month's notice or the payment of a month's pension is required.

8. Each young lady on entering Loretto House is to come supplied with the clothing and uniform prescribed by the rules of the Institution.

It is particularly requested that parents or guardians will deposit with the Lady Superior the pocket-money which they may allow for the use of their children or wards. This precaution is necessary in order to prevent the injudicious or injurious outlay of such money by the pupils.

Parents or guardians are requested to appoint an Agent in Calcutta to procure for their children or wards whatever clothes, &c., &c., they may require after admittance into the establishment.

References for further information to be made to the LADY SUPERIOR of Loretto House.

Much inconvenience to the community having been frequently occasioned by visitors calling at unreasonable times, it has been arranged that except in case of necessity, visitors will be received only at the hours fixed upon by general usage in Calcutta, viz., from 11 A. M. to 2 P. M.

The community will feel greatly obliged if parents, guardians, or others who may have business to transact at the Convent will kindly attend to this Regulation when they can do so without inconvenience.

LORETTO BRANCH BOARDING AND DAY SCHOOL.

THE INDIAN REFORM ASSOCIATION.

Office—No. 2, Mirzapore street.

The Indian Reform Association was established on Wednesday, the 2nd November 1870, with a view to promote the social and moral reformation of the country. Any one interested in the above object is eligible as a member of the Association, on payment of a yearly contribution of two rupees. In order to carry on efficiently the various works of reform which it is proposed to undertake, the Association has been divided into the following five sections:—

I.—Female Improvement.

II.—General and Technical Education.

III.—Cheap Literature for the Poor.

IV.—Temperance.

V.—Charity.

The following gentlemen have been appointed office bearers of the Association:—

President.—Keshub Chunder Sen.

(Ex-officio President of all the sections.)

Honorary Secretaries.—Gobind Chunder Dhur and Narendra Nath Sen.*Committee of Management.*—The Secretaries and Directors of the several sections.

FEMALE IMPROVEMENT.

Secretary.—Woomesh Chunder Dutt, B. A.

The object of this section is to promote the intellectual and moral improvement of Hindu women. The following means will be employed to carry out the object—Girls' Schools, Adult Ladies' Schools, Normal Schools for training up native female teachers, publication of books and periodicals for women, prizes to such as may distinguish themselves at periodical examinations, and Conversational Meetings.

GENERAL AND TECHNICAL EDUCATION.

Secretaries.—Krishna Vahari Sen and Amritta Lal Bose.

An Evening School has been established in Calcutta, at Nemoo Khansamah's Lane to impart instructions in English and Bengali to the laboring classes and servants. The school is open from 7 to 9 P.M., daily, Sundays excepted, and embraces the following subjects of study :—Language, Arithmetic, Geography (General and Physical), History of India, Lessons on Things, Physical Sciences and Moral Instructions. The Morning School is open from 7 to 9 A.M. Instructions are given at present in Clock and Watch Repairing.

A school has also been established at Nemoo Khansamah's Lane since January 1872, called the Calcutta School for imparting education up to the Entrance Standard at a moderate charge. The schooling fee has been paid at Rs. 2 for the Senior and Rs. 1-8 and 1 Re. for the Junior department for each pupil.

CHEAP LITERATURE.

Secretary.—Wanda Nath Gupta.

With a view to diffuse knowledge among the masses of the people, cheap and easy tracts, books and periodicals will be published from time to time. A weekly paper has been started under the name of the *Sular Samachar*, price one pie, which contains besides miscellaneous news, easy and short essays on moral, political, and social topics; and the biography of good and great men. It is already a self-supporting paper and has a circulation of more than 4,000 copies.

TEMPERANCE.

Secretary.—Kamie Lal Pyne.

All available means will be employed to check the progress of drunkenness in the country, viz., temperance tracts and lectures, publication of statistics of crime, disease and death arising from intemperance, visits to young men, formation of branch societies, and co-operation with temperance friends in England.

CHARITY.

Secretary.—Kantty Chunder Mitter.

The object of this section is to promote works of charity according to the funds at its disposal. To help poor students with books, schooling fees, &c., to aid the blind and deaf, to offer regular monthly contributions to widows and orphans and destitute families, to give medical help to the sick, are some of the objects it has in view.

Not only are donations and regular monthly subscriptions invited from the generous public towards the furtherance of such objects, but also old clothes, broken furniture, and other things rejected as useless by the owner.

From Marseilles to London.

First Class Through Tickets are issued in Marseilles for the journey from Marseilles to London. These Tickets are available for one month, and the holder is entitled to break the journey during that period by stopping at Lyons, Dijon, Paris, Amiens, Calais, and Dover (or Boulogne and Folkestone.) Price—Via Dover and Calais, £7-0; via Folkestone and Boulogne, £7-5.

GENERAL INFORMATION.

The Company's Steamers proceed now direct to Marseilles (discharging only at Galle) via the Suez Canal, and Passengers have no more to bear the inconvenience and expense of the transit by rail through Egypt.

Table Wines are supplied free, and choice wines, Champagne, &c., can be purchased on board the Steamers.

First Class Passengers.

Every First Class Passenger is entitled to one berth in a two-berth cabin.

The exclusive use of one cabin can be secured for one Passenger on paying 50 per cent. over the first class fare.

Second Cabin Passengers.

In consequence of new arrangements, Special Second Cabin accommodation has been provided for Ladies and Gentlemen, who are entitled each to one-berth in a four-berth Cabin and have the use of a Reserved Saloon with Private Table.

Steerage Passengers.

Steerage Passengers occupy berths in a General Cabin, formerly allotted to Second Class Passengers, with separate table.

Children.

Children (with the Parent) between three and ten years of age, are charged half-rate of the class of the Parent, those under three years (no berth provided) free.

Should more than one child under three years be conveyed, one quarter of the rate will be charged for each child, exclusive of the one taken free, and one berth will be allowed for one child paying half fare, or two children paying quarter fare.

European Servants.

Passengers' European Servants will be admitted as Steerage Passengers, paying that rate. They may however obtain berths in a special cabin, on an additional payment of 20 per cent. on the Steerage rate, but they cannot in any case be admitted at the table of Second Cabin Passengers.

Reduction on Return Passage.

A reduction of 20 per cent. on the Return Passage is made to Passengers from Ports East of Suez, re-embarking within six months from the date of their arrival, and a reduction of 10 per cent. to those re-embarking within twelve months.

Native Servants and their Return.

The price of passage for a Native Servant includes his return free to the port of embarkation if sent back immediately on arrival, if sent back only within three months after his arrival, the price of his return passage will be reduced to one half.

Baggage.

Passengers are entitled to the Free conveyance of Baggage to London as follow.

First and second class cabin passengers, 3 cwt., Children from 3 to 10 years, and Steerage passengers, 1½ cwt.

N B—All baggage should be strongly packed, and marked with the Owner's name and port of destination in paint, in full. The Company will not be responsible for the safe conveyance of insecure Packages.

Return tickets for Madras, Pondicherry, and Galle.

Return tickets for Madras, Pondicherry, and Galle, available for four months, are issued at a reduction of 25 per cent.

Half the amount of Passage-money, when the passage exceeds Rs. 200, is required to be paid on securing passage, and the balance a fortnight before embarkation.

Passengers not embarking after paying passage, to forfeit half the amount of passage-money.

In case, however, of a passenger being unavoidably prevented from availing himself of a passage at the period for which it is taken, a transfer of the passage can be effected to a subsequent Steamer on sufficient notice being given, without forfeiture of any portion of the deposit paid, and accommodation will be allotted as similar as circumstances will permit.

The passage Tickets are granted by the Company, subject to certain Conditions and Regulations, which are endorsed thereon; and before the tickets can be made available, the Passengers must subscribe to the Conditions by affirming their Signature thereto.

Time Tables, Rates of Freight on Goods and Parcels, and any further particulars on the INDIA, CHINA, and JAPAN, REUNION and MAURITIUS, as well as for the MEDITERRANEAN, BRAZIL, and RIVER PLATE LINES, can be obtained by application to the Company's Office, where the plans of the Steamers may be also seen.

Line No 7—Calcutta and Bombay Coasting Line, fortnightly

From Calcutta every alternate Tuesday | From Bombay every alternate Tuesday

[The steamers starting from the terminal ports in different weeks.]

The Company cannot guarantee the steamers sailing from the intermediate ports on the dates even in the time tables, but every effort is made to ensure their doing so.

Passengers proceeding to Bombay from Calcutta may land at Madras and proceed by rail to Bombay and meet the steamers there or at Colicut.

Passengers from Bombay to Madras and Calcutta may land at Beypore, and take the Railway to Madras; the first-class Railway fare between Madras and Beypore is Rs. 24.

By the steamers of this line passengers and cargo are booked at through to Singapore, Batavia, Saigon, Hong-Kong, and Shanghai, in connection with the Messageries Impériales Steamers leaving Galle 10th, to 12th of each month.

Notes—The following are the fixed ports of call at which all the fortnightly steamers on this line touch (weather permitting) viz., Gopulpore, Bimlipatam, Vizagapatam, Cocanada, Madras, Negapatam, Galle, Tuticoria, Cochin, Calicut, Cannanore, Mangalore, and Carwar. The ports at which the steamers only occasionally call, also those at which the steamers call every fortnight only, will be found in the time tables. Until further notice all the steamers will call at False Point, Colombo, Beypore and Tellicherry.

During the South-West Monsoon, viz., from the beginning of June to end of August, the steamers do not communicate with the ports of Mangalore, Cannanore, Calicut and Cochin, but passengers for these ports and the Neighbouries may be landed at Narrakal, six miles north of Cochin, from whence they may proceed by back water to stations on the Madras Railway.

INFORMATION AND GENERAL REGULATIONS.

Passengers.

The rate of cabin passage-money includes table, but not wines or liquors, which are provided on board and charged as per scale in possession of the steward. Bedding, linen, and all requisite cabin furniture are provided in the steamers at the Company's expense.

The full amount of passage-money is payable on accommodation being secured. Parties failing to embark after securing accommodation to have half the passage-money returned.

Return-tickets, available for one month from the date of landing, are issued to cabin passengers only, at a reduction of one-fifth of the return passage-money. Passengers holding return-tickets, and travelling on board the steamers after this period will be charged on board with a fifth part of the return passage-money, if not previously paid on shore to an Agent of the Company.

No berth can be occupied by any passenger without application to the Agents on shore or the steward on board.

During the North-East Monsoon when all the berths are engaged quarter deck passages are granted to gentlemen entitling them to mess at the cabin table, at two-thirds of first-class fare. Quarter deck passengers are allowed space for a bed on the poop, which must be rolled up during the day, and a trunk or portmanteau of 4 cubic feet.

A number of the steamers are provided with forward cabins; when such accommodation is available, second-class passages, inclusive of meals, are granted at half of first class rates.

Servants, being deck passengers, must not sleep in the saloon nor enter the saloon cabin, except when in actual attendance on their employers.

European servants half of first-class fare. European maid-servants occupying a berth in their mistress's cabin, two-thirds of first-class fare. Native servants on deck, ordinary deck-fare.

The rate of passage for deck passengers does not include diet, but they can be dieted on board as per scale in possession of the steward.

One child under three years of age, if with the parent, free. When more than one, each child additional, will be charged one-quarter fare. Children above three and under ten years, half fare. Children are not allowed in cabin unless accompanied by an adult cabin passenger.

Passengers are strictly prohibited carrying gunpowder, sulphuric acid or any other material which might occasion accidents on board the steamers.

Passengers must comply with the regulations established on board for general comfort and safety.

BAGGAGE.

Each adult cabin passenger allowed 3 cwts. of personal baggage. Any baggage in excess will be charged at cargo rates with 25 per cent added.

Packages containing jewellery, plate, or other valuables, must be specially booked and freight paid thereon.

European servants, and children over three years of age, are allowed 168 lbs. of personal baggage. Deck passengers allowed 56 lbs each.

Passengers are requested to note that the Company will not be responsible for any loss or damage to baggage under their own charge.

STORM SIGNALS.

When there is bad weather in the Bay of Bengal, the following signals will be hoisted at the Flag Staff near the Light-house on Sangor Island; at Mud Point; at the Flag Staff, Diamond Harbour, near the Telegraph Station; at the Flag Staff near the Government Dockyard, Kidderpore, and on the roof of the Sailors' Home—

DURING THE DAY.

Bad weather signal.

A single cone indicates that bad weather probable.

Warning signal.

A black double cone indicates that a cyclone is probable, as a cyclonic vortex is believed to be forming in the Bay.

When this signal is up Pilots will not put to sea, unless in their judgment the local weather symptoms are such that this course is not imprudent; and unless the Master concurring in this opinion, distinctly takes upon himself the responsibility of going to sea, and gives the Pilot a writing to that effect.

Danger signal

A black drum indicates that a cyclone is approaching, a vortex having been formed. When this signal is hoisted, Masters or Pilots in charge of vessels are forbidden to put to sea from Sangor, or proceed down from Diamond Harbour, and should make their vessels as snug and secure as possible.

Appendix.

AT NIGHT.

The following signals only will be used :—

Warning signal.

Three lights in a triangle.

Cyclone probable.

Danger signal.

Four lights in a square.

Cyclone approaching.

The following rules for the guidance of Running Pilots are also published for general information :—

When the warning signal, as described in the Notification of the 12th April 1873, is hoisted on the Flag Staff at Saugor Island near the Light-house, or at Mud Point, officers in pilotage charge of vessels will not put to sea, unless in their judgment the local weather symptoms are such that this course is not imprudent; and unless the Master, concurring in this opinion, distinctly takes upon himself the responsibility of going to sea, and gives the Pilot a writing to that effect.

When the danger signal, as described in the Notification of the 12th April 1873, is hoisted on the Flag Staff at Saugor Island near the Light-house, or at Mud Point, officers in pilotage charge of vessels shall not put to sea, but should make the vessels under their charge as snug and secure as possible; nor should they proceed below Diamond Harbour when a black drum is hoisted at the Flag Staff near the Custom House.

PASSENGERS' BAGGAGE.

The following rules regarding passengers' baggage, passed under Section 4 of Act VI., 1863, are published for the information of passengers arriving in the Port of Calcutta :—

Baggage is not exempt from duty simply because it is baggage.

Baggage is exempt from duty only when it consists of articles free of duty, or of *bond fide* personal wearing apparel and other articles of personal use, the property of the person whose baggage is being passed or of any members of his family, such as are in actual use at time of importation, or have been actually in use previously. It is within the discretion of the officer in charge of the Custom House to determine, subject to the above rules, whether any goods shall be treated as baggage and exempt from duty, or as goods liable to duty.

The following goods are subject to duty according to the schedule in force for the time being :—

Apparel, including millinery, haberdashery, &c.; arms, ammunition, and military stores; beads and false pearls; cabinetware; carriages; clocks; watches, and other time-keepers; glass and glassware; guns; groceries not otherwise described; ivory and ivoryware; jewellery, including plate; leather, and manufactures thereof; liquors—malt, wine, and spirits; musical instruments; metal goods, as—hardware, ironmongery, cutlery; perfumery; photographic apparatus and materials; piece-goods of all sorts, porcelain and

earthenware ; provisions and oilman's stores ; silk ; soap ; spices ; sugar and sugarcandy ; tea ; tobacco ; toys, and requisites for games.

Baggage officers will examine on board only such baggage as is contained in portmanteaus, trunks, or carpet-bags.

All tin cases or nailed down boxes can only be passed at the Custom House.

Baggage will be sent to the Custom House to the baggage-shed, and on arrival will be arranged in the alphabetical order of the names of the owners.

Owners will have either personally or by agent to identify their own property. The appraiser, on examining the goods, will note in a form of entry the value of articles liable to duty, the rate of duty, and amount thereof.

The amount so stated will then be paid to a clerk of the cash department, whose receipts countersigned by the collector, deputy, or assistant collector, will be the authority for the shed officer to pass the goods. The shed officer will give the owner a gate pass-ticket for the number of his packages.

It is optional with the officer in charge of the Custom House to allow the cases of persons about to proceed immediately up-country to be passed without being opened. This discretion will never be exercised except on the personal application of the owner of the baggage, or his or her representative. A detailed statement of contents and value signed by the owner must always accompany the application.

Custom House *employés* are strictly forbidden from receiving any fee, perquisite, or pecuniary reward in any shape.

For the purposes of these rules, the words "officer in charge of the Custom House" shall include the deputy and assistant collectors.

Rules and Regulations of the Port of Calcutta under Section 7, Act XXII. of 1855.

1. No vessel of above 200 tons shall enter the port, or move from one place to another within the port, between sunset and morning gun-fire without the special permission of the Commissioners, provided that a vessel which has entered the port before sunset may at once proceed to a safe anchorage at any part of the port not higher than Prinsep's Ghât. No vessel shall be moored or anchored abreast of the Peninsular and Oriental Company's premises without the permission of the Commissioners.

2. Steam tugs having no vessels in tow shall be permitted to enter the port after sunset at their own risk, but they shall not proceed above Chaudpaul Ghât. The steamer shall be held liable for any damage which she may cause by moving at night.

3. No vessel shall steam, sail, or be towed up on the flood or down on the ebb within the port without the special permission of the Commissioners; and in cases where such permission is granted, the officers in charge shall be held strictly responsible for accidents which may occur in consequence of their taking the vessels up or down at a greater speed than is absolutely necessary in order to keep them under command; and in every case where such permission is granted, the speed of the vessel shall not exceed four miles an hour through the water.

4. No vessel shall steam, sail, or be towed up on the ebb or down on the flood within the port at a speed greater than four miles an hour over the ground.

5. Vessels may at all times drop up or down the port with their anchors on the ground. Steamers of the Peninsular and Oriental Company or of the Messageries Maritimes, and any other vessels specially permitted to start with the ebb, are prohibited from turning from their moorings while vessels are dropping down the reach, but the Deputy Conservator and Harbour Master shall, as far as possible, prevent vessels from dropping down at the time the Peninsular and Oriental Company's steamers and Messageries Maritimes' steamers are about to turn and proceed down the reach. Pilots and Assistant Harbour Masters having charge of outward-bound vessels are forbidden to pass below the India General Steam Navigation Company's jetty on an ebb-tide whilst the Assistant Harbour Master's flag is flying on board any of the outward steamers belonging either to the Peninsular and Oriental Steam Navigation Company or Messageries Maritimes, and they are not to commence dropping their vessels again until the steamer has turned and proceeded fairly down the reach.

6. Vessels entering the port at neap-tides during the freshes are permitted to come up at slack water at a speed not exceeding four miles an hour over the ground.

7. River steamers and tug steamers having no vessels in tow are permitted to move up on the flood or down on the ebb at their own risk, and at a speed sufficient to keep the vessels under command, but in no case shall the speed exceed four miles an hour through the water.

8. Special permission may be given by the Commissioners to ferry steamers to move in the port otherwise than is prescribed in these rules, due limitation being laid down as to place and hours of plying and speed in each case.

9. No vessel having more than the authorized quantity of powder or other combustible ammunition on board shall enter the port. All powder or combustible ammunition in excess of the authorized quantity shall be landed before passing Budge-Budge for deposit at the Moyapore Magazine.

10. When a vessel has on board more than 40 gallons of petroleum, benzole, kerosine, or any oil which may be of an inflammable nature, the Master shall inform the Pilot and Harbour Master on board; and the vessel shall not be moved above Mettea Broose Ghât without the permission of the Commissioners. If the Master delivers to the Pilot or Harbour Master, or the agent delivers to the Commissioners, a certificate duly attested at the port of shipment, stating that the oil is not inflammable, the vessel shall not be detained at the entrance of the port.

N. B.—The words "inflammable oil" shall include any mineral oil or product of oil which gives off an inflammable vapour at a temperature of less than 100° Fahrenheit.

11. Inflammable oil shall only be landed between sunrise and sunset in a covered cargo boat and at such places only as may be appointed for the purpose under the sanction of the Government of Bengal, due notice of which shall have been given to the public. No fire shall be allowed in any such boat during the time that such oil is on board.

11a. The place appointed for landing inflammable oil shall be Neemuck Mehal Ghât, and such oil shall not be landed at any other ghât, except with the special permission of the Commissioners.

12. The Harbour Master and his Assistants shall not be interfered with in the execution of their duty. After a vessel is moored she shall not be moved without permission of the Harbour Master.

13. All vessels within the port shall take up such berths as may be appointed for them by the Commissioners or the Deputy Conservator, and shall move from one berth to another when ordered to do so.

14. All vessels moored in the stream shall keep a clear hawse.

15. No vessel shall use any of the moorings, whether fixed or swinging, without permission of the Commissioners.

16. All applications to be hauled into or cast off from the moorings, or for any other assistance, shall be made either personally or by letter to the Deputy Conservator. Applications will, as far as possible, be complied with in order according to date of receipt.

17. All vessels on arrival in the port shall rig in their jib and driver booms, and shall keep them so rigged in until the Pilot takes charge of the vessel at Garden Reach for the purpose of taking her to sea. They shall also strike their yards and masts, and brace and top up their yards when ordered by the Commissioners.

18. From the 1st day of May until the 10th day of June, and from the 30th day of September until after the 15th day of November, all vessels in the port shall have their top-gallant masts and yards on the deck, shall send down their top-mast yards, and house their top-masts when ordered to do so by the Commissioners. Ships about to leave the port may be allowed to send their top-gallant masts and yards aloft twenty-four hours before leaving, provided that they have left their moorings and dropped down to Garden Reach. Vessels entering the port between the above dates, having top-gallant masts and yards aloft, may be placed in moorings, and the top-gallant masts and yards of such vessels shall be sent down within twenty-four hours after they are moored.

19. On the occurrence of signs of an approaching cyclone, a black-drum will be hoisted during daylight from the flag-staff on the roof of the Sailors' Home, Bankshall Ghât, and another from the flag-staff at the Government Dock-yard, Kidderpore. During the night, under similar circumstances, four bright lights in a square will be exhibited from the same flag-staffs. When these signals are displayed, Masters of vessels shall immediately take every additional precaution in their power to make their vessels snug and secure, they

shall stow their top-gallant masts on deck below the rails, and shall have awnings furled, and the lower and top sail yards counterbraced or pointed to the wind, if not struck. The cables shall be bent to both bower anchors when possible.

20. A free channel of not less than 200 yards width shall be kept for ships moving up or down the river in the port, and also free passages to piers, jetties, landing places, wharves, quays, docks, and moorings; and all vessels shall move when ordered to clear such channels or passages.

21. Vessels lying in the stream, or at the moorings, shall, when required, have at least one anchor at the bow, with a cable bent and ranged ready to let go.

22. Every ship or vessel within the port shall remove any anchor or spar, or other substance projecting from her side, when ordered to do so.

23. All vessels in the stream within the port shall, between sunset and sunrise, have a good light hoisted at the starboard foreyard arm, and vessels permitted to be under way at night shall show the lights prescribed by the Admiralty Regulations.

24. All coasting vessels, cargo boats, bhurs, budgerows, up-country boats, and all passenger boats, shall carry a light in a lantern in the forepart of the vessel, where it can be distinctly seen when under way on the river after dark within the limits of the port.

25. Steam vessels occupying moorings shall not turn their screws or paddles without giving sufficient warning of the intention to boats in the vicinity; they shall not put full power on when trying their engines in the moorings, nor shall any trial under steam be permitted so long as a vessel is lying at the jetties.

26. No person shall smoke or use naked lights of any description in the hold or between decks of any vessel lying in the port. Closed lanterns secured by lock and key, and in charge of an officer of the vessel, shall alone be taken between decks or into the hold.

27. The foregoing rule shall also apply to vessels in dock.

28. Fires shall be permitted only in galleys or fire-places regularly constructed for the purpose, such fires to be kept alight only between morning gun-fire and 9 p. m. Cooking fires shall not be allowed on board of vessels in dock.

29. All gunpowder or combustible matter, such as blue-light composition, rockets, and other fire-works, shall be landed before a vessel is put into dock.

30. The proprietor of every dock shall keep on the premises a good fire-engine, with serviceable hose and fire-buckets ready for immediate use, with a supply of water at hand.

31. With a view to the extinction of fires, all vessels in port shall be provided with three buckets for every hundred tons of registered measurement up to 600 tons, and two additional buckets for every 100 tons above 600, provided that the total number of buckets shall not be required to exceed 60 in any vessel. One-half of such buckets shall be left constantly hung up on the quarter deck or other convenient place.

32. When fire has broken out in any vessel, the officers in charge of all vessels in neighbouring moorings or anchorage shall furl their awnings, get their force pumps ready for use, and prepare for slipping their cables and chains, seeing specially that the pins of the shackles can be immediately knocked out.

33. The river bank being a place of public resort, Masters of vessels in moorings shall have the fore-castles and heads of their vessels screened in, so as to avoid unnecessary exposure.

34. No vessel shall lie at single anchor in the port unless a Pilot or Assistant Harbour Master is on board.

35. All vessels about to leave the port shall hoist the Blue Peter at the fore at least twenty-four hours before leaving the moorings, and shall keep it hoisted until the Pilot take charge of the vessel to take her to sea.

36. Every person who shall wilfully disobey any of the above port rules shall be liable to a penalty not exceeding 100 rupees for every offence.

37. Vessels entering the Port of Calcutta will be liable to pay the port dues and fees under Act XXII. of 1855 and Act XXX. of 1857, as shown in the schedule attached to these rules.

For the better security of vessels against damage or loss by fire, a steam floating fire-engine has been provided, and is always kept under steam ready to proceed at once to any place where her services may be required. The fire-engine station is at Chandpaul Ghât where the vessel is moored, and where a look-out is kept day and night from the top of the engine-house belonging to the Municipality. In case a fire breaks out on board a vessel, notice should at once be sent to the fire-engine station.

1. Consignees must provide coolies for loading carts.

2. The rate for unloading into boats will be one-third of the landing charges. No cargo will be allowed to be put into boats if it is to be landed on the Calcutta bank of the river, between Chitpore Canal and Tolly's Nullah. For rails and iron sleepers the charge will be one-sixth of the landing charges; but vessels discharging into boats under this rule may, after 36 hours' notice in writing, be required to haul out to moorings in the stream if the Commissioners require the jetty.

3. Every ship unloading at the jetties will be charged Rs. 20 per diem.

4. No charge for wharf rent will be made until the third day after landing; e. g., goods landed on Monday will not be liable to wharf rent if removed before Wednesday evening.

5. Damaged goods for which a claim is brought against the ship, will not be charged wharf rent until the fourth day after landing, provided notice of survey, is given to the Jetty Superintendent within 48 hours after the goods have been received from the ship.

By order of the Commissioners,

WM. DUFF BRUCE,
Vice-Chairman.

SCHEDULE 2.

NOTIFIED IN "CALCUTTA GAZETTE" OF 7TH AUGUST 1872.

Of rates to be levied on all goods landed from or shipped on vessels, not being sea-going vessels, using the inland vessels' wharves which have been duly notified by the Commissioners with the sanction of the Lieutenant-Governor:—

A rate of two annas per ton will be levied on all goods landed from or shipped on vessels, not being sea-going vessels, using the above wharves.

PAPER CURRENCY DEPARTMENT.

Constitution.

(1).—This Department is constituted under Act XIX of 1861 of the Government of India for the issue of Government Currency Notes.

Circles.

(2).—India is divided into three Currency Commissionerships, viz., Calcutta, Madras, and Bombay.

Commissioners.

(3).—The Comptroller General is Head Commissioner for Bengal and all India.
The Accountant General Madras is Commissioner for Madras.
The Accountant General Bombay is Commissioner for Bombay.

Arrangement of Offices.

(4).—The following is the arrangement of Offices for the issue of Notes in the three Commissionerships :—

Commissioners.	Head Offices of Issues.	Circle or Geographical Limits within which Notes are a legal tender.	Subordinate Offices of Issue.	Circles or Geographical Limits within which Notes are a legal tender.
Head Commissioner, Compt. General.	Calcutta ..	All the territory under the Lieutenant-Governor of Bengal.	Allahabad .. Lahore ..	Calcutta Circle and all the territory under the Lieut.-Governor, N.-W. Provinces, and the Chief Commr. of Oude. Calcutta Circle and all the territory under the Lieut.-Govr. of the Punjab.
Commissioner, Actt. General, Madras.	Madras ..	The districts of Madras, North and South Arcot, and Salem.	Calicut .. Coconada ..	Madras Circle and the districts of Malabar, South Canara, and Coimbatore. Madras Circle and the districts of Ganjam, Vizagapatam, Godavory, and Kristna.
Commissioner, Actt. General, Bombay.	Bombay ..	All the districts of the Presidency of Bombay Proper.	Nagpore .. Kurrachoe .. Akola ..	Bombay Circle and all the territory under the Chief Commissioner of the Central Provinces. Bombay Circle and the Province of Scind. Bombay Circle and Borar.

Description of Notes.

(5).—Notes of the following denominations, viz., Rs. 5, 10, 20, 50, 100, 500, 1,000 and 10,000 are issued without any limit.

Notes for what issued.

(6).—For Rupees and Small Silver Coins from every Office.

For Bullion from the Head Offices of Calcutta and Bombay.

For Gold from every Office, at Rs. 10 As. 4 per Sovereign, and Rs. 5 As. 2 per $\frac{1}{4}$ Sovereign, Rs. 15 per Mohur, Rs. 10 per $\frac{3}{4}$ Mohur, and Rs. 5 per $\frac{1}{2}$ Mohur, provided the coins are of full weight.

Notes cashed at their respective Offices of Issue.

(7).—Notes are cashed for Rupees and small Silver Coins, for Sovereigns and Mohurs or exchanged for other notes as follows :—

All notes issued from the Head Office at Calcutta are cashed or exchanged for other notes at the Currency Office, No. 1, Dalhousie Square, Calcutta.

All notes issued from Allahabad are cashed or exchanged for other notes at the Currency Offices at Allahabad and Calcutta.

All notes issued at Lahore are cashed or exchanged for other notes at the Currency Offices at Lahore and Calcutta.

All notes issued at Madras are cashed or exchanged for other notes at the Currency Offices at Madras.

All notes issued at Calicut are cashed or exchanged for other notes at the Currency Offices at Calicut and Madras.

All notes issued at Coconada are cashed or exchanged for other notes at the Currency Offices at Coconada and Madras.

All notes issued at Bombay are cashed or exchanged for other notes at the Currency Offices at Bombay.

All notes issued at Nagpore are cashed or exchanged for other notes at the Currency Offices at Nagpore and Bombay.

All notes issued at Kurrachee are cashed or exchanged for other notes at the Currency Offices at Kurrachee and Bombay.

All notes issued at Akola are cashed or exchanged for other notes at the Currency Offices at Akola and Bombay.

Notes cashed at other Offices.

(8).—In addition to the foregoing, Government have, for the better accommodation of the public, directed that notes of other circles shall be cashed at any Office to the extent that the coin reserve of each Office will permit.

N. B.—Travellers can generally obtain such other circle notes at any large Currency Office.

Notes to be cashed or exchanged at all Government Treasuries.

(9).—Under ordinary circumstances every Treasury Officer in British India cashes or exchanges notes, provided his balance enables him to do so without inconvenience.

Notes of any Circle usable by Travellers.

(10).—Notes of any circle can be tendered to any Department of Government in payment of dues, and Travellers may cash or exchange notes of any circle at any Treasury in British India and pay notes of any circle to the railways as passenger and baggage fares.

Notes a legal tender only within their respective Circles of issue.

(11).—Though Government have, for the convenience of the public, taken measures to cash notes out of the circle in which the notes have been issued, and to receive them in payment of Government revenue and demands, notes are only a legal tender within the limits of the circle of issue.

Every note is a legal tender in its own circle; that is to say, whenever a note forms the integral sum or a portion of any payment whatever, either to Government, to companies or to individuals, it is a legal tender.

Payer may pay in Coin or Notes at his option and payee cannot claim Batta.

(12).—The payer can pay in silver coin or notes, at his option, because either is a legal tender, and the payee is bound by law to accept the tender, and he cannot claim any batta, discount, or any deduction whatever, by reason of payment being made in notes, notwithstanding a specific agreement may have been made that the payment should be in silver coin.

For example—

1.—For a claim of Rs. 50—

One Note of	Rs. 50	} are legal tenders.
One of	...	Rs. 20	...	
Three of 10—	...	" 30	...	
Five of 10—	...	"	50	
Two of 20—	...	" 40	...	
One of	" 10	...	50

2.—For a debt of Rs. 45—

One Note —	Rs. 20	} are legal tenders.
Two of 10—	" 20	
Coin	" 5	

45

3,—B hires a carriage from a D&K Company, C, from Ferozepore to Lahore; the bill is presented for Rs. 75. B can legally tender two or more notes of the total value of Rs. 70 of the Lahore Circle, and Rs. 5 in coin. Calcutta, Allahabad, or other circle notes would not be a legal tender at Ferozepore, which place is situated in the Lahore Currency Circle.

C demands a discount of 2 per cent. on the Lahore notes, B need not pay it; but if

B had paid notes of other circles, C may demand any batta or discount he may choose.

A Note more in value than a Debt is not a legal tender.

(13).—A note is not a legal tender when tendered in payment of a debt less than the value of the note. When such a transaction occurs, it is at the option of the payee to receive a note in excess of the sum due to him and give change, because it is incumbent on the debtor to pay the exact amount of his debt. In such case, therefore, the law does not prohibit

the payee from demanding whatever charge he chooses to make as batta or discount for accommodating the payer.

For example—

A note of Rs. 50 is not a legal tender for a debt of Rs. 45.

Contracts specifying payment in Coin or Notes illegal.

(14).—Any contract for any specific payment in silver or notes is illegal even in payment for any purchase or for any services rendered or agreed upon to be rendered. For example—F contracts with G for work or value delivered Rs. 1,000 in amount to be paid in silver, or if in notes at 2 per cent. discount, *viz.*, Rs. 1,020.

This is illegal; F can pay in notes if he likes, and then only Rs. 1,000.

Losses of Notes registered in Currency Offices.

(15).—When any holder of a note loses that note, if he will inform the Currency Office whence the note was issued of his loss, the note will be entered in a list denominated the "List of Lost Notes." He should also report the loss to the other Currency Circles, as notes are frequently paid in other circles.

Loser and Police informed if lost Notes are presented for payment.

(16).—If at any time the note entered as lost is presented at any Currency Office, and the presenter appears a *bond fide* holder, the note is paid, being payable to "the bearer on demand." Information is then given to the Police; information is also given to the person who lost the note.

The Currency Department having put the loser of the note in communication with the last holder and the Police, places him in the position to recover his lost property, and does nothing more. The Department is not bound to pay the value of a lost note to the loser.

Currency Offices cannot legally refuse payment of a Note to the presenter.

(17).—The Currency Offices cannot legally refuse to pay a note, even if stolen, but when the presenter of it is manifestly in dishonest possession of the note, he is pointed out to the Police before payment is made.

Single Postage to be paid on all Bearing letters.

(18).—All letters addressed to private individuals regarding lost notes are sent under the superscription "service bearing," and the payment for such letter is the same as for pre-paid letters.

Lost Notes seldom presented by the thief.

(19).—Stolen or lost notes are seldom presented by the thief, but generally after having passed through several hands are presented by a Bank or some *bond fide* holder.

Notes received in good faith are good possession.

(20).—Any person who receives a note in *bond fide* transactions and in good faith, not knowing it to have been stolen, is the legal possessor, notwithstanding that note may have been previously stolen.

Number of a Note.

(21).—It is optional to keep the number of the notes received or paid. No number of a note is complete without its series or date; thus No. A 87 56017 for Rs. 100 is complete; No. 56017, dated 8th April 1867, is complete; No. 56017 only is incomplete.

New thefts discovered.

(22).—The number of notes traced out of those notified as lost is quite insignificant. The public are therefore warned that practically the precautions taken with regard to a lost note do not lead to detection of thefts, and the only plan is for the public to take care of their notes as they would of coin.

Losses through Post.

(23).—More than 50 per cent. of the notes lost are lost in transit through the post, and to prevent this the public have only to attend to the instructions and advice given by the the Postal authorities.

Cost for recovery of value of lost Half-Note.

(24).—The cost of recovering the value of a half-note from the Currency Department is about 4 annas for postage, and the value of a law stamp for such Bond of Indemnity as the Head Commissioner or Commissioner may require. Under ordinary circumstances the Bond of Indemnity required is for an amount equal to double the value of the note.

The stamps required for Bonds of Indemnity are regulated by Schedule I of Act XVIII of 1869, as given below, viz :—

When the amount secured

exceeds	and does not exceed	Stamps.
Rs.	Rs.	Rs. A.
0	25	0 2
25	50	0 4
50	100	0 8
100	1,000	0 8 for each 100 or part thereof.
1,000	10,000	2 8 " 500
10,000	30,000	50 0 for the first 10,000, and Rs. 2 annas 8 for each 1,000, or part thereof in excess of 10,000.
30,000	100 0 for the first 30,000, and Rs. 12 annas 8 for each 10,000, or part thereof in excess of 30,000.

Registration of Currency Notes sent by Post.

(25).—The Currency Office declines to correspond on the subject of lost notes unless the rules of the Post Office as to registration have been complied with*.

ISSUE OF DUPLICATE OF LOST GOVERNMENT PROMISSORY NOTE.

Resolution No. 2784 dated 4th September 1873.

RESOLUTION OF THE GOVERNMENT OF INDIA :—The Governor General in Council observes that, at present, when the loss of a Government Promissory Note is reported, it is stopped in the loan and interest books of the Public Debt Office, and the applicant for a duplicate note is required to advertise the loss in three successive issues of *Gazette of India*, as well as in the *Government Gazette* of the Province where he resides.

Should the note have been encased for payment of interest at any other Treasury than Calcutta, the loser is required to give the necessary information to the Treasury concerned, and two years after the date of the last advertisement of loss he has to apply to the Public Debt Office for a duplicate note.

Should the note alleged to be lost not be forthcoming, and the title of the claimant be fully proved, the Solicitor to Government is then instructed to prepare, in communication with the Standing Council, a bond of indemnity for execution by the owner and two sureties, the latter to be approved by the Solicitor to Government.

In case there is any doubt as to the title of the claimant, the case is submitted for the opinion of the Advocate General.

On receipt of the bond of indemnity duly executed, the Comptroller General gives the necessary orders to the Public Debt Office for the issue of a duplicate note.

His Excellency in Council does not wish to alter this procedure, saving to prescribe that in future, instead of giving final orders for the issue of a duplicate note, the Comptroller General shall submit each case, with his opinion, for the orders of the Government of India.

As a general rule, duplicate notes will not be issued until ten years after the last correct advertisement of loss, but, meanwhile, interest will be paid on the lost notes after the lapse of two years under a bond of indemnity.

* If a cover posted at any Indian Post Office and addressed to any place in India, contains coin or a currency note, or any portion thereof, or manifestly contains postage or other stamps or labels or a cheque, hundi, bank note, bank post bill, bill of exchange or the like, the registration thereof is compulsory, and if any such cover be found unregistered at any stage of its passage through the post, it is registered and a double registration fee charged on delivery in addition to any other postage which may be due. Nothing in this rule necessitates the registration of a cover containing postage or other stamps or labels, a cheque, hundi, bank note and the like, unless the contents thereof are either superscribed upon the cover or are known or manifest to the officers of the Post Office Department, owing to the transparency, insecurity or insufficiency of the cover or to any other cause. Attention is drawn to the following order of the Government (published in the *Gazette of India* of the 27th March 1869), viz :—"In ordinary cases of lost notes, the Currency Department registers notes reported to have been lost, and communicates by letter with the losers. In cases where the holders of notes knowingly disregard the Notification of Government, making it compulsory to register letters containing currency notes, payment for half notes lost under such circumstances should only be made as the law would oblige, viz., at the counter of the Currency Office under the usual bond, and the Currency Office should refuse to correspond regarding notes so lost, or to remit the amount as is done in ordinary cases."—See (*Postal Guide, Registration Rule 8.*)

THE GOVERNMENT BULLOCK TRAIN.

Government Bullock Train—its object and management.

(1).—The Government Bullock Train is an agency for the booking and conveyance of passengers and packages. The agency is under the management of the Post Office Department, and the Agency Offices are under the charge of the Post Masters or Deputy Post Masters of the places named.

Packages may be sent paid or unpaid.

(2).—Packages can be forwarded either paid or unpaid between any of the Agency Offices.

Classification of packages for Railway transit from Calcutta.

(3).—The Bullock Train Office at Calcutta has been authorized to classify packages the contents of which are declared in the transmitting note, the classification being regulated by that in force on the East Indian Railway. The charges made for Railway transit vary with the class of goods, and can be ascertained on application at the Calcutta Post Office.

Sender may book by rail for onward transit by Bullock Train.

(4).—Packages may be booked unpaid at any Railway Station on the East Indian or Punjab or Great Indian Peninsular Railways for *Purtabaghurh and Sothanpore (THROUGH ALLAHABAD FORT)*; for *Konouj, Goorhahaigunge, Futtelghurh, Hameerpore, Banda, Jaloun, (Oriz), Jhansie, Lullitpore, Nawgong, Nagode, Roy Barreilly, Bareilly, Budaon, and Shajehanpore (THROUGH CANNUPUR)*; for *Dholepore, Gwalior, Moorar, Bhurtpore, Muttra, Jeypore, Ajmere, Nusseerabad, Secpree, Gooah, Beorah, Puchore, Shujapore, Dewas, and Indore (THROUGH AGRA)*; for *Nymee Tal, Almorah and Raneekhet (THROUGH MORADABAD)*; for *Rohtuck, Bhevanee, Hansee, Hissar, Sirsa, Kurnaul, and Rewaree (THROUGH DELHI)*; for *Sirdhana, Hawer, Bijmwar and Shanlee (THROUGH MEERUT CITY)*, for *Futtehpore, Roorkee, Deyra, Rajpore, Landour, Hurdwar, and Sirsawah (THROUGH SAHARUNPORE)*; for *Kalka, Kussowlie, Dughai, Subathoo, Simla, Roopur, and Nahun (THROUGH UMBALLA CANTONMENT)*; for *Ferozepore (THROUGH LODIANA)*; for *Hoshearpore, Dhurmsalla, Kangra, Palunpore, Byjnauth, Mundee, Kuloo, and Kupoorthalla; THROUGH JULLUNDUR CANTONMENT*; for *Buttala, Goordaspore, Puthankote, Noorpoor, Buklo, Dalhousie, Chumba, Madhopore, and Deenunggur (THROUGH UMRITSUR)*; for *Bhawulpore, Musafferygurh, Dera Guzee Khan, Dera Ismail Khan, and all stations in Bhawalpore States (THROUGH MOOLTAN)*; for *Shahpore, Shahdera, Moreedkee, Kamoke, Goojrauwalla, Gukkur, Wazeerabad, Sealkote, Jumboo, in Cashmere, Kuthala, Goojrat, Kharian, Nowringabad, Jhelum, Pind Dadun Khan, Bhera, Rawulpindie, Murree, Abbottabad, Hazara, Khyragully, Cashmere, Sydembowlie, Campbellpore, Attock, Nowshera, Murdan, Peshawar, Shubbudur, and Kohat (THROUGH LAHORE)*.

The places printed in *italics* in the above list are *Out-Stations*, to which packages can be forwarded only under the conditions specified in Rule 26.

The addressee will be charged the hire paid to the Railway, together with a commission of 5 per cent. thereon and the ordinary Bullock Train rates from the stations where the package may be made over to the Bullock train. In calculating the 5 per cent. fractions of an anna are taken as a full anna.

Booking of parcels by Railway for onward transit by Bullock Train.

(5).—Parcels can also be booked under this rule through the Railway at parcel rates as far as the station where they are made over to the Bullock Train, from which point they will be forwarded like other Bullock Train packages.

Packages for Stations on Railway where there is no Bullock Train Office.

(6).—Packages destined for stations on the line of Railway where there are no Government Agencies must be pre-paid up to the limit of conveyance by Bullock Train, whence they will be forwarded by rail "unpaid" to the station of address. For instance, a person at Ferozepore wishing to send a package to Patna (at which there is no Government Agency) must pre-pay the package as far as Loodiana, whence it will be forwarded by rail "unpaid" to Patna, the Railway receipt being also forwarded to the addressee "unpaid" by post. Similarly, a person at (say) Deyra wishing to send a package to Bombay (where there is no Government Agency) must pre-pay the package as far as Saharunpore, whence it will be forwarded by rail "unpaid" to Bombay, the Railway receipt being also forwarded to the addressee unpaid by post.

Passengers by Bullock Train.

(7).—Passengers proceeding by Bullock Train are booked only for road transit, and are charged at the rate payable for three maunds of goods. No charge is made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age are charged half the fare of an adult. Passengers by Bullock Train are allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free; for children from 2 to 12 years of age, paying half rate, the baggage allowance is half, i. e., 10 seers. Dogs or monkeys are charged half the fare of an adult. Birds in cages are charged by measurement (see clause 10, head c), but if loose no charge is made.

Fares and extra baggage of passengers.

(8).—The fares of passengers as well as the charge for extra baggage must be paid in advance. Extra baggage can be sent as goods at the ordinary rates.

Conditions of charge.

(9).—The following conditions are observed in calculating charges, viz.:—

(a).—No package, however small, will be charged at a less rate than one maund, but a despatch consisting of more than one package made by the same party and bearing the same address will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(b).—Fractional parts of a maund will be charged as a maund.

(c).—Light packages may, at the discretion of the Government Agent, be charged by measurement at the rate of 5 cubic feet per maund, and the hire for their carriage must be pre-paid.

(d).—No package will be conveyed between any two stations for less than 4 annas.

(e).—In making the charge on any package sent single or on a consignment of packages, fractional parts of an anna will be reckoned as a full anna.

(f).—Packages which may be re-directed will be charged for the re-direction as if for a fresh despatch.

(g).—Any package not removed by the addressee within 72 hours of the issue to him of the notice of arrival is liable to a godown charge of 1 anna per diem for every 24 hours, or fraction thereof, for which it may remain at the Post Office beyond the above-mentioned period. This clause does not apply to service packages.

Mode of Packing.

(10).—Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings. Unpacked articles, such as bricks, timber, &c., can be booked only under special arrangements.

Mode of writing addresses.

(11).—The address of packages must be in English, and so written or painted as not to be easily rubbed off.

Limits of size of packages on certain lines.

(12).—Packages which have to be conveyed over lines where carts are used instead of wagons must not exceed 5½ feet square by 3½ feet in depth.

Artillery Ambulances, &c.

(13).—Government wheeled vehicles, such as Artillery ambulances, will be charged for road transit as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four-wheeled vehicle as equivalent to 20 maunds. Wheeled vehicles will not be booked over any line involving railway transit.

Charges for Troops.

(14).—The charges for the road transit of troops will be regulated by the number of cart (two-wheeled)* or wagons (four-wheeled) supplied on requisition, the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

way as is convenient, subject only to the condition that the aggregate weight shall not exceed.

30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on hill roads or bridges. Troops can only be forwarded on road lines under departmental management. Troops cannot be forwarded on the hill lines above Kalka.

Government Passengers.

(15).—Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

Troops sent in small numbers as passengers.

(16).—Troops sent singly or in small numbers as passengers on lines under departmental management will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

Certain Government Officers authorized to send packages, &c., without actual payment.

(17).—Government Officers must pay for the use of the Bullock Train in the same way as private parties, but troops, passengers, or goods, forwarded under a requisition signed by an authorized Officer, will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the	{ Commissariat Department. Ordnance Department. Quarter Master General's Department.
Station Staff Officer—where there is no Officer of the Quarter Master General's Department.	
Military Store-keeper	

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.

Military Store-keeper Calcutta.

Clothing Agent Calcutta.

Military Secretary to His Excellency the Viceroy.

Requisitions from such Officers.

(18).—Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops with the station of address.

Such Officers may also receive packages, &c., without actual payment.

(19).—The Officers authorized to send packages without actual payment may also receive packages addressed to them without actual payment, subject to adjustment with the Offices of Account in Calcutta.

Gunpowder, &c.

(20).—Persons booking goods by the Government Bullock Train are warned not to send Gunpowder, Lucifer or Congreve Matches, Naphtha, Mineral Acids, Gun-cotton, or similar articles of an explosive or highly inflammable nature, or any articles likely to cause injury to other packages. Persons tendering such articles for despatch are liable to the penalty prescribed in Section 42 of the Post Office Act of 1866, in addition to any other claim to which their act may give rise. As an exception to the above, Kerosine-oil, Rangoon-oil or Petroleum, duly labelled or marked, and declared as such, when securely packed and weighing more than a maund, will be received. As a further exception, the Department will convey by road (but by road only) consignments of such articles received from Government Officers specially authorized by the rules to make requisitions for the transmission of goods; but in such case the requisition must clearly specify the nature of the contents, and the charge will be at double rates, the minimum chargeable weight being 20 maunds. No such articles, even when sent by authorized Officers, will be booked by the Bullock Train Department for conveyance by Railway.

Monumental Stones for which a special minimum rate is charged by the Railway cannot be booked at a Government Bullock Train Office for Railway transit.

Packages damaged, &c., not to be received.

(21).—No package is to be received for despatch which is in any way damaged or not securely packed, or which shows signs (by leakage or otherwise) of insecure packing, or which is improperly directed: the address must be legible, and must be written or painted so as not to be liable to be rubbed off or obliterated. A direction written on a card is not to be

received. Packages suspected to have been sent in contravention of the preceding rule must not be received.

Unclaimed Packages.

(22).—All packages sent by the Government Bullock Train which are not claimed and taken away either by the parties to whom the same are addressed, or the parties sending the same within three calendar months from the date of the arrival of such packages at their respective destinations, will, after the expiration of that period, be advertised, and after the expiration of three calendar months from the date of advertisement be sold, without further notice, by public sale under the order of the Post Master General or Post Master, and the proceeds arising from such sales will be appropriated by Government without further notice to any party interested, and neither the sender nor the addressee of any package which shall be sold as aforesaid, nor any person or persons on his behalf, shall have any right, title, claim, or demand, whatsoever, either at law or in equity, after the expiration of the period hereinbefore mentioned, to recover from Government either the package or its contents, or the value thereof, or the sum or any part of the sum realized in the sale thereof as aforesaid.

Government not responsible for loss or damage.

(23).—The Government will not be responsible for any loss of, or damage to, packages sent by Bullock Train, whether caused by fire, tempest, the state of the roads, or any negligent, improper, or criminal act on the part of the persons in charge of the train, or otherwise concerned in the conveyance or delivery of the goods: packages booked at a Bullock Train Office will, whenever convenient, be forwarded by Railway at the risk of the sender.

Coin, Bullion, &c.

(24).—In order to protect the Bullock Train despatches from the chance of robbery Officers in charge of Post Offices are prohibited from knowingly receiving coin, bullion, precious stones, or jewellery for transmission by Bullock Train.

Packages addressed to Out-stations.

(25).—Packages addressed to out-stations, *i. e.*, stations off the Bullock Train lines, can only be booked to the nearest Bullock Train Office, and forwarded thence at the risk of the owner by country cart or such other opportunity as may offer. The Bullock Train Agent who engages the country cart, &c., will forward a memorandum of the charges incurred, adding 10 per cent. as commission thereon, which must be paid by the addressee in addition to any other charge which may be due. In calculating the 10 per cent. fractions of an anna will be reckoned as a full anna.

The following Offices are authorized to receive packages for transmission to out-stations, viz. —

RULES FOR PROCEEDING IN THE INSOLVENT COURT.

The Rules and Orders, with the Table of Fees, which have hitherto subsisted in the Court for the Relief of Insolvent Debtors are revoked and annulled, save as to matters already done, and save as to the Rule of Court made to take effect from the 28th day of Dec. 1847 relating to the Accountant General; and, instead of them, the following Rules and Orders, and Tables of Fees are established by the Supreme Court, at Fort William in Bengal.

I. All summonses, precepts, rules, orders and other mandatory process shall run, and be in the name of our Sovereign Lady the Queen, and shall be sealed with the Seal of this Court, and shall have and bear the attestation of the Chief Justice of the Supreme Court

of Judicature, or in the vacancy of the office of the Chief Justice, the Puisne Judge acting as Chief Justice, naming him, and shall be prepared, made out, and signed by the Chief Clerk of the Court; and all petitions, affidavits, and other proceedings shall be filed by the said Chief Clerk of record, and the offices of the said Chief Clerk shall be open daily, between the hours of ten in the forenoon and four in the afternoon.

2. That in every case the Attorney shall personally, and not by his clerk, accept the retainer of a Prisoner, and the Prisoner shall sign the retainer, and at the same time the Attorney shall sign his acceptance thereof; provided that, in case of the illness of such Attorney, or of his absence from Calcutta, such retainer may be received and accepted for him by some other Attorney of the Court, the cause thereof being stated in such acceptance.

3. That the Attorney of every Prisoner, or other person, applying for relief under the Act of Parliament, shall cause his bill to be taxed by the Taxing Officer, and delivered with the allocatur thereon to such Prisoner, or other person applying for relief, one week at least before the hearing of his or her Petition; and the Attorney, in all cases, on taxation of his bill of costs shall produce and leave with the Taxing Officer an Affidavit, proving the payment of all sums of money charged in the same as paid out of pocket, and the truth of each and every other charge for any proceeding, or attendance, or letters charged therein, and that the same were actually necessary to the Prisoner's discharge.

4. That no Attorney shall directly or indirectly employ the Gaoler, or deputy Gaoler, Prisoner, or other person, residing or confined within any of the Gaols, as clerk or agent to solicit retainers, touching the relief or discharge of any Prisoner on pain of being removed from the rolls of the Supreme Court, and no Attorney shall practice as an Attorney whilst he shall himself be a Prisoner for debt or other cause.

5. That, with every Petition, there shall be delivered to the Chief Clerk of the Insolvent Court, to be by him immediately delivered to the Official Assignee, an Estate paper signed by the Petitioner, containing an account of the estate and effects of the Insolvent, in his possession, or under his control capable of being delivered up, or of which immediate possession can be given or taken; and, on receipt of such paper, the Official Assignee shall send a Broker or Appraiser, who shall immediately inventory and appraise such articles, as shall be claimed by or on behalf of the Insolvent as excepted under the Act, and such appraisalment shall be countersigned by, and lodged with, the Official Assignee.

6. That to every Schedule there shall be annexed (and filed therewith) another estate paper, containing an account of all moneys, estate, effects, and Securities which, within 12 Calendar months next preceding the time of his going to Prison, if a Prisoner, or of the presentation of the Petition, if not a Prisoner, shall, have been paid, spent, alienated, or in anywise lent, disposed of, incumbered, or pledged (and to whom respectively) or recovered, by or from the Insolvent, or on his account, and also containing an account of his income or receipts during such twelve months, and whence derived or obtained, which estate paper shall be signed and witnessed in the same manner as the Schedule. That at the time of filing every Schedule, with the annexed estate paper hereinbefore last mentioned, there shall be delivered by the Insolvent to the Official Assignee a Duplicate thereof respectively, signed and attested in the same manner, and by the same persons as the original filed in Court.

7. That any application to the Court for leave to file any Schedule shall be supported by the Affidavit of the Petitioner setting forth the facts, and stating the cause of not having filed such Schedule as required by the Act, or within such time as the Court may have allowed, and also stating what time is required for filing the same, and that the application is not made for delay.

8. That, in case of second or subsequent Insolvencies, where it shall be necessary to mention creditors, debts, and liabilities under a former Insolvency, it shall not be necessary to do so, otherwise than by stating the total amount of debts and liabilities, and total number of creditors under the former Insolvencies, and referring for particulars to the Schedules filed thereunder.

9. And whereas it is desirable to provide assistance for such Insolvents, being Prisoners (and who shall have been and continued imprisoned for six Calendar months) as may be unable themselves to prepare the necessary papers, and who may be unable to procure professional assistance, it is ordered that the Keeper of the Gaol of Calcutta shall be entitled to receive from every such Prisoner in his custody, desirous of seeking the benefit

of the Insolvent Act, the sum of 16 Rupees ; provided he shall furnish to such Prisoner the necessary blank Forms, like those in the Appendix to the Act, and shall assist in properly filling up the same, and shall be present when the Petition, Schedule, and the estate papers of such Prisoner, and when the duplicate original of such Schedule and the estate paper annexed thereto shall be signed, and shall attest the same as a witness, and shall forthwith deliver or transmit, sealed up in a secure manner, to the Office of the Chief Clerk such Petition, Schedule, and estate papers, and to the Official Assignee such duplicate Schedule and annexed estate paper.

10. That, unless the Court shall in any case otherwise order, the notices for hearing the matters of the Petition of the Insolvent shall be served 28 days before the day for Hearing. That all notices to be served by the Messenger shall be served, when the distance does not exceed 5 miles from Government House, Calcutta, by the Messenger of the Court personally, and beyond such distance, by him through the General Post Office, and such Messenger shall be in attendance to prove such services, whenever the Court shall be sitting, and shall produce the duplicate list of notices, that the Chief Clerk may minute, in the margin thereof opposite each name, the services, and file the same. Provided always that, in the case of Military Insolvents whose Regiments shall be stationed more than fifty miles from Calcutta, and who shall appear to be indebted to persons residing at such stations, in sums not exceeding the amount of One Hundred Rupees, respectively, instead of the service of notices in the usual manner, notices to such creditors may be forwarded to the Pay Master, Quarter Master, Adjutant of the Regiment, or Brigade Major or Station Staff, of the division to which the Insolvent may belong, or have belonged, for the purpose of being served upon such creditors, and the service of such notices upon such creditors shall be duly certified to the Chief Clerk, who shall file the certificate.

And it is ordered, that the amount of the dividends, or other sums which shall appear to be due to such creditors, in default of any claim being made for payment thereof, pursuant to the provisions of the statute, may be remitted by the Assignee to such Pay Master, Quarter Master, Adjutant of the Regiment or Brigade Major or Station Staff, of the division to which the Insolvent may belong, or have belonged, for the purpose of being paid to such creditor, respectively, so served as aforesaid.

11. That copies of such notices for the hearing, and of all other notices to be served by the Messenger, duly addressed and numbered according to the name, address, description and number in the Schedule, together with a duplicate list of each such name, address, description and number; and together with the original order to which such notices shall relate shall be delivered to the Messenger five clear days at least (exclusive of Sundays), before the last day for the service thereof. That delivery of notices by the Messenger to the party, or to his Solicitor, partner, Clerk, door-keeper, wife, son or daughter at the usual place of abode or business of such party, or to the Gaoler in whose custody a party shall be, shall be deemed equivalent to personal service.

12. That the publication of notices in the "Gazette" required by the Act, and of the Vesting Order, day for the Hearing, day for hearing any other application in the Insolvency, and of the appointment of creditors' Assignees shall be by the Chief Clerk, who shall cause the same to be inserted in such numbers of the "Gazette," as shall be first and second successively printed next after the Court shall have directed such notices to be given, or next after the making of such Vesting Order, or the appointment of such days for hearing, or of such Assignees. That, in lieu of attaching to the proceedings in each Insolvency a copy of the "Gazette," and other papers if any, in which advertisements shall have been directed, the Chief Clerk shall make and file a memorandum of the appearance of the advertisement therein, and of the date thereof; and it shall not be necessary to file such "Gazettes" or papers.

13. That the Petition and Schedule (with the annexures) of any Insolvent, and the books and papers filed therewith shall be produced by the proper Officer for inspection and examination during Office hours, upon payment of the ordinary and established fees for search, and notice to produce such books and papers, or any specified one or more thereof at the hearing of any Petition, or application, must be given to the Officer having the custody thereof, on or before the day preceding the day for hearing.

14. That, unless the Court shall otherwise specially order, every sum of money directed to be paid into the Insolvent Court shall be paid into the Bank of Bengal in the name of the Official Assignee in the matter and to the credit of the particular Estate, in which the same shall be paid in.

15. That, unless the Court shall otherwise specially order, the assets of Insolvent Estates shall be paid into the Bank of Bengal in the name of the Official Assignee, and, when practicable, to the credit of the particular Estate to which they belong; and that sums set apart on account of dividends shall be distinguished by the heading "Dividends Account," and that no investment, other than in Government Paper, shall be made of any assets, without the sanction of the Court.

16. That the Assignee or Assignees of every Insolvent Estate shall publish Quarterly in the "Calcutta Gazette," viz. in the "Gazette" first published after the 31st day of January, the 30th day of April, 31st day of July, and the 31st day of October in every year, a statement of each Estate not then wound up, and fully distributed, that is to say, of the whole receipts, of the whole disbursements (distinguishing dividends from other payments), of the balance remaining, of the mode in and securities on which such balance is actually invested, and of the probable out-turn of dependencies; and at the foot thereof shall specify the amount of the remuneration received by him or them during the quarter.

17. That whenever any person shall claim to be a creditor for an amount larger than that admitted by the Schedule; or whenever any difference shall arise between the Assignee or any one creditor, and another as to the correctness of the amount of any debt admitted by the Schedule; or whenever any person who is omitted from the list of creditors in the Schedule, or whose debt shall be entered as disputed in the Schedule shall prefer any claim to rank as a creditor, the Official Assignee, having ascertained upon what day the Court will sit for the purpose, shall (by advertisement) give one week's notice at the least, of the day so appointed, and on such day the persons aforesaid, and any other person may bring forward their proofs in support of any claim, and the Court shall deal with the same in manner directed by the 41st Section of the Act as to claims.

18. That no dividend shall be reserved for any disputed claim or debt that shall not have been substantiated before or at the date of such sitting at which the dividend shall be declared, or which the Court shall not specially direct to be reserved.

19. That every such claimant shall at such sitting of the Court as aforesaid, upon oath declare, whether he has or has not any security for his claim or alleged debt; and, if any, shall produce the same to be marked.

20. That the Official Assignee shall require the production of every security held by each creditor, when such creditor or his duly authorised Agent shall apply for receipt of his Dividend.

21. That the Assignee or Assignees of each Insolvent Estate shall, on the expiration of 6 Calendar months from the declaration of a dividend, file in Court an account upon oath of every dividend then in his or their hands unclaimed, specifying the name of each creditor to whom each such unclaimed dividend is due, as well as the amount of the debt due to each such creditor, and shall publish the same in such numbers of the "Gazette" as shall be first and second successively printed next after such 6 months, and if any such dividend shall have remained unclaimed for the space of 12 Calendar months next following such declaration, every such unclaimed dividend shall be paid into the hands of the Government Agent of the East India Company to the credit of the matter of the Insolvent Estate in which it shall have been declared, accompanied with a memorandum or account specifying each creditor's name, to whom each such unclaimed dividend belongs; provided always that, out of the amount of such unclaimed dividends accounts so filed and published as aforesaid, the Assignee or Assignees shall deduct the cost and charges of preparing and advertising such account; and that out of the amount so to be paid in and credited, he or they shall further deduct the cost and charges of preparing such memorandum or subsequent account.

22. That the Official Assignee shall give security to the extent of Co.'s Rs. 100,000, and shall, together with such sureties as the Chief Justice shall approve, execute a Bond to the Chief Clerk for the time being in the penal sum of Co.'s Rs. 1,00,000; the Official Assignee to be made liable to the whole amount; and the sureties to be liable, if only two, each severally to the amount and proportion of Co.'s Rs. 25,000, and, if four, then each two jointly and severally for Co.'s Rs. 25,000; that the Official Assignee shall on pain of his dismissal, give immediate notice in writing to the Chief Clerk for the time being, of the death or insolvency of any one of his sureties, and shall, if required, cause a new Bond to be executed to the like amount by another surety, to be approved of as above.

23. That all Officers of the Court shall follow the instructions of the Court according to the exigencies of each particular case, subject to such directions as shall from time to time be prescribed by the Court; that when on the death, removal, sickness, or unavoid-

able absence of the Official Assignee, any other shall be appointed to act in his stead, the Official Assignee so appointed shall leave at the Bank of Bengal and at the Treasury, a certificate of his appointment under the Seal of the Court, and shall at the same time sign his name in the proper Books of the Bank of Bengal and the Treasury, and thereupon all drafts drawn and signed by such Official Assignee shall be payable and paid, as if they had been signed by the Official Assignee in whose stead he shall have been appointed.

24. That in all suits in equity, wherein an Assignee or Assignees of an Insolvent Estate is or shall be defendant the suggestion mentioned in the 20th Section of the Act shall not be entered but upon motion, after two clear days' notice to the continuing Assignee, if any, and to the person whose name is to be entered by such suggestion, and such person shall have five weeks' time from such entry to answer the Bill, if the same shall not be answered by the Assignee, in whose stead he shall have been appointed.

25. That the Official Assignee shall be at liberty to apply to the Supreme Court, or to the Insolvent Court to permit him to proceed in equity, or at law, or in the Ecclesiastical, or Admiralty Jurisdiction, or to defend any suit or action, or take or defend any proceedings, without the payment of any fees of Office to the Officers of the Supreme Court or Insolvent Court, in respect of any demand, claim, or right against, or belonging to any Insolvent Estate wherein no assets have been received, and wherein there are no assets expected or recoverable, except such as shall be the subject of such suit or action. Provided always that such fees shall be a primary charge on, and payable out of the assets recovered therein.

26. That no officer of the Insolvent Court, nor any Attorney practising therein, shall, upon any pretence or for any reason whatsoever, demand or receive any other fee than that established by the subsisting Table of Fees or allowed by special order, and whenever any thing shall be required to be done by any Officer or Attorney for which no fee shall have been before provided or established, such Officer or Attorney shall bring the same to the notice of the Supreme Court by Petition, in such manner that a written rule, or order, may be made respecting the same.

27. That all the Officers of the Insolvent Court, and all Attornies practising therein, shall deliver their Bills for taxation to the taxing officer of the Supreme Court, in the manner and form, and at the time specified in the Rules for the taxing Officer of the Supreme Court, passed and established by the said Court on the 15th day of June, 1837, save and except as otherwise provided for by the rule No. 3. hereinbefore contained.

28. That the charges to be made by the Attornies in their bills of costs shall be according to the table of charges annexed to these Rules; and every Attorney shall be responsible to the Officers of the Court for the relief of Insolvent Debtors, and to the Sheriff for the fees established by these rules, in the same manner as they are responsible to the officers of the Supreme Court under the Rules for the taxing office of that Court; and the like proceedings shall be had to enforce payment thereof, and, until such payment shall be made, the Attorney shall, in each case, incur the same liabilities and disabilities in the Supreme Court as he would, if the fees had become due to any Officer thereof.

29. It is ordered, that any Attorney practising in the Insolvent Court, and who, under the rules of the taxing office of the Supreme Court, shall have fallen under a disability to practise in that Court, until he shall have paid his fees, shall in every such case be prohibited from practising in the Insolvent Court, in like manner as if the fees had become due to an officer thereof.

30. That the Court in its discretion, and if it think fit to award any costs, may do so against, or to any Assignee, any Insolvent finally discharged, any Petitioner for revocation of adjudication, any creditor, or any person interested in an Insolvent Estate, applying, opposing, or appearing on any application, and either out of the Estate, or out of the private moneys of any such person or party; and may direct to what amount, how, in what manner and time, and by whom the same shall be paid, recovered, or retained.

31. That every petition for a protection order shall be left with the Chief Clerk of the Insolvent Court at his office, who, upon receiving the same, shall immediately make a minute of the receipt thereof, and shall certify to the Insolvent the day on which the said Petition will be heard by the Acting Judge of the Insolvent Court according to the provisions of this order, and the said Chief Clerk shall cause an advertisement to be inserted in the "Government Gazette" that shall be published next after receipt of such Petition, and in such advertisement shall note that application for an *ad interim* protection order has been made by the Insolvent, and that such application will be heard and disposed of on a day to be named in such advertisement, being the fourth day after the date thereof,

and that any creditor desirous of opposing such application must appear before the Acting Judge of the Insolvent Court at the time to be mentioned in such advertisement, and in every case in which the Insolvent shall be in custody, or shall have reason to believe that process against his person has been issued at the suit of any creditor or creditors, notice of the time fixed for the hearing thereof shall also be served at least two clear days before such time upon the said creditors or creditor, or upon their or his Attorney on record. And it is ordered that no *ad interim* protection order shall henceforth be granted except upon the certificate of the said Chief Clerk of the republication of such advertisement as is herein directed to be published.

(The two following rules are made to take effect from 1st January 1852.)

32. Any creditor desirous of opposing the discharge of an Insolvent at the hearing shall give notice of his intention to the Chief Clerk three clear days before the day of hearing, and the Chief Clerk shall make an entry of notice in a book to be kept by him for that purpose. In the event of such notice not being given, and any creditor shall appear to oppose at the hearing, the case shall be postponed to some future day, unless such postponement shall appear to the Court inexpedient.

33. That when any Insolvent shall obtain an order or leave to amend his Schedule or estate paper, such amendment shall be made at least eight clear days before the hearing, and that the Chief Clerk shall give notice of such amendment in the "Gazette" if the Judge of the Court shall so direct.

(The following rules are made to take effect from 1st December 1864.)

34. The Schedule of an Insolvent trader who has carried on business in co-partnership, shall consist of two parts: one part shall contain a full and true description as to all matters and things required to be set forth in the Schedule relative to the joint creditors, debtors, and property; the other part shall contain a full and true description as to all matters and things required to be set forth in the Schedule relative to the separate creditors, debtors, and property.

35. The estate paper of an Insolvent trader who shall have carried on business in co-partnership, shall also consist of two parts: one part shall relate exclusively to the joint property; the other part shall relate exclusively to the separate property.

36. Every schedule shall specify the day of the month and year when such of the debts due either by or to the Insolvent was contracted. In every case the English date shall be given.

37. The costs of an unsuccessful application for an *interim* order for the protection of an Insolvent from arrest shall not be allowed out of the estate of the Insolvent, unless the Court shall otherwise order.

38. It is ordered that rule 10 of the rules of the Insolvent Court, so far as it requires the Messenger to produce in Court duplicate lists of the notices for the hearing, and rule 11 of the said rules so far as it requires such notices to be delivered to the Messenger four clear days before the last day for the service thereof, he and the same are hereby repealed. And it is ordered that, unless the Court shall in any case otherwise order, the notices for the hearing shall be delivered to the Messenger on the same day that the Schedule is filed. And it is further ordered that the Messenger shall keep a book in which he shall note when the notices for the hearing in such case were delivered to him, and when and how they are served; and he shall be in attendance with his book to prove such service whenever the Court shall be sitting.

(The following rules to take effect from the month of June 1869.)

39. The Chief Justice shall, from time to time, appoint an auditor or auditors to examine half yearly, that is to say, up to 31st day of January and 31st day of July in every year, the statement which the Official Assignee is required, by rule 15 of the rules of the Insolvent Court, to publish in the "Calcutta Gazette" and the accounts of the Official Assignee.

40. The auditor or auditors so appointed shall examine the said statement and the accounts of the Official Assignee, and shall report thereon to the Chief Justice.

41. Such fee, not exceeding Rupees 1,000 for each audit, as the Chief Justice shall consider reasonable, shall be paid to the auditor or auditors, and charged rateably to the several estates in proportion to the dividends paid out of such estates respectively during the half year for which the accounts are audited.

(The following rules to take effect from 18th July 1872.)

42. In proceedings before the Insolvent Court when a final order is made, the Chief Clerk shall (except as hereinafter provided) keep the documents used in evidence until the expiration of one Calendar month from the date of such final order; and if there be no appeal to the High Court within the period aforesaid, then the Chief Clerk may, and shall, on application made to him, unless the Court or a Judge shall otherwise order, return the documents to the party or parties who produced the same; provided always that, whenever all the parties to the proceedings shall signify to the Chief Clerk, in writing that they do not intend to appeal, and are willing that the documents should be returned to the party or parties who produced the same, the Chief Clerk may, and shall, on application made to him, return such documents without waiting until the expiration of the period aforesaid.

43. In cases in which an appeal shall be entered no document shall, pending such appeal, be delivered at, unless by the order of the Court or a Judge, and unless the true and exact copy, signed by and with the name of the Chief Clerk or other proper officer, shall be taken of the same, which copy shall be paid for by the party applying for the document.

44. On any appeal being withdrawn or determined, the Chief Clerk may, and shall, on application made to him, unless the Court or a Judge shall otherwise order, return the documents to the party or parties who produced the same.

WASTE LAND RULES.

(Calcutta Gazette, February 4.)

Revenue Department, 2nd February.—The Lieutenant-Governor is pleased to direct that the following rules for the sale of waste lands, which have been prepared in communication with the Government of India, shall be published for the guidance of the Government officers concerned, and for the information of the public. The rules will take effect at once.

By order, &c., H. L. DAMPIER, Secy. to the Govt. of Bengal.

RULES FOR THE SALE OF WASTE LANDS.

I.—LANDS AVAILABLE FOR SALE UNDER THESE RULES.

1. By "Waste Land" is meant land covered with jungle, or uncultivated, and of such character, or in such a position, that it is not likely to be taken up for the cultivation of the ordinary native staples of the country within a reasonable time.
Definition of waste land.
2. All sales shall be subject to the general conditions of sale appended hereto as Annexure A.
Conditions.
3. Waste land the property of Government, which does not fall within any of the exceptions specified below may be sold by the District Officer as hereinafter provided.
Waste land available for sale.
4. The exceptions are the following:—Land bearing valuable timber, land which is especially valuable for grazing, for the supply of fuel or for any other reason, and land known or supposed to contain valuable minerals, will be reserved from sale. The Collector will be careful not to sell, without special report and orders, any land which may be claimed by wild tribes on the borders of the district, or over which either the inhabitants of neighbouring villages, or such wild tribes, may claim any privilege, and it shall be within his discretion to reserve any land which in his opinion, for any other special reason, should not be sold, and to reject any application for such land, provided that such reserve of refusal shall be reported for the orders of the Commissioner of the Division.
General reservations.
5. A strip of land, sixty feet wide, is to be reserved on each side of every considerable public road. [See instructions annexed to the second clause of the notice of sale. Annexure B]
Land to be reserved on side of roads.
6. When the Government shall, on political or other grounds except any district or part of a district from the operation of these rules, or of any part thereof, the waste land of such excepted tract shall not be sold under these rules, or shall be sold subject to such special reservations as may be laid down.
Exception of special tracts.
7. In any district to which the Bengal Eastern Frontier Regulation (approved by the Governor General in Council in 1873, under Act XXXIII, Vic., cap. 3) shall be extended, no application for the sale of land lying beyond the boundary line defined under Section 2 of the said Regulation, shall be entertained without the special sanction of Government; and any proceedings taken without such sanction in respect of lands so situate will be null and void, and may be immediately, and at any time, set aside by the Commissioner, with or without appeal.
Lands beyond inner frontier line not saleable.

II.—APPLICATION AND PROCEDURE BEFORE ADVERTISEMENT.

8. The Collector shall require intending purchasers to submit to him an application containing the following particulars:—
Application for land—its contents.
1st. The estimated area in acres of the land applied for with its character and description; and 2nd. The situation of the land and its boundaries accurately ascertained, and described as fully as possible.

- Register of applications. 9. All applications will be entered at once in a register, of which the form will be prescribed by the Board of Revenue.
10. Every lot applied for must be compact, including no more than one tract of land such as might be enclosed in a ring fence. If the land touches a public road or a navigable river, the length of the road, or river frontage must not exceed one-half the depth of the lot; but if, for any special reasons, the Board of Revenue see fit to relax this restriction, it may do so.
- Lots to be compact.
11. No greater area of land than fifteen hundred acres will be sold in one lot, without the express sanction of the Government. If in particular localities a lower maximum area than fifteen hundred acres should be determined upon, further instructions will be issued hereafter. There is no prohibitions against the same person applying for two or more lots of land, provided that each application comprises no more than the prescribed maximum. But the Collector may refuse to comply with an application made by the same parties for a second lot, unless it is satisfactorily shown that the applicants really have immediately available the means of cultivating the lots applied for, and that they intend to cultivate both the lots applied for.
- Limitation of area of each lot.
12. On receipt of an application, the Collector shall take measures to satisfy himself by local inquiry that it complies with all requirements of these rules, and that the land is such as can properly be sold. Should he find any person settled on the land, or otherwise using it with any semblance of right, he will refuse to sell, and will report the matter for the orders of the Commissioner. In no case shall any cultivated or inhabited land be sold as waste, nor shall any land which may appear to have been cultivated within twenty years be so sold without special report to the Commissioner. In all doubtful cases the Commissioner will report for the orders of the Board of Revenue.
- Inquiry into rights and claims on the land.
13. If the land has not been previously surveyed and demarcated, the foregoing inquiry may be made either before, or simultaneously with, the survey required by the next rule. If, on completion of the survey, it appears that the land applied for exceeds the maximum area prescribed for the district the inquiries of the Collector show that the lot as applied for does not fulfil the requirements of these rules, the Collector may call for an amended application; and in the event of a revised application not being given in within fifteen days, the application may be cancelled, and the deposit returned to the applicant less the amount of expense actually incurred for survey, demarcation, and advertisement; provided that in any such case it shall be in the discretion of the Collector to extend the period within which a revised application will be received.
- Exclusion of recently cultivated land from sale.
- Call for amended application.
14. No lot will be sold until it has been surveyed and demarcated. When the application is for land which has been already surveyed, the applicant will be required to deposit the estimated cost of survey.
- Survey before sale indispensable.
15. The cost of survey payable by the applicant will be at the rate of eight annas for each acre, unless for special reasons a higher rate is required. The sum to be deposited before survey will be calculated at the required rate on the area which the lot is estimated to contain, the payment being subsequently adjusted by a refund or a further payment, according to the area which is actually ascertained by survey.
- Deposit of fees by applicant.
- For survey.
16. When a survey is required, it shall be made by such agency as the Government may from time to time direct, and shall, before it is finally accepted, be tested on the spot by an officer appointed for such purpose.
- Agency for survey.
17. Where the lot has not already been demarcated, the applicant may be allowed to demarcate its boundaries himself in the manner required by the Collector, or the Collector may undertake to demarcate it for him. In the latter case the applicant shall deposit the cost of clearing and demarcating the boundaries as estimated by the Collector. This deposit
- For demarcation.

will be in addition to the amount deposited as cost of survey, where a survey is necessary and will also be subject to adjustment, when the actual cost of the clearance and demarcation shall have been ascertained.

18. When the land has not been previously defined by permanent marks, the demarcation to be required under Rule 17 need only be of such a

Preliminary demarcation. description as clearly to identify the boundaries of the land on the spot, and such as will suffice as a sure guide for the erection after the sale of the permanent marks required by Clause 17 of the General Conditions of Sale.

19. If the area of the lot applied for exceeds one hundred acres, the applicant shall further be required to deposit Rs. 16 for expenses of the advertisement, prescribed in Rule 23 below.

20. In the event of the land being put up to sale, and being purchased by any person other than the applicant, the amount paid by the applicant for survey, demarcation, and advertisement, when recovered from the purchaser under Clause 9 of the General Conditions, will be repaid to the applicant.

21. In the event of the land for any reason not being sold, the applicant will have no right to a refund; but it may, as a matter of consideration, be allowed him by the Commissioner in special cases, and in any case the Collector may refund any money not expended.

III.—ISSUE OF NOTICE OF SALE.

22. When the land has been surveyed and demarcated, and the Collector is satisfied, from the inquiry made in the manner above prescribed, that it may properly be sold, he shall issue a notice of sale in the form given in Annexure B.

23. The notice of sale will be published at the Collector's Office, at the Court of the principal Judicial Officer of the District, at the Sub-Divisional Office, at the Munsif's Court (if there be one), and at the Police Station within the limits of which the lands are situate. A copy will be sent to the Commissioner. Where the area of the lot to be sold exceeds one hundred acres, an advertisement of the proposed sale (in the form set forth in Annexure C) will also be published in the *Calcutta Gazette*.

24. In framing the Notice the Collector must be careful to state as precisely as possible all rights which will be received, such as the roads and water-ways, which will be held available for the use of Government and the public use (*vide* Clause 2 of the General Conditions), the strips of land on each side of public roads required by Rule 5, Section 1, above, and all other particulars which are peculiar to the lot in question, and are not covered by the "General Conditions of Sale." The character of the permanent boundary marks which the purchaser will be required to erect should also be specified either by referring to Clause 16 of the Conditions of Sale, or by special description if necessary.

25. The upset price to be entered in Clause 3 of the Notice should be calculated on the whole area of the lot without any deduction whatsoever. Ordinarily, it will be calculated at the rate laid down for each district in the Schedule appended to this Rule; but if any portion, not exceeding two-thirds of a lot, be unculturable, the upset price of such portion shall be fixed at one-half the rate contained in the Schedule. In special cases the Collector may, with the sanction of the Commissioner, put a higher upset price on a lot. In considering the upset price to be fixed, Collectors will not overlook the value of the trees on the land applied for. When any portion of the land is described as unculturable, the Collector must satisfy himself as well as he can by due inquiry that it really is unfit for cultivation. (See on this point Clause 16 of the General Conditions of Sale.)

26. Under Section 1, Act XXIII of 1863 the day fixed for the sale must be not less than three months after the publication of the notice, and it is desirable that three clear months shall intervene between the publication of the advertisement in the *Gazette* (when such an advertisement is required) and the day of sale. Subject to these conditions, the day should be fixed as early as is practicable. When there are several applications for waste land, sale days should be fixed at intervals of not more than two months.

Date for sale.

27. When for any reason a sale is deferred from the date originally fixed in the advertisements and notices, intimation of the date to which it is deferred must be given by a public notice affixed at the Collector's Office.

Notice of postponed sale.

28. If the day to which the sale is postponed be more than fifteen days after the date originally fixed, the date to which it is deferred must be published for the space of one month at least in the manner prescribed by Rule 23 for the original notification of the day of sale. In this case the expenses of the publication of the advertisement (if any) will be borne by the Government.

Postponement of sale.

29. If after the issue of the notice, and before the day of sale, any claim be preferred or objection taken, the Collector must proceed as directed in Act XXIII of 1873.

Disposal of claims to the land.

30. If the Collector shall consider that any claim or objection is established, he will stop the sale as directed by Section 4, Act XXIV of 1863, and will make a special report to the Commissioner; if the objection be such as can properly be got over by an arrangement, without proceeding to formal trial under Section 6 of the Act, the Commissioner may, with the approval of the Board, order the arrangement to be made and the sale to be held.

31. Should the sale have been stopped or postponed in consequence of any claim or objection having been made, and should such claim or objection be eventually disposed of, and it be determined to proceed with the sale, the Collector must issue a second notification of sale. This notification is to be issued, in the manner prescribed for the first notice by Rule 23, at least one month before the day fixed for the sale. The cost of advertisement will be borne by the Government.

Second notification of sale.

IV.—SALE.

32. If no claim to proprietary or other right in the land be preferred or discovered before the day of sale, and if the sale be not stayed for any other reason, the lot will be sold in accordance with, and subject to, the conditions of sale of waste lands set forth in Annexure A, and in the Notice of Sale, of which the form is given in Annexure B.

Auction-sale.

33. On being put in possession of a lot which has not been previously defined by permanent marks, the purchaser will be bound, under Clause 4 of the Notice of Sale, to demarcate such lot by such durable marks to the satisfaction of the Collector as may be specified in that clause; but the Collector need not require stone marks or mounds to be erected between platforms when the boundary runs along a river, well-defined nullah, or made road; and it will be within the discretion of the Collector to dispense with stone boundary marks, and to cause demarcation to be made in such other manner as he may see fit.

Permanent demarcation of land.

34. When a lot is re-sold on default of the first purchaser, the notice of such re-sale shall be published locally, and, if the District Officer considers it necessary, an advertisement shall be inserted in the *Calcutta Gazette*, sufficient notice being given to ensure publicity.

Advertisement of re-sale.

35. Lands bought in by Government at re-sales, if they still are entirely waste, may be considered available for re-sale under these rules. If any portion has been cleared, the case is to be submitted for the orders of Government through the Commissioner and the Board, with a recommendation as to how the land should be disposed of.

Lands bought in by Government available for re-sale.

VI.—MISCELLANEOUS.

36. All sales of waste lands, and all payments and other processes until the full amount of purchase money is paid up, shall be recorded in registers to be kept in such forms as the Board of Revenue may prescribe with the approval of Government.
- Registers.
37. The Board of Revenue will issue any subsidiary instructions and forms which may be required to give effect to these rules.
- Board to issue rules.
38. Forms of the deeds of conveyance and of hypothecation, as required by Clause 11 of the General Conditions of Sale, will be supplied to officers who are authorized to sell.
- Form of deeds.

ANNEXURE A.

GENERAL CONDITIONS UNDER WHICH WASTE LAND WILL BE SOLD.

1. Waste land will be sold subject to all existing rights-of-way and water and other easements, and to any exceptions and reservations which may be particularised in the Notice of Sale.
Reservations may be made.
 2. The right of using all streams and channels in any way navigable will be reserved to the public, as also the use of a tow-path, twenty feet in width, on each side of every such stream and channel.
Use of streams and tow-paths to be reserved.
 3. All land will be sold subject to the right of the Government to levy such royalty as it may think proper on the product of any mines or quarries which may be discovered and worked within such land.
Royalty on produce of mines and quarries.
 4. Other particulars as to reservations are stated as correctly as possible in the Notices of Sale, and if any error, mis-statement, or omission is discovered in them, or in any other particulars in the notices, the same shall not annul the sale; nor, except as hereinafter provided, shall any compensation be allowed either to the vendor or to the purchaser in respect thereof.
No compensation for mistakes.
 5. Land will also be sold subject to any further written conditions and reservations which the officer holding the sale may notify at the time of sale, either under Section 2, Act XXIII of 1863, or otherwise.
Special conditions.
 6. At any time before a lot has been actually sold under these conditions the Government may withdraw such lot from sale.
Government may stop a sale.
 7. The land described in the Notice will be put up in one lot. The bidding will begin from the upset price stated in the Notice or which may be fixed by the Collector. No person shall advance less than Rs. 50 at each bid if the upset price or amount already bid amounts to Rs. 500, or less than Rs. 5, if under that amount. No bid shall be retracted. The highest bidder above the upset or fixed price shall be the purchaser; and if any dispute arises between two or more bidders, the land may be put up again for sale at any preceding bid.
Sale.
 8. Immediately on the lot being knocked down, the purchaser shall pay to the Collector, in part of the purchase-money, a deposit equal to one rupee for each acre of the land, and at the same time sign a completed agreement in the form annexed to these conditions.
Immediate deposit.
- In default of immediate payment of such deposit, or in the event of refusal to sign the agreement, the Collector may at once, or at any other time, put the lot up again and re-sell it, and the person making such default or refusing to sign shall bear and pay any deficiency in price resulting from, and expenses incurred by, such re-sale.

9. The purchaser shall, within three months from the date of the sale, pay a sum which, together with the deposit paid at the time of sale, shall amount to not less than one-half of the entire purchase-money. And he shall, if he be other than the original applicant for sale, pay to the Collector within the same period the amount of money paid by the applicant for survey, demarcation, and advertisement of the lot.

Full payment within five years.

10. The balance of the purchase-money (if any) shall, be paid within five years from the date of sale.

11. On payment of not less than one-half the purchase-money and of the further amount required by Clause 9 within three months from the date of sale, the purchaser will be entitled to have executed to him a proper conveyance of the purchased property free for ever from all demand on account of land revenue, but subject to all general taxes and local rates then or thereafter imposed by law, and subject also to those conditions of sale and to the additional conditions contained in the Notice of Sale so far as they are then applicable.

Conveyance and Deed of Mortgage.

In the event of any balance of purchase-money or interest thereon being owing at the time such conveyance is executed, there shall be endorsed thereon, and executed by the purchaser previous to the delivery of the conveyance, a proper mortgage of the property as security for such balance and interest empowering Government through the Collector, in the event of default being made in payment of the purchase-money or interest thereon, to realise the said balance and interest by sale of the property without previous application to any Court. Such mortgage shall be duly registered at the expenses of the purchaser. When the conveyance has been executed, and the mortgage, if any, registered, the Collector will at once put the purchaser into possession of the purchased property.

12. After the expiration of one month from the date of sale, simple interest at the rate of 10 per cent per annum shall be payable by the purchaser on whatever portion of the purchase-money remains unpaid. The interest payable up to the 31st of December of each year shall be paid before the 15th of March next following.

Interest.

13. All moneys payable by the purchaser, except the deposit required by Clause 8, shall be payable at the Government treasury of the district. Payment may, however, be made at any other Government treasury, or at the Bank of Bengal, or any of its branches, a transfer receipt being obtained and delivered to the officer in charge of the Government treasury of the district on or before the due date. Such transfer receipts will be procurable on the terms for the time being in force with regard to similar transfer receipts for land revenue.

Money where payable.

14. If the purchaser failed to pay, within three months from the date of sale, an amount which, together with his deposit, shall be equal to at least one-half of the purchase-money, his deposit shall be absolutely forfeited to Government, and it shall be in the option of the Collector either simply to cancel the sale and declare the deposit forfeited, or to cancel the sale and re-sell the land either by public auction or private contract, at such time and place, and subject to such conditions and in such manner as he shall think fit, and any deficiency in price at such re-sale as well as all expenses attending such re-sale shall, immediately after the same be made good and paid to the Collector by the defaulter; and in case of his failure to pay, the whole or such part of the deficiency and expenses as are not paid, shall be recovered by the Collector as and for liquidated damages. Any surplus arising by such re-sale shall belong wholly to Government.

15. Any balance of the purchase-money or interest remaining unpaid at the expiration of the fifth year from the day of sale, may be realized by sale of the lot.

Eventual sale if whole price be not paid in five years.

The proceeds of such sale shall be applied in the first instance to the discharge of expenses attending the same, and then towards satisfaction of the claims of Government against the defaulting purchaser, to whom any surplus remaining will be refunded. Should the amount owing to Government not be fully satisfied out of the net proceeds of the sale, the Collector shall realise the balance as and for liquidated damages.

Disposal of sale proceeds.

16. If within five years from the date of sale any part of the area sold as unculturable be ascertained by the Collector after due inquiry to have been culturable at the time of such sale, the purchaser, his heirs, executors, administrators, or assigns, shall pay for every extra acre so ascertained to have been culturable the difference between the actual price paid (to be calculated at the average rate per acre at which the whole lot was sold) and the upset price prescribed for waste lands in the district. Such extra purchase-money shall be a charge upon the property, and be payable in two equal instalments,—one within six months, and the other within one year from the date on which the Collector may give notice of the demand. Any amount not so paid shall be recoverable in the same way as arrears of the original purchase-money.

17. The purchaser shall, within three months from the date on which he is put in possession, erect such permanent marks on the boundary of the land as may be required by the notice of sale.

Boundary marks.

18. The boundary marks required shall be such as a masonry platform at each point where more than two lots or patches of waste or other properties meet, and large stones or mounds at every angle and at every 100 yards of the boundary line between such platforms or other marks.

Their character.

19. If the purchaser neglects so to demarcate the land within the time stipulated, the Collector may re-enter upon the land, cause it to be demarcated, and boundary marks to be erected, and recover the cost thereof from the purchaser.

Collector may demarcate.

20. The purchaser shall not, until the entire purchase-money and interest has been paid, alienate any portion of the land. He may, however, transfer it as a whole, but subject to all claims and liabilities existing under these conditions.

Prohibition of alienation.

21. In the event of any dispute arising between the purchaser of any lot sold under these conditions and the owner of any adjoining lot already sold, or which may hereafter be sold by the Government, regarding the common boundary of the same, the purchaser shall be bound to submit such disputes to the decision of the Collector, and the Collector's decision shall be final and conclusive.

Boundary disputes.

22. If it should at any time be found that land has been included in more than one lot, it will be held to belong to the lot first sold, and all subsequent sales as regards such lands will be null and void. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him, with simple interest at 5 per cent. The sum to be refunded is to be calculated on the average price paid per acre, excluding the cost of survey, demarcation, and advertisement.

Refund of excess payment.

23. The law and the Board's rules in regard to the registry of transfers of proprietary rights in other estates, revenue-paying and revenue-free, will be held applicable to the registry of transfers of land sold under these conditions.

Registry of transfers.

Dr. D. JAYNE'S FAMILY MEDICINES,

With Directions for their use, may be obtained from Messrs. Sykes and Co., of 1, Old Court House Lane, Calcutta.

THESE MEDICINES are compounded with great care, expressly for Family use, and are so admirably calculated to preserve health and remove disease, that no family should ever be without them.

They are prepared in accordance with my original prescriptions, used during a long practice, without the most distant idea of extending them beyond those limits; but in consequence of the astonishing success attending their use in removing the diseases for which I recommended them, they became very popular, and were called for again and again, so that I found it necessary to prepare them in much larger quantities, in order to meet the constant demand. This demand has been continually increasing, until there is now scarcely a town or hamlet on this Continent in which they are not used to a greater or less extent.

I would here remark, that I was a student in one of the best medical institutions in the United States (the University of Pennsylvania), and have now had over thirty-seven years' experience in an extensive and diversified practice, by which ample opportunities were afforded me of acquiring a knowledge of diseases, and the remedies best calculated to remove them.

The public have therefore a guarantee that these medicines are prepared upon strictly scientific principles, by one thoroughly acquainted with the medical qualities and effects of each ingredient separately, and of their combined influence when chemically united—by one also who has a perfect knowledge of the structure of the human system, and of the functions of each organ, both in its healthy and diseased condition.

I can therefore recommend these preparations with the greatest confidence, being fully persuaded from past experience that they will give very GENERAL, if not UNIVERSAL SATISFACTION; *but, at the same time, I do not pretend to assert, that they are "CURE ALLS," nor that they are in all cases, and under all circumstances, absolutely infallible.* Yet I can truly say, I am unacquainted with any combination of medicines which have been so uniformly successful as these in removing the various diseases for which I have recommended them.

The popularity of these "Family Medicines" is not confined to the illiterate and credulous, for innumerable persons of intelligence and character, occupying the most prominent stations in society, too honest to impose upon others, and too sagacious to be imposed upon themselves, not only use, but recommend them in the highest terms of praise, for the uniformity of their success in subduing diseases.

The frequent impositions upon the community by the miserable, and too often poisonous, preparations of ignorant and unprincipled pretenders, admonish me not to expect that confidence will be placed in my assertions by those who are unacquainted with me. I therefore most earnestly desire and recommend all to carefully read, examine, and determine for themselves the truth or falsity of my assertions, and also to obtain and peruse JAYNE'S MEDICAL ALMANAC AND GUIDE TO HEALTH, from which every necessary information may be obtained. This Almanac is published ANNUALLY for GRATUITOUS DISTRIBUTION and for utility, is unsurpassed by any similar publication. It contains a vast amount of valuable information suited to the wants of all, among which will be found a Catalogue of Diseases, with suitable directions and prescriptions for their cure, together with full and explicit directions for the use of my various preparations, Certificates of Cures, Remarks on Diet, &c., &c. With these valuable Almanacs, my Agents throughout the world are supplied from year to year, as soon after they are published as possible, and are required to distribute them GRATUITOUSLY to all who may desire to have them.

A FAMILY MEDICINE.

We call the special attention of our readers to the Directions for the use of that favorite home remedy, PAIN-KILLER.

It has been before the public over THIRTY YEARS, and probably has a wider and better reputation than any other proprietary medicine of the present day. At this period, there are but few unacquainted with the merits of the PAIN-KILLER; but, while some extol it as a liniment, they know but little of its power in easing pain when taken internally; while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all, that it is equally successful, whether used internally or externally; and it stands to-day unrivalled by all the great catalogue of Family Medicines. It is sufficient evidence of its virtues as a standard medicine, to know that it is now used in all parts of the world, and that its sale is constantly increasing. No curative agent has had such wide-spread sale, or given such universal satisfaction.

DAVIS' PAIN-KILLER is a purely vegetable compound, prepared from the best and purest materials, and with a care that insures the most perfect uniformity in the medicine; and, while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in the most unskilful hands, and has been tested in every variety of climate, and by almost every nation known to Americans.

It is eminently a FAMILY MEDICINE; and, by being kept ready for immediate resort, will save many an hour of suffering, and many a dollar in time and doctors' bills.

After thirty years' trial, it is still receiving the most unqualified testimonials to its virtues from persons of the highest character and responsibility. Physicians of the first respectability recommend it as a most effectual preparation for the extinction of pain. It is not only the best remedy ever known for Bruises, Cuts, Burns, &c., but for Dysentery, or Cholera, or any sort of bowel complaint, it is a remedy unsurpassed for efficiency, and rapidity of action. In the great cities of India, and other hot climates, it has become the standard medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony to be an invaluable medicine.

We would caution the public against all imitations of our preparation, either in name, or style of putting up.

CHLORODYNE

**Ague,
Coup de Soleil,
Colds, &c.**

IS THE ORIGINAL AND ONLY GENUINE.

Vice-Chancellor Sir W. P. Wood stated that Dr. Collis Browne was undoubtedly the inventor of Chlorodyne: that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July 12, 1864.

The Public, therefore, are cautioned against using any other than

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while Medical men extol its virtue most extensively, using it in great quantities in the following diseases:—
CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Group, Ague.

CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon'ble Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See *Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—“Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after 18 months' severe suffering, and when other remedies had failed.”

Dr. Lowe, Medical Missionary in India, reports (Dec. 1865) that in nearly every case of Cholera in which Dr. J. Collis Browne's Chlorodyne was administered, the patient recovered.

Mrs Forbes, wife of the Chaplain at Paris.—“I cannot speak too highly of Dr. J. Collis Browne's Chlorodyne; I have not in any single instance been disappointed with the result, even in aggravated cases of Indian Cholera.”

Extract from *Medical Times*, Jan. 1866.—“Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.”

Extract from the General Board of Health, London, as to efficiency in Cholera.—“So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.”

Beware of spurious and dangerous compounds sold as Chlorodyne, from which frequent fatal results have followed.

None genuine without the words “Dr. J. Collis Browne,” on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J. T. Davenport, 33 Great Russell Street, Bloomsbury, London. Sold in Bottles at 1s. 1½d., 2s. 9d., and 11s.

TESTIMONIALS.

CERTIFIED that FREDERICK DANIEL was an assistant in Hospital of the Ballygunge Remount Depot for a period of nearly ten months, during which time he conducted himself to my satisfaction.

He left in consequence of severe illness brought on by this work in giving balls to Horses all the day in the sun, and getting up during the nights frequently to attend to the sick Horses in Hospital.

He compounds medicine very well.

MY DEAR MR. DANIEL,—I am exceedingly happy to see my Mare again in my stable quite hale and hearty to give me any amount of work, although I gave up all hopes about her and she was lying on the ground almost dead. I am quite surprised at your wonderful cure when all hopes of recovery were gone, and shall lose no opportunity to recommend any friend of mine that may require veterinary assistance. I am

now putting her in the gharry every day, and she is quite forward to give me more work than I actually require.

Believe me, yours faithfully,
NOBINCHAND BURAL,

Calcutta, 1st May 1867.

MY DEAR MR. DANIEL,—The wonderful manner in which you cured my Burmah Pony attacked with farcy and glander affords me excessive satisfaction in tendering you my best thanks and recommending you to any who needs your assistance in similar circumstances. I bought the Pony sick from the auction, and lost all hopes of its recovery, but it was an excellent idea which brought me to place my animal under your treatment, and I have been benefitted by it by more than all that I hoped to reap from the greatest firms. My Pony now works daily eight hours.

Yours obediently,
SREENATH DOSS,
1st Inspector, General, P. O.

Calcutta, 8th August 1868.

MR. F. DANIEL. DEAR SIR,—It affords me pleasure in certifying to the praiseworthy and satisfactory manner in which you have cured my Arab Horse of the glanders and farcy when others of your line of profession considered his recovery very dubious. I shall now be happy to recommend you with confidence to any of my friends who may need your services.

Yours faithfully,
W. SMYTH.

Calcutta, 1st November, 1869.

I do hereby certify that MR. FREDERICK DANIEL had my contract for a period of eighteen months, as a Veterinary Surgeon and shoeing of my stud of Horses, from 40 to 45 in number, during which time he gave me entire satisfaction; and I can with confidence recommend him to any one requiring his services for the above line of business, as MR. DANIEL has cured some of my Horses when all hopes of recovery were lost. He is perfectly sober and steady.

He left my service owing to his having abolished his establishment.

Military Secretary.

ALLAHABAD, 19th April 1871.

I KNEW MR. DANIEL when he was employed by Messrs. Hunter & Co., to break in a Horse for me, and received so good a character of him that I recommended him for a place in the Railway, which he had to relinquish from indifferent health.

I know of no appointment now for which to recommend him, but he thinks he could find some employment under the local authorities at Calcutta. I have no hesitation in expressing my belief that MR. DANIEL is an honest deserving person of considerable skill in dealing with and treating Horses.

NAPIER OF MAGDALA.

THOMAS SMITH & CO., DISTRICT TOLLAR,
and January 1873.

THIS is to certify that MR. FREDERICK DANIEL has acted as my assistant upwards of three months. I have found him in every way capable of managing a forge and taking charge of sick Horses.

G. F. LAMB, M. R. C. V. S.

GOVERNMENT HOUSE, RANGOON, the 14th May 1873.

MR. F. DANIEL has attended to my Horses and contracted for Shoeing and treating them for the last two years. I have had every reason to be satisfied with him.

A. EDEN.

GOVERNMENT HOUSE, RANGOON, the 21st May 1873.

THIS is to certify that MR. FREDERICK DANIEL has attended the Horses of Mr. Eden, Chief Commissioner of British Birmah, for the last two years, and during the time that he has been under my observation he has been attentive to his duties, and the Horses have been kept in health and good condition.

C. H. E. ADAMSON, *Lieut.,
Personal Asst. to Chief Commissioner.*

RANGOON, 20th May, 1873.

WE hereby certify that MR. FREDERICK DANIEL, Veterinary Surgeon of this place, had charge of our Ponies during the last two years, during which time we never made any complaints about his treatment of the same.

KRUGER & CO.

RANGOON, 21st May 1873.

MR. F. DANIEL has treated my Ponies for the period of about two years, and I hereby certify that he has given me every satisfaction.

C. GRIESE.

MR. F. DANIEL has shod and medically treated my two Ponies, when the latter has been required, for about two years, I have been well satisfied and very little medical treatment has been required. I think his charges seem fair.

W. J. BURDETT.

Rangoon 21st May 1873.

THIS is to certify that MR. F. DANIEL has treated my Ponies for above eighteen months, and I have great reason to be satisfied with the manner in which he discharged his duties.

—FINLAY.

Rangoon, 21st May 1873.

THIS is to certify that MR. F. DANIEL has looked after our Ponies for above eighteen months, and has given general satisfaction in the discharge of his duties.

GALBRAITH DALZIEL & CO.,

Rangoon, 21st May, 1873.

MR. F. DANIEL has been in charge of my Ponies these last two years, and I can fully say that I have been satisfied with him.

C. DEETJEN.

Rangoon, 22nd May 1873.

THIS is to certify that MR. F. DANIEL has attended to my Horses for a year past, and given me every satisfaction in his treatment of them.

"THE NEW JARDINIÈRE FOUNTAIN."

We have constructed a new Jardinière Fountain, combining utility with elegance, and forming a beautiful and striking ornament for a Drawing-room, or Summer House.

The Fountain plays with one, two, or five jets, and when once filled with water, will work for two hours. It has a large tulipshaped tray for holding flowers, like a Jardinière, and the column supporting the tray may be entwined with wreaths of flowers according to taste.

This Fountain will be found useful in a Lecture Room for illustrating the elastic properties of Air.

CHAMBERLAIN'S

FEBRIFUGOUS PYRETIC SALINE.

Important to all, more especially those who have charge of others, to Travellers, English Ministers, British Consuls, and Europeans seeking to reside in safety in Tropical and Foreign Climates.

Her Majesty's Representative, the Governor of Sierra Leone, in a Letter of Request for an additional supply of the Pyretic Saline, states: "It is of GREAT VALUE, and I shall rejoice to hear it is in the hands of all Europeans visiting the Tropics."

The Public, and Invalids especially, are informed that the late distinguished and learned Dr. Prout characterised his discovery as unfolding terms of immense benefit to mankind. Thirty years' experience confirms his opinion. Numbers who have previously suffered from climates unsuited to the constitution, or the injurious use of mercury, inducing disease in its Protent form who had visited our native Bethesdaian waters and pools in vain, have, by the daily taking the PYRETIC SALINE, recovered their wonted health and vigour.

Half-a-teaspoonful, taken in a tumbler of water, contributes more to the refreshment of the body than any known beverage. Invigorating and vitalising the blood, it alleviates thirst in a most agreeable manner, and furnishes the system with those saline principles that are essential to health.

SICKNESS, HEADACHE, and NAUSEA are in most cases immediately relieved by taking a teaspoonful in a tumbler of cold water. This can be repeated once or twice in two hours, if needful.

SEA VOYAGES.—It is a very valuable accompaniment, and should on no account be omitted. It instantly allays the sickness.

For **BILIOUS CONSTITUTIONS**, giving rise to vitiated Secretions, Indigestion, and Eruptions on the Skin, a teaspoonful should be taken daily with the dinner in a tumbler of water, and the same quantity on going to bed.

In cases of **DIARRHŒA**, put as much Magnesia as will lie on a shilling into half a tumbler of water: let this fall to the bottom of the glass, and then stir in half a teaspoonful of the Saline, and drink during effervescence.

"**RAWUL PINDEE, PUNJAB, INDIA, 28th MARCH 1871.**

"On the recommendation of several officers, who had some of your Saline in the West Indies, all of whom speak in the highest terms of it, we were induced to try it for the first time in this Province solely from the ascertained merits of your preparation after use in the fever-stricken districts by which we are surrounded, and we firmly believe that the use of your Pyretic Saline will do more to prevent fever than all the Quinine ever imported can cure. We write thus strongly, because both from personal experience and observation, we believe we have at length found a remedy against the ever-present fevers of these parts, which costs the British nation hundreds of valuable lives in Peshawur alone.

"We are now willing to enter into special terms for large and continued supplies, &c."

A BEAUTIFUL HEAD OF HAIR

CAN ONLY BE OBTAINED BY THE USE OF

ROWLAND'S MACASSAR OIL.

It prevents hair from falling off or turning grey, strengthens weak hair, cleanses it from scurf and dandruff, and makes it beautifully soft, pliable and glossy. For children it is especially recommended, as forming the basis of a Beautiful Head of Hair, while its introduction into the Nursery of Royalty is a sufficient proof of its merits. Price 3s. 6d., 7s., 10s. 6d. (equal to four small,) and 21s. per bottle, each bottle has a glass stopper instead of a cork.

A BEAUTIFUL COMPLEXION

is obtained by the use of ROWLANDS' KALYDOR, which allays irritation and tenderness of the skin, removes cutaneous disfigurements, freckles and tan, and imparts a healthy and blooming appearance to the complexion and skin. During the heat and dust of summer especially, and in cases of sunburn and STINGS of INSECTS it is of the utmost use. Price 4s. 6d. and 8s. 6d. per bottle.

WHITE AND SOUND TEETH

are indispensable to personal attraction, and to health and longevity by the proper mastication of food. ROWLAND'S ODONTO, or Pearl Dentifrice preserves and imparts a pearl-like whiteness to the teeth, eradicates tartar and spots of incipient decay, strengthens the gums, and gives a pleasing fragrance to the breath. Price 2s. 9d. per box.

ROWLAND'S ESSENCE OF TYRE

never fails to produce immediately a perfect change in Red or Grey Hair, Whiskers, Eyebrows, &c., to a beautiful glossy and permanent Brown or Black, which colour remains so durable that neither washing or perspiration can remove it. Price 4s., 7s., 6d., and 10s. 6d. per bottle.

IMPORTANT CAUTION.

The high and universal reputation of these articles induces some Shopkeepers to give the same names to cheap preparations of their own. It is highly necessary on purchasing to see that the word "ROWLAND'S" is on the Wrapper of each, and their signature in RED INK, "A. ROWLAND & SONS," as all others are spurious imitations.

Sold by all Chemists, Perfumers, and at all bazars all over India.
